FAC-SIMILE GOLD MEDAL AWARDED OUR NEW ROSE MRS. W. E. LENON AT PORTLAND INTERNATIONAL ROSE SHOW

1925
OUR NEW ROSE
Mrs. Warren E. Lenon

PRICE 1 YEAR - 0.50
PRICE 2 YEAR - 2.50

JOS. W. VESTAL & SON
BOX 856 - LITTLE ROCK, ARK.
Josephine Vestal

A Garden Rose of great merit, ideal growth, thornless and attractive coloring.

1 Yr. - 0.30
2 Yr. - 1.00
Where and whenever Roses are spoken of the name of Vestal is also mentioned. For over half a century the two have been so closely associated that they are synonymous. There are few of you that cannot recall your grandparents speaking of VESTAL ROSES and what great satisfaction and pleasure they had with them. Many of these same Roses are still growing and blooming today in the gardens of their descendants, which strongly attests to the sterling quality of the plants. Quick and efficient service has had a large share in bringing customers back year after year.

WHAT VESTAL SERVICE MEANS

You buy more than plants when you join the circle of our customers. First and foremost, we are and have been for over fifty-six years, Rose growers, producing our own stock and always the very best.

VESTAL & SONS’ Plant Business was founded in 1868. It's knowledge of the plant business and equipment for conducting it are the product of nearly sixty years' experience. Each year of the fifty-six has contributed something toward the complete service which its customers receive today, and the year now beginning finds this organization studying, testing, seeking and we believe learning more than in any year past.

With the most modern and largest equipment for supplying high grade stock, we bring to you our fifty-six years of accumulated skill and experience, our life work among the Roses.

OUR GUARANTEE

All goods are guaranteed to reach you in good condition; mistakes, if made, will be promptly rectified. Accept shipment, examine and count on receipt and notify us at once should there be any errors, and the carrier as well, if any damaged stock. This guarantee not good unless above requirements are complied with. WE DO NOT GUARANTEE GROWTH. The ultimate end of all living things is death. Remember a tree, shrub or plant is a living organism, as much as a cow, horse, or man. It breathes, drinks and feeds and is liable to attacks of disease and insects. At prices we sell, it is impossible for us to guarantee growth or to be responsible for stock after delivery to our customers in good condition.

(Signed) JOS. W. VESTAL & SON.

NON-WARRANTY

While we hold ourselves in readiness, on proper proof, to replace free of charge all trees, etc., that may prove untrue to label, or refund the amount paid, we give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any nursery stock, seeds, bulbs or plants we sell.
Information for Purchasers

When you order, please use the printed envelope and order sheet enclosed. Others will be sent you upon request. Always write your name the same, adding the postoffice, county and state on each and every communication you send us. If you have occasion to write us, please use a separate sheet.

Lost or unsigned orders. Letters are often sent us unsigned and letters are sometimes lost in the mails. If you do not hear from us within a reasonable time, please send us a duplicate of your order, stating when and what form payment was sent and sign the name and address the same as in the first order, so that it may have immediate attention.

How to send money. Our terms are cash. To avoid delay please send money with order. Money may be sent at our risk if forwarded by P. O. Money order, express money order, bank draft or in registered letter, and cost of same may be deducted from amount forwarded; but we cannot be responsible for any order or money that fails to reach us when not sent as above directed. Cash should be sent by registered letter, but coins should be carefully wrapped and care taken to seal the letter securely. New postage stamps accepted for small amounts.

Orders will not be sent C. O. D. unless one-third is sent with order as an evidence of good faith.

Agents. We employ no agents and are only responsible for orders sent direct to us.

Errors. As an evidence of our human failings we sometimes make mistakes. Careful as we are to protect ourselves and our patrons, preach as much as we will to our employees, yet they occur; when they do, notify us at once; we will correct them promptly.

Should you receive two or more catalogues alike, which sometimes occurs, have the kindness to present such as you do not need to others who will likely want plants. By doing so confer a double favor. We will also feel thankful for your recommendations of our establishment to your friends wanting plants. A copy of our catalogue will be furnished to friends requiring plants on receipt of their address.

When sending club orders please give full name and address of each member of the club, so that we may enter their names on our books and forward them our catalogues as issued.

Better than we promise. We always do better than we promise in the way of extra plants, so when the order will at all afford it we add to it some plant or plants gratis, often choice new kinds; several of the roses now so eagerly sought after were first introduced to our customers in this way—presented with their order.

Orders by express. Two-year-old roses, large size shubbery, fruit trees, etc., are too large to mail and must be sent by express. We recommend that customers instruct us to ship smaller size plants also by express, when in our judgment it is best to do so. We can send larger plants this way and can leave most of the earth on the roots, which is, of course, much better for our customers. Express charges must be paid by the purchaser, unless otherwise agreed. But we are careful to pack as light as safety to the plants will permit and add as many extras as we can afford to help cover charges.

We give close personal attention to every part of our business and are always glad to assist our customers in every way we can.

Planting time—March, April and May are Ideal Months for Rose Planting

This book will reach you about the opening of the planting season. More roses are lost by planting too early than all other causes combined. Plant roses at "corn-planting time," when the ground is in proper condition, and our big, lusty, vigorous plants will take hold in their new surroundings and thrive in a way marvelous to behold. Remember, our rose bushes are all on their own roots, and all growing in pots, and when transplanted in your garden they keep right on growing without being checked. Within a very short time you can have roses in your yard or garden in glorious abundance. But make out your order at once—time is slipping by—and receive for your money the best, most vigorous, the handsomest Rose bush ever grown. Orders booked ahead for delivery when wanted. Order early. The demand will be great and we will fill orders in strict rotation. Order now, without delay.
**NOW FOR GREATER ROSE GARDENS**

Roses receive more and require less advertising than any other class of flowers. There are reasons for this a-plenty. Poets throughout the ages have composed songs in praise of the Rose, writers have written about it, and mankind at large has just loved the Rose in the various degrees in which mankind is capable of cultivating affection for a flower. And those of us who know and have viewed the beauty of a Rose garden or arbor or pergola covered with climbers, appreciate why the Rose is the best beloved of all flowers.

**VESTAL ROSES AND HOW TO GROW THEM SUCCESSFULLY**

"He who would have beautiful Roses in his garden, must have beautiful Roses in his heart. He must love them well and always. He must have not only the glowing admiration, the enthusiasm and the passion, but the tenderness, the thoughtfulness, the reverence, the watchfulness of love." So wrote Dean Hole, the rosarian of beloved memory.

**WHO SHOULD PLANT ROSES?**

Everyone should plant Roses. There is no home without a rose bush or two in garden. If a renter, plant Roses; you will get returns in beautiful flowers in three months. If a dweller, and you have three or more windows, you can plant ten or more Rose bushes in window boxes. The result will be a delight, and you can move the window boxes with other personal belongings, when moving day comes around.

If a home owner, it matters not how pretentious or humble, nothing can make it more home-like, more attractive and inviting, than a well-selected Rose planting. If a landlord, there is no improvement that can be made at so small an expenditure that will so quickly enhance the rental value and desirability of property, insuring permanent tenants, as a good Rose planting.

**WHY NOT HAVE MORE ROSES?**

We all love the Rose, although some of us may have made another flower our special hobby. Many amateurs specialize in Dahlias to the exclusion of almost all other flowers and others devoting their borders to hardy Perennial plants—but no matter what other flowers we may have a preference for, the Rose, Queen of flowers, is usually represented in some form or another in the great majority of gardens.

It is in my mind to propose the planting of more roses and of more kinds of Roses about roseless homes, or about those having but few. It is not now my thought to here present a treatise on rose growing in general but rather to induce a beginning with the easy growers. Rose growing is so fascinating that it will attract and hold the home, improving man or woman who once makes a fair beginning. For the joy of Roses all summer, there ought to be a beginning with the free growing and equally free blooming varieties.

Even a half dozen will be worth while, for if kept growing and in health, there will be no need not only in May, but on the new growth all summer, every new shoot will produce a flower, while the cool nights of early autumn will stimulate a second spring glory in lovely buds and blooms.

Dependable sorts for the start are, Radiance, a dainty pink, Lady Ursla, of lighter hue, Rhea Reid for bold and brilliant blooms of scarlet crimson, Gruss an Teplitz for scarlet flowers all the time, Kaiserin Augusta Victoria, white and shaded cream, Columenia for size and fragrance, a beautiful shade of pink, Alexander Hill Gray for yellow.

March 7, 1923.

**JOS. W. VESTAL & SON.**

Little Rock, Arkansas.

Dear Sirs: My recent order from you was like "A dream come true." Ordering on the 15th of February, I was surprised and happy beyond words to receive the plants one week later, the morning of the 23rd, all perfectly fresh, moist and in excellent condition. Put them outdoors in the ground at once during a spell of ideal planting weather and the sunshine and showers have been such they have never stopped growing. Just after a couple of months, I can give as good an account of them. And next year, they ought to be WONDERFUL. I hand you herewith another small order with the hope that it may be filled as successfully, continuing the good results.

Yours enthusiastically for Finer Flowers, I am,

MRS. L. A.
Crowley, La.
Among the many decorative uses to which Roses may be put in the garden, their culture on poles, or pillars, as also on trellis, covering pergolas and outsheds. Then there is a host of varieties suitable for the lawn and border; their habit of growth and flower form, in various kinds, are as suitable for foundering planting around the house, or in masses on the lawn or borders as are the shrubs and flowering subjects so generally used for these places. By selecting suitable sorts, Roses are most effective in groups or mixed plantings, but for this purpose they must be hardy and of moderately free growth, having foliage which is disease resistant, for in these positions the foliage is as desirable as flowers. Flowers cover a short season only, while the foliage must be a feature of the group the entire season.

Climbing Roses, when well grown, add greatly to the beauty of the garden, by the use we are enabled to cover unsightly fences, add to the charm of rustic summer houses or clothe otherwise bare terraces. Some species are particularly rampant in growth, while others do not grow over 7 or 8 feet in height, these latter being usually referred to as pillar roses. Some have single flowers while others are double flowered. Of the large flowering varieties the following are good: Silver Moon, white; American Beauty, red; Pillar, single crimson flowers shaded to a white eye; Climbing Columbia, a glowing pink; Pillar, red; Climbing Sunburst, for yellow, and for the reddest red in any rose we have Paul Scarlet Climber.

There is great joy in store for those that grow Roses successfully. Our lifelong experience leads us to the conclusion that it is not so much the soil and climate that wins success in Rose growing as the care and skill of the cultivator that wins success. Most essential of all is when, where and how to apply this care and skill.

As, mentally, you walk through this garden to get points for your own (no matter how large or small), note how the sunshine has full sway, how the trees in the rear keep off the sweeping winds, and the Roses border the path to the "Rose-entwined, canopied pergola." that way. Any soil you get must come from the surface; that is, the first six inches of a good field or garden. It is not well to use cheap dirt, wood's earth or rotted leaves with Rose soil; such manure is good for many plants, but not for Roses. If the manure used when Roses are planted will become exhausted and must be replaced by a top dressing of manure, or fine ground bone may be applied at hot and three times a year. If your soil is too light or has been filled in with brickbats or refuse, as many city lots are, it would be best to dig it entirely; the depth of eighteen inches and fill with good soil that is fine and mellow and properly mixed with manure.

**WATERING**

Mother Nature is supposed to attend to the watering as she usually does, but apparently is not doing it as she used to. Sometimes, and it is well to have a water supply and hose handy in case of failure. It is well also to notice how nature grows about the job when she does it, usually with a thunder shower. Of course, the thunder is not strictly necessary, but you will see that she uses plenty of water and your rose bed is soaked. When real dry weather comes and you have to resort to artificial watering, go about it in the same way as you water on them until they cry enough.

Lest you be mistaken, dig down and see how far water has soaked; perhaps you will be surprised to find that it is only an inch or two, which is all. As soon as the beds dry out after rain, or being watered, so the soil is in a mellow condition, and will crumb in the hand, use the hoe vigorously and frequently. "By the way, no grass should grow near to two feet on any Rose bush. Do not use water again until the soil begins to look quite dry and you are sure that the plants are in need of water, then soak them as before; if you have not a good supply of water, extra cultivation and hoeing will make watering less necessary.

When ready to plant it is best that the soil be in a moist condition, just moist enough to crumble when pressed in the hands. If your plant has been shipped or the soil around the roots, take the wrapping off, but do not disturb the soil; if it should be very dry or the plants wilted, it will be best to place the roots in water for several minutes. You can readily judge about how deep the plant was put, and it should be planted in the same depth or a little deeper.

If the soil is properly prepared and mellow, it is not necessary to dig the hole much larger than the ball of earth about the roots. When roots show they have been doubled up in packing, they should be straightened out; otherwise it is not necessary. Fill in the soil a little at a time, and see that it is pressed firmly about the roots, but do not pour any water in the hole. Leave that until you get through, then water thoroughly.

**SOIL**

Amateurs sometimes think that planting Roses is a serious job and one to be approached with fear and trembling as to probable results. Nothing could be further from the truth, as it is a job which does not need an expert, and may be done quickly.

While Roses may be grown in any good soil, they flourish better in a rather clay loam than they do in light or sandy soil. To those not acquainted with soils, it will be well to explain that almost any soil that is not sandy or gravel may be classed, in a general way, as clay, and if it is good enough to grow good farm crops or garden vegetables, it is good enough to grow Roses, and does not need the addition of any great quantity of manure. Application of enough manure to just cover the soil does not seem sufficient, unless the soil is quite poor to start with. Good stable manure is best; it should not be too fresh, but at least partly rotted. If you can not procure this, the second best would be cow manure that is now sold in sacks is good.

Many amateurs make the mistake of having their Rose beds too rich. We know of one who took out the original soil to a depth of three feet and filled in the bottom of the trench with eight inches of manure, packed solidly, and finished with soil which was one-half manure. This is entirely too much manure, and Roses planted in such a bed would not be likely to remain healthy for any time. Even had he left out the manure at the bottom, the soil would have been too rich, as one-fifth or one-fourth manure is enough. We do not advocate planting clear manure at the bottom of the bed, though some planters have had fair success in making beds
LOCATION

The proper location of your bed is of considerable importance. The soil should be one that is not naturally wet. If it does not dry out soon after heavy rains, it should be artificially drained, which may be done by running a few line of tile through it at a depth of two feet. The tile, of course, must be carried to a low ground or open ditch, where they may discharge the surplus water. The bed should have as much sun as possible, a location near trees being particularly bad, not only on account of the shade, but for the effect the roots of the trees have in drawing moisture and fertilizing elements from the soil. Tree roots extend nearly as far laterally as the tree is high; and will injure any growth at at least half that distance from the body of the tree. Shade from a house is not so bad if the plants have sun direct part of the day. The matter of disease and insect enemies is usually of less importance than cultivation and a proper supply of water.

TIME TO PLANT

The proper time for planting in the various sections of the country largely depends, first, upon the location and, second, upon the character of the plant. In the warm climate, southern and southwestern states, in fact all sections where frosts are infrequent and the winters mild, pot-grown as well as dormant Roses may be planted in the late fall, as well as in the early spring. In the southern states fall planting of both these classes of Roses is considered desirable, but, if the conditions are such that it cannot be accomplished, then in the early spring months they may be set out with entire safety.

HARDINESS

Hardiness in a Rose is a matter of which no one can speak with positive certainty, because the condition of the weather as a rule prescribes the hardiness of a plant, as quite frequently plants that have been out year after year will be winter killed by unusual conditions. As stated elsewhere, the hardiness of the different varieties of plants can be depended upon to be as near accurate as it is possible for anyone to determine.

MULCHING

The main object being to retain the moisture rather than to enrich the soil, cultivate the garden once a week up to the middle of July, to maintain a dust mulch; after that, a liberal covering of "long" cow or horse stable manure that will not heat will accomplish this purpose best.

TREATMENT ON ARRIVAL

When you receive the Roses, give them the greatest care; never expose the roots to the drying action of spring winds for a moment. A plant with bare roots exposed to the dry air is like a fish out of water. Should the plants, through delay in transit, come dried out, as occasionally happens, soak the balls of earth and roots in water; if the stems have dried out, after soaking the ball, bury the whole plant in damp earth for several days. This treatment may put them in good condition, while if they are planted when dried out there is danger of their dying.

WINTER PROTECTION

The safest protection for very tender varieties, or in severe climates, is to bank up with earth about the stems to eight inches or a foot, then tie the tops with straw or other light material; then, if the top should freeze above the earth banking, it may be cut away and you have enough buds below the earth to make a good plant again. It is not well to cover roses with leaves or any such material in such quantities as to hold moisture about them, as they may rot entirely and are often better without any protection.
PURPOSE OF WINTER PROTECTION

The purpose of winter protection is not so much to keep the wood from freezing as it is to prevent it from alterate freezing and thawing. In the latitude of Little Rock, all that is necessary is to cover the bed and three or four inches of leaves or other mulch. When the temperature gets well below freezing, the less hardy Roses will require protection, and all of them will be the better for it, at least about the roots. Soon after the first frost, having hilled up the soil around the stems, cover the Rose beds all over with a 3 or 4-inch layer of good heavy stable manure, and a satisfactory material available, corn-stover and even boxes put over the Roses to shed the rains, will make a 6-inch layer of leaves, held in place by the most leaves in bounds nicely. If there is not available, straw, the leaves in bounds nicely. If this is not available, straw, the Rosa beds covered, the Rose beds covered, the Roses, for if too tightly covered they will die. Remove the covering gradually in the spring when danger from frost is past.

HOW TO PRUNE YOUR ROSES

Pruning is the art of improving the productive power and the appearance of a plant. It consists of two distinct operations. 1. The removal of dead, weak, overcrowded and otherwise useless shoots. Unripe wood which in the spring will usually be found to have discolored pith, caused by the winter frosts, should be cut clean away at the base of the shoot.

2. Pruning proper, the shortening of those shoots which are allowed to remain after the thinning-out process has been completed.

The most frequent errors made in pruning are: (1) leaving too many shoots when thinning out; (2) pruning severely the shoots of varieties which require little, if any shortening; (3) pruning lightly the varieties which require severe pruning; (4) leaving Rose plants crowded with shoots and cutting these to a uniform length all over the plant in a similar way that a hedge is clipped.

In thinning out a shoot, it should be either cut clean away to the base of the plant, or to its starting point on the elder shoot from which it springs, as the case may be. When the plant has been pruned, the shoots should be left as nearly as possible equal distant from each other, and regularly arranged around it so that it presents a well-balanced appearance on all sides.

ROSES HURT WITH THE WINTER. When Roses are hurt with the winter, cut all the injured branches off down to the live wood, and if you have "Own Root Roses," and the roots are not hurt, they will soon throw up new shoots and bloom as well as ever.

BLACK SPOT AND MILDEW OF ROSES

More inquiries have been received by us as to the treatment of Blackspot and Mildew than as to any other rose subject. These two diseases, which quickly defoliate and denuding our Roses, ought to be controllable, and Dr. Massey, who has undoubtedly given them more study than any other American pathologist, insists that they are.

It must be insisted that black-spot cannot be cured, in the sense that the affected leaves will become green and useful after any possible treatment. The only way to cure black-spot is not to have it to cure. It must be prevented or controlled. We, therefore, hope that those whose Roses have been afflicted with this disease will not wait until it again makes its appearance in 1925, but will dust or spray diligently and persistently to keep it from appearing at all. "Prevention is the price of roses," might be the slogan. Blackspot control should be looked upon as a major operation in rose culture.

BLACK-SPOT

The disease known as black-spot is probably the most common and destructive disease of the Rose. It occurs wherever Roses are grown, is frequently epidemic in its severity, and is always a factor demanding consideration by both the commercial grower and the fancier. Along with the loss resulting from premature defoliation and the decrease in the number of blossoms must be considered the unhealthiness of disease foliage. Furthermore, the rosarian has too frequently found the recommendations for control to have been made without due regard being given to his needs. Sprays which will discol color foliage and buildings may be more objectionable than the disease itself, with the result that growers have been loath to use many of them, even though their efficiency in suppressing the disease has been established.

The fact remains that black-spot is controllable, and by measures not so complicated, nor objectionable but that the average rosarian may and will apply them. The recommendations for control must be closely followed, for one must realize that the delay of a few hours in the application of a fungicide may mean the difference between success and failure.

SYMPTOMS—Black-spot may be recognized by the black spot on leaves and petioles, by the leaves yellowing, and by premature defoliation. The more or less circular spots may reach a diameter of 1/2-inch, are black in color, and have irregularly fringed margins. They appear in late spring and early summer and only on the upper surface of the leaves. During early summer and the autumn, when cool nights and heavy dews prevail, the disease increases rapidly and frequently becomes epidemic in severity.
POWDERY MILDEW

The two diseases above mentioned are the chief interferences with successful rose-culture in the United States. They interfere with the prosperity of the commercial grower and discourage the amateur. They can be controlled by proper sanitation and applications of fungicides, the methods of control follow. Powdery mildew is one of the most common and injurious diseases of the Rose. Outdoor plants are commonly attacked, the Crimson Rambler and related forms being especially susceptible. Varieties differ greatly in susceptibility. Ramblers and other Cliders which are generally held to be very susceptible to mildew will be found to suffer less severely from the disease when grown away from the walls so that they have free air exposure. This is explained on the basis of moisture relations, the air drying the plants quickly. Fungus spores, like seeds of higher plants, require moisture to germinate, and it is characteristic of most fungi that they flourish under moist conditions.

SYMPTOMS—The first signs of the disease are grayish or whitish spots on the young leaves and shoots. Frequently the unopened buds are attacked. Powdery mildew before the leaves are affected to any great extent. These spots quickly enlarge, a felt-like coating of a white, powdery appearance being commonly found on the stems and thorns. Later the mildewed appearance is less conspicuous or entirely lost, the affected areas turning black.

PROTECTION—The one measure that has been successful in the control of black-spot is that of protecting the Rose by covering the leaf with some fungicide that will prevent the spores of the fungus from penetrating the cuticle. Spores need moisture for germination, and under favorable conditions will send forth a germ-tube and penetrate the leaf within a very few hours. Once within the tissue, no treatment non-injurious to the leaf can be given which will kill the parasite. The problem, then, is to have the fungicide present on the leaf when the necessary moisture for germination and infection is present. This means that the fungicide must be applied before rains, that it must adhere to the leaf; that it must be so highly insoluble that it is not readily washed away, but not so much so but that it will go into solution as needed; and that it must be fatal to the fungus and injurious to the Rose.

BORDEAUX MIXTURE fulfills these requirements. This is doubtless the most efficient fungicide known. It consists of five pounds of copper sulphate (blue vitriol) five pounds of good stone or hydrated (not slacked) lime, to fifty gallons of water. The chemical reaction resulting from the mixing of these chemicals produces a blue precipitate which consists, in part, of the active ingredients, copper. It is possible to obtain ready mixed Bordeaux in past and dry form, which are efficient when used at a strength equivalent to the 5-5-50 mixture.

INSECTS

GREEN AND BLACK FLY OR APHIS. A green sucking insect which usually gathers in great numbers upon the tips of the new growth. A solution of tobacco, made from tobacco insecticide soap, will exterminate the insects.

LEAF ROLLER. An insect of yellowish-white color, resembling the butterfly, and lays eggs on the under sides of leaves which soon form a cocoon, rolling around itself and the leaf, hence the name, leaf-roller. Arsenate of Lead is the remedy.

RED SPIDER. Is also a small insect indiscernible to the naked eye, and a frequent spraying with a strong hose is all that is necessary.

ROSE BUG. A familiar insect, appears in the earliest summer, sometimes in great quantities, and very troublesome. It is a very destructive insect and usually feeds upon the white petals, but is easily destroyed, especially in the early morning, when they will readily fall into a vessel containing kerosene.

Insecticide

THOMPSON'S ROSE NICOTINE. Concentrated nicotine is certainly the most powerful insecticide for killing all insects on flowr, plants, fruits, trees, vegetable and all kinds of rose bugs.

Just a little loving care, just a little cost, and the result to you and your neighbors is a thousandfold.

Insecticide

THOMPSON'S ROSE NICOTINE is chemically pure nicotine and quick death to insects on Roses. Very convenient to use—no trouble, no odor, no staining; simply apply as directed with spray pump or plant sprinker. Small can, 50 cents; large size, 50 cents. postpaid.

ARSENATE OF LEAD, POWDERED. May be used either as a dust diluted with hydrated lime, plaster or red earth, or as a liquid spray with water, lime-sulphur, solution of Bordeaux, only half the weight is needed as of the past form. Price, one-half pound, 40 cents; one pound, 70 cents.

LUG SHOT. A fungicide for the destruction of Potato and Rose Bugs. Price, 75 cents per one pound pkg.

Roses in Front-door Yards. Why not? A good climber over the door; a half-dozen or more of the constant-blooming Roses will excite pride and improve citizenship if half the people in any block will put them in the public eye.
and all Lice, Worms or Caterpillars upon Melons, Eggs, Cucumbers, Cotton, Tobacco and Cabbage Plants. Tomatoes, Curants, Fruit or Ornamental Trees, Grape Vines, Shrubs and Flowering Plants. An admirable remedy for the Black Clematis Bug.

DIRECTIONS FOR USE. Slug shot is an impalpable composite powder, to be dusted upon the plants. It contains poison, thoroughly diffused through natural fertilizers, and is perfectly safe in its use to man and beast. Price, 1 pound package, 25 cents, postpaid.

DRY LIME-SULFUR. The best remedy for San Jose and other scale insects on trees and shrubs. Use 1 pound to 15 gallons of water. Full directions with each package. Price, 1 pound cartons, 50 cents, postpaid.

TOBACCO POWDER. The Sprinkling Kind of Sprinkling or Dusting Only, is made from heavy black leaf tobacco, strong in nicotine, and so finely pulverized that it can be applied with an ordinary magazine bellows gun direct to plants, indoors or out, or sprinkled around the hothouse to keep the pests in check. Price, one-pound package, 50 cents.

SULPHO-TOBACCO SOAP. Another splendid insecticide. Directions for use on every package; 3-ounce cake, makes 1½ gallons prepared solution; Fifteen cents each; 8-ounce cake, makes 4 gallons prepared solution, 30 cents, postpaid.

ROSE HEDGES

Almost everyone who can find any place at all to put it wants a hedge of Roses. There is something both typical and romantic about the idea of Hedge Roses that strongly attracts every one. We can supply any of the fine Bush Roses in quantity for hedges, and any of the beautiful Trailing and Climbing Roses for covering walls and fences.

March 21, 1924.

Dear Sir: The flowers I ordered from your firm came in splendid condition, and I can say the day I received these plants that there was snow on the ground. They are all growing and doing just fine, and I want to thank you for the prompt service you gave me in this order. Will send you another order in the near future.

Yours very truly,

Mrs. T. C., Hamlin, Texas.

Bordeaux Mixture (Dry)

For dusting plants affected with mildew and all fungus disease. Can be used as a spray. Price, per one pound, 50 cents, postpaid. One pound makes five gallons liquid.

VESTAL'S HOUSE PLANT FOOD

There is no secret in making plants grow. In reality it is very simple. Nature will produce wonderfully if you only provide the necessary material for plant growth. "VESTAL'S HOUSE PLANT FOOD" if applied to your house plants, will produce almost immediate results, seemingly like magic. A few days after being used, little tender shoots will appear, plants will grow strong, droopy plants will revive. Easily applied, pleasant to use and we are pleased to recommend it. Price, 60 cents.

VESTAL'S HOUSE PLANT FOOD is a highly concentration Plant Food made up scientifically to cover the needs of plant life in window garden and conservatory. By far the richest, most nutritious and yet harmless fertilizer for house plants. Clean and odorless, easy to use. Try it!

April 19, 1923.

Dear Sirs: I want to thank you for the nice plants which came the first part of April, also for the complimentary plants and Roses. They are all doing fine. Would have thanked you before this but have been real sick and am just able to be up.

Respectfully your customer,

Mrs. N. B. P., Newelton, La.
MRS. WARREN E. LENON
The Great Carmine Crimson Rose

Now Offered for the First Time and Named in Honor of the Wife of Warren E. Lenon, Ex-Mayor of Little Rock, The City of Roses

This is the grandest and most beautiful Rose we have ever seen. No illustration, no description can give the faintest idea of the grandeur of this fine variety. Its exquisite beauty, wonderful strong growing bush form, producing its gorgeous flowers in the utmost profusion all the time. A single plant will give an abundance of magnificent blooms this year, and such flowers! Deep crimson, immense in size, gloriously formed with a color seen in no other Rose, a superb, velvety carmine-crimson, rich beyond description. The flowers are borne in endless profusion on long stems and the fragrance is delightful.

In introducing this Rose to the flower loving public we feel sure it will meet the approval its sterling merits deserve. There is no other Rose, to our knowledge, among the everblooming class that can approach it for exquisite fragrance, reminding one of the old fashioned Damask Garden Roses.

This is a queen among crimson garden Roses, and we endorse it as one of the best Roses of its color now known. We shall give this great Rose unusual publicity, and make its superb merits known to the Rose loving world. Price, one-year-old, 50 cents each; two-year-old, $2.50 each.

Mrs. Warren E. Lenon
Remarkable for its Large Size, Clear Color, Sweet Fragrance, Free Growth and Luxuriant Foliage

AMELIA GUDE
A medium size Rose which blooms freely. The buds are long and pointed and as yellow as Mrs. Aaron Ward. The open flowers resemble Sunburst. A great improvement over either Rose in productiveness. Easy culture. Either as a bud or open flower this Rose is charmingly beautiful. Price, one-year, 30 cents each.

WINSOME
A crowning masterpiece of modern times, with a hardy vigorous constitution, growing to perfection in almost any soil or situation. It has the most magnificent foliage, a continuous bloomer of deep full double flowers, the beauty of which is nothing short of superb, a deep cherry Rose. Every one wants a hardy everblooming Rose. From early summer until frost it can be depended upon to produce flowers in abundance, making it one of the best garden Roses. Price, 30 cents each for one-year-old plants; $1.00 each for two-year-old plants.

March 12, 1923.
Jos. W. Vestal & Son,
Little Rock, Ark.
Dear Sirs: I have just received my plants, roses, etc., and will say am perfectly delighted. They are the finest I have ever ordered. If they don't live am sure it won't be your fault.
Miss
Sunflower, Miss.

When Selection is Left for Us
We will chose for you same as if for a personal friend, for we feel the responsibility of giving you good varieties and also first-class, healthy plants that will be sure to bloom. Mention the colors and the quantity of each color you prefer, to enable us to select to your satisfaction.

Prices: Tea Roses (Our Selection)
One-year size.......................... 8 for $1.00, postpaid
Two-year size.......................... 12 for $6.00, by express

Mrs. Warren E. Lenon
OUR NEW ROSE

JOSEPHINE VESTAL

"A Rose of Attractive Coloring"

Shown in natural colors inside page of cover.

In this magnificent Rose, we find a Rose of attractive coloring. In our estimation, this new Rose has the brightest future of any Rose introduced for the last quarter of the century. The color is so difficult to describe that any description can only be a partial one, and gives but a faint idea of the superb beauty and richness of the shades. It might be described as salmon-flesh tinted Rose, with a touch of yellow at the base. Buds of unusual attractiveness, opening full and double, like the old Malmaison, but decidedly brighter; unusually long and beautifully pointed with petals of wonderful depth and substance, retaining their shape longer than most Roses. The variety is of fine branching habit and ideal growth, a beautiful and most bushy Rose. Its color is not its only charm as its fragrance fills the room with a delicate pure Rose perfume. It ranks one of the best of the garden Roses. The illustration conveys but a faint idea of its beauty and formation, which is of large and perfect shape. Habit excellent, growth strong, and almost thornless, produces flowers on long stems, well up above the foliage, and in great profusion all summer. Hardy in almost all localities. Grand for outdoors. Price, one-year plants, 30 cents each; two-year plants, $1.00 each.

October 29, 1924.

Vestal & Son,
Little Rock, Ark.

Gentlemen: The Bulbs and Plants received in fine shape. Thanks for the promptness and liberal measure and extra Tulips. Very respectfully,

MRS.
Wagoner, Okla.

CRUSADER

Blackish-Crimson in Color, a Wonder.

A big, strong-growing variety, robust and rugged in every characteristic. The growth is heavy and the flower stems are strong and heavy, producing very little blind wood. It is free-growing and free-flowering, and the blooms are truly characteristic of the variety—big and double, and, in color, a rich, velvety crimson. These large, heavily petaled blooms open perfectly and are amply supported by the strong-necked, heavy flower growths. Price, one-year, 35 cents; two-year-old, $1.00 each.

ANGELUS

The New Double White Rose

Flowers are almost perfect in form, with a high center, and immense size. Blooms all the time. Good, robust grower. Clear snow-white with a lemon tinge; as the flowers age they become pure white, the blooms are even larger than Paul Neyron. Its habit is absolutely perfect, and the freedom with which it flowers is marvelous. We consider this Rose the grandest of all whites for bedding. For size and substance has no equal. It is very sweetly perfumed. Beautiful long pointed buds on tall stiff stems. An excellent Rose for cutting. Price, one-year-old, 30 cents each; two-year-old, $1.00 each.

MADAME BUTTERFLY

New Fancy Colored Rose. A glorified sport of Ophelia with all the colors of Ophelia intensified, making it a harmony of bright pink, apricot and gold. A free grower and bloomer with large handsome foliage free from mildew. It averages more petals than in the bloom; it produces more blooms to the plant, because it makes more branches, every one carrying a bud. The buds are a lovely shade of Indian red, yellow at the base; they are unique for corsages and for low table decorations; the opening flowers are perfect in form and texture, clear and brilliant in color, and of delicious fragrance. Price, one-year, 30 cents; two-year, 75 cents.

Add 10 cents each for postage on two-year-old Roses going by mail.
OUR NEW ROSE
CITY OF LITTLE ROCK

A surprisingly beautiful novelty now being introduced for the first time. It is distinct, and beautiful in color, a bright rosy-pink or rose-shaded with hydrangea-pink. The buds which open perfectly are long and of ideal form. The growth is vigorous and the flowers are produced profusely. Its pronounced fragrance will attract all Rose lovers. Price, one-year plants, 35 cents each; two-year, $1.00 each.

COMMONWEALTH

This new Rose has large, long, pointed buds, and large open double flowers, borne singly on medium strong stems. The color is an even deep pink, what would be called a solid color, that is, without much shading. Ample foliage with few thorns. A vigorous upright grower and delightfully fragrant. Price, one-year-old, 30 cents each, two-year-old, $1.00 each.

March 15, 1923.
Jos. W. Vestal & Son,
Little Rock, Ark.

Dear Sirs: Please excuse me for not answering you right away regarding the box of Roses I received from you the 6th of March. They arrived all in fine order. They were fine little Rose bushes and good plants. They are getting along fine now. I have good sandy soil for them to grow in. It is in good shape, so after the 1st of April I will send you another order. I am well pleased with the plants.

Yours as ever,
MRS.
Houston, Texas.

City of Little Rock

Prince De Arenberg

This is one of the newer Roses that have been brought prominently before the public this season and we have not seen a Rose that has met with such universal appreciation by both amateur and professional growers. To those who prefer a Rose with full color we can recommend none more highly than this gorgeous crimson scarlet Rose. It is hardy in practically all localities and as an outdoor garden Rose it has no superior. Of strong, vigorous, healthy growth, branching freely; it produces its wonderful blooms profusely from April until December. Every shoot carries a well-formed flower of exquisite fragrance and splendid lasting qualities. This illustration gives but a faint idea of the richness of this magnificent Rose. Price, one-year-old plants, 20 cents each; two-year-old plants, 60 cents each.

When two-year-old Roses are wanted sent by mail add 10 cents per plant for postage.
CITRONELLE
NEW GOLDEN YELLOW ROSE

The One Best Golden Yellow Rose. For years Rose growers the world over have sighed for the advent of a genuinely golden yellow, hardy, everblooming bush Rose. Last year we secured this wonderful Rose. Instantly it was hailed with delight, for it represented a new color in its class, and since its introduction it has become one of the three best selling Roses in our entire collection. Over 100,000 plants, in as many different homes, have demonstrated beyond a question of doubt that this is the greatest of all Golden Roses for the home planter. It grows to perfection in almost any ordinary soil in all sections, and from the time it is planted in the early growing season, it bears continuously great numbers of lovely flowers of immense size, elegant, full, deep and double on stiff, erect stems, which stand out well above the plant, giving it a regal appearance and stamping it as the most extraordinary Rose of its color yet introduced.

The color of the flowers is deep golden yellow. Now and then in the early stages of development its petals have faint streaks of pink, but as the flower develops fully, it is pure golden yellow without a blemish; in short an eighteen-karat flower of sterling merit. Price, one-year, 55 cents; two-year, $1.00 each.

Beautiful Citronelle
OUR NEW ROSE
GLORIO

A Beautiful Scarlet Cerise with Yellow Shading at the Base

This splendid Scarlet Cerise with Yellow Shading at the Base is one of the very best of its color, being a beautiful scarlet cerise, with yellow shading at the base of the petals, heavily veined with reddish cerise and with a deep glowing heart of bright pink, which brightens up the flower wonderfully. In bud form this Rose appeals to every one on account of its wonderful coloring, which is entirely distinct and not found in any other Rose. You will admire the foliage, too, deep green leaves on red stems and the new growth of rich garnet; the plant will grow for you vigorously, is among the hardiest in this class and blooms abundantly. One of the very best of the new Roses, and one that has so many good qualities that we are quite certain it will find a place in the garden of every flower lover. It has been thoroughly tested by us and we have formed such a high opinion of it that, this year, we have grown an unusually large stock in order to give the Rose the widest possible distribution. Price, one-year, 30 cents; two-year-old, $1.00 each.

Pink Cochet and White Cochet

PINK MAMAN COCHET

This superb Rose is well known as a queen among Roses, one of the best and most beautiful varieties ever grown, and quite hardy. The flowers are of enormous size, very full and of great depth and substance. Color, rich coral-pink, elegantly shaded with rosy crimson; has broad thick, shell-like petals and makes superb long-pointed buds; immense bloomer, and flowers the whole season. Deliciously sweet and a hardy vigorous grower. It ranks among the very finest hardy everblooming Roses. Price, 20 cents each; two-year-old plants, 60 cents each.

When two-year-old Roses are wanted send by mail add 10 cents per plant for postage.

WHITE MAMAN COCHET

A most magnificent snow-white Rose, with sometimes a faint tinge of pale blush. It has the same freedom of bloom as the Pink Cochet, the same magnificent form of buds and flowers, and the same hardiness—standing at the very head of all Roses as the best white kind for open ground culture. Vigorous as an oak, and hardy everywhere. Price, 20 cents each; two-year-old plants, 60 cents each.
MRS. BRYCE ALLEN

Strong Moss-rose perfume. Color carmine-rose. Flowers globular in form, very erect stems, deep green foliage. **Price, 20 cents each; two-year-old plants, 60 cents each.**

COLUMBIA

GIGANTIC IN SIZE—FREEDOM IN BLOOM

Could be rightly called the Giant Pink, owing to the enormous blooms it produces. Of distinct beauty, being an extremely strong, rank grower, one of the strongest of the everblooming, blooming as it does with the greatest freedom, the buds carried on long, stiff, erect stems, of the very largest size imaginable in a Rose bloom, open flowers often measuring six inches across, full of petals and of wonderful depth, which it retains in perfect formation. Very fragrant. Color, clear imperial pink, on the order of La France, deepening as it opens to glowing pink. A peculiarity of the variety is that the shades all become more intense until the full maturity of the open flower is reached, and this color is enduring. Being fully double makes it a fine summer Rose, particularly adapted to garden culture. We feel that after all is said, we have not said half enough for Columbia. **Price, one-year, 20 cents; two-year, 60 cents.**

RHEA REID

One of the Very Best Red Bedding Roses

Rhea Reid is as fragrant as a Rose can be; has good sized flowers and blooms continuously. The bud, when first opening, is the brightest crimson-scarlet and the flower retains this perfect coloring until it drops its petals. Blooms continuously the whole season through and gives fine stems for cutting. Its habit of growth is remarkably good, making strong, shapely plants that may be depended on for large flower shoots. A great favorite. **Price, one-year-old plants, 20 cents each; two-year-old plants, 75 cents each.**

ETOILE DE FRANCE

One of the best and sweetest hardy Roses of its color. The strong, upright bushes have beautiful bronze green foliage, which is not subject to insect attacks. The bushes are blooming constantly, producing large, massive, deep, full cup-formed flowers on magnificent, long, stiff stems. They are of truly glorious form and delightful fragrance, while the color is exquisite—a clear red of velvety crimson. **Price, one-year-old plants, 20 cents; two-year-old plants, 75 cents each.**
THE NEW AMERICAN ROSE

FRANCIS SCOTT KEY

"The Rose of Every Garden of Every American Home." "Named in Honor of the Writer of the Star Spangled Banner."

The new American Rose, Francis Scott Key, dazzling crimson, globular Rose of gigantic size. In this new Rose we find the embodiment of a perfect bloom combining size, form and color, the attributes of all exhibition flowers. This new American Rose produces intensely black grain scarlet-crimson blooms on strong shoots of sturdy erect growth, embellished with a foliage of the deepest green. The Rose is deliciously perfumed. In growth it is strong, vigorous and freebranching, with large and handsome foliage. Beautiful as are the hundreds at present in cultivation—as ideal varieties—for every purpose, the new American Rose, Francis Scott Key, is the most outstanding and represents the greatest effort in American hybridizing, possessing as it does, all the good qualities an American everblooming garden Rose should have. It should be of considerable interest to all and most gratifying that we should have such a wonderful Rose named in honor of the writer of "The Star Spangled Banner." Francis Scott Key is the Rose for every American home and should be planted in every garden. Price, strong, one-year-old plants, 30 cents each; two-year-old plants, $1.00 each.

LARENT CARLE

A beautiful Rose, with extra large, handsomely formed, rich velvety carmine buds and flowers. It is a phenomenally strong and robust grower, hardy in every locality and continually in bloom. Every lover of Roses should have this variety. Price, 20 cents each; two-year-old plants, 75 cents each.

MRS. AARON WARD

This Rose is a real joy to the grower and absolutely distinct. One of the most delightful Roses of recent years, in color that catches the eye at once. Coppery orange in the open bud, golden orange when partly developed, pinkish fawn of lovely shade when fully open, when it looks like a full fluffy rosette. No wonder everybody that sees it falls in love with it. Price, 20 cents for one-year-old plants; 60 cents for two-year-old.

BEAUTIFUL YELLOW ROSE

LADY HILLINGDON

"Everybody Can Grow It"

It has long willowy stems that are in no sense weak, as the buds are held upright; has a long slender pointed bud of brilliant deep golden-yellow, and a striking peculiarity of this Rose is that each day the golden-yellow color becomes deeper yellow and more intense, unlike all other yellow Roses with which we are familiar, as invariably the tendency after being cut is to get lighter in color. Price, one-year-old plants, 20 cents each; two-year-old plants, 15 cents each.

SUNBURST

"Stands Head and Shoulders Above All"

This magnificent giant-flowering Rose stands head and shoulders above all other Roses of its class. It is a constant blooming variety, producing fragrant blooms of an especially deep color throughout the summer. It has all the good points of merit; a fine long pointed bud; long stems; extraordinary vigorous and healthy, and belongs in the class of big Roses. The color is a beautiful orange-copper, golden orange and golden yellow, large intense shades, and brilliant in effect. Price, strong one-year-plants, 20 cents each; two-year-plants, 75 cents each.

When two-year-old Roses are wanted send by mail add 10 cents per plant for postage.
Pink Radiance and Red Radiance

In the Radiance Roses are found all the good qualities that go to make an ideal garden Rose—grand size, handsome form, free flowering, hardiness, pleasing colors.

RADIANCE

This grand, giant-flowering Rose stands head and shoulders above all other Roses of its class. The flowers, which are of splendid form, are large and full and somewhat of the June Rose type. The buds are particularly handsome in form, the full blooms large and double, the petals of immense size and the blossoms are highly perfumed. The growth of the plant is vigorous, making strong canes which are thick and heavy. Radiance is rightly considered a leading Rose of the garden for cutting and successfully competes with many of the finest greenhouse productions as a cut-flower variety. Radiance produces a wealth of heavy, clear dark green foliage and has the qualities that make it the ideal garden Rose. Price, strong plants on own roots, 25 cents (will bloom the first season); two-year-old plants, 75 cents each.

RED RADIANCE

No Rose has yet equalled, certainly none has excelled Radiance, as a garden Rose, when all points are taken into consideration, such as hardiness, freedom of bloom, vigorous growth and character of bloom. In Red Radiance we have an exact replica of its prototype, Radiance, except in color and bud. The color is an even shade of clear red, without a trace of any other color, retaining its vividness for an unusually long time after being cut. It is a remarkable bloomer, being constantly in flower, from early spring until freezing weather. Strong, vigorous, branching grower, each branch terminating in a large, bold, double bloom. Hardy everywhere. Altogether it is a Rose destined to become one of the leading garden Roses of America. Price, one-year, 25 cents each; two-year, 75 cents each.

LADY URSULA

Color a most beautiful shade of flesh-pink, of great substance and good form; petals large, circular and delicately perfumed. A grand grower, producing its round, full blooms in wonderful profusion. Price, one-year, 20 cents; two-year, 75 cents each.

Cluster of Red Radiance Roses

April 18, 1924.

Gentlemen: Received the plants and seed in good condition. Seeds have all come up fine. Roses and Chrysanthemums living fine, have been set out one week; I am pleased with them and I thank you very much. Will let you hear from them later. I am respectfully,

MISS E. S., Bastrop, La.

MADAME SEGOND WEBER

One of the greatest novelties of recent years; everybody is talking about it, and the more one knows of this wonderful Rose the more he will talk about it, and what is of real value, every bit of talk about Mme. Segond Weber is in praise of her. Rosy-salmon or flesh-pink in color, of the general type and color of "My Maryland." The bud is long and pointed, opening into enormous blooms, which deepen its color until fully expanded, when it is as impressive as an "American Beauty." The texture of the Rose is very thick and heavy and the form of the petals peculiarly beautiful. A great garden Rose. Price, one-year-old plants, 20 cents each; two-year-old plants, 75 cents each.

When two-year-old Roses are wanted send by mail add 10 cents per plant for postage.
ALEXANDER HILL GRAY
Large Pure Yellow Rose
The respect of all Rose lovers warrants the issuing of a champion Rose, and a Tea at that, to pay due homage to one of the world's greatest Tea Rose growers. It is wonderfully floriferous, every shoot being crowned with a flower bud, which develops into a bloom of very large size, great substance and perfect formation with high pointed center from which the petals gracefully reflex. The best and largest pure yellow Tea Rose yet introduced. Its color is a solid deep throughout. Marechal Niel-like lemon yellow; strongly scented. Price, 15 cents each; large size, 60 cents each.

RED LETTER DAY
Cactus-Flowered Flowers of Curious Formation
An exceedingly beautiful Rose of infinite grace and charm. Its velvety, brilliant, glowing scarlet-crimson buds and fully opened cactus-like flowers never fade, as the reflex of the petals is satiny crimson-scarlet. One of the freest blooming Roses extant. Makes a fine decorative subject and equally desirable for bedding. Price, one-year, 20 cents; two-year, 60 cents each.

CYNTHIA FORD
Color a deep brilliant Rose shading on the back of the petals to a light rosy-pink. The flowers are large, full of perfect form and great substance, very free-flowering and fragrant. A strong grower with heavy foliage. Price, one-year, 20 cents each; two-year, 75 cents each.

MRS DUNLAP BEST
In bud form this Rose appeals to every one on account of its wonderful color, which is entirely distinct from and not found in any other Rose, a vivid orange-red, with coppery-red apricot shadings, opening bright salmon, and which is further set off by the healthy, glossy, bronze-green foliage; delightfully fragrant; a vigorous grower and very free-flowering. A great bedder. Price, one-year, 20 cents each; two-year, 75 cents each.

GLADYS HOLLAND
Of magnificent form and size. Color, buff, shaded orangegold, outside of petals peachy-pink. Very free flowering. Price, 25 cents each; two-year-old plants, 75 cents each.

ALEXANDER HILL GRAY
Deep yellow Rose everyone can grow. It keeps up a fine succession of bloom.

SOUVENIR DE PIERRE NOTTING
Marvelously beautiful flowers of the Maman Cochette type, very large and well filled, opening beautiful clear apricot yellow tinged with golden, mixed with orange-yellow, edges of petals shaded carmine-rose. Truly a gorgeous effect. The bush is strong and upright in growth, with heavy canes, and bears a great profusion of these magnificent Roses all summer long. It can always be depended upon for a supply of cut flowers. Price, one-year-old plants, 15 cents each; two-year-old plants, 60 cents each.

“One of the Most Important Additions to Garden Roses”
A sweetly fragrant Rose, having fine bronzy foliage, with long, finely shaped buds. The flowers are large, full and globose, and are carried well above the foliage upon rigid and strong stems. The color is a deep rose and carmine, edges of petals carmine-lake. Andre Victor is one of the most important additions to the class of garden Roses, and as a garden Rose will become popular on account of its distinct soft color, and its remarkably free-flowering qualities and hardiness. Price, one-year-old plants, 20 cents; two-year-old plants, 75 cents each.

When two-year Roses are wanted by mail add 10 cents per plant for postage.
HADLEY

Magnificent Rich Velvety Crimson

In the Hadley we have a Rose that possesses a rich and lasting crimson color, coupled with vigor of growth, robust constitution, and free blooming habit. It will be welcomed alike by the grower who forces Roses under glass for cut flowers and the one who plants outdoors for summer flowers. It is a development of a strain of red Roses, including Liberty, General McArthur and Richmond. The color is magnificent, rich velvety-crimson, retaining its brilliancy throughout the season. The fragrance is delightful and refreshing. The flowers are borne on long stems and keep in good condition a long time when cut. The growth is splendid, sturdy and healthy, the foliage large and abundant.

Price, one-year-old, 20 cents; two-year-old plants, 75 cents each.

LA FRANCE ROSES

The La France Roses are of the highest merit, and each member of the family has particularly strong points. Practically hardy everywhere, they are splendidly adapted for general planting.

Price of all the La France Roses, 20 cents each; two-year-old plants, 60 cents each.

LA FRANCE. This is probably the most popular Rose in cultivation. Both buds and flowers are of lovely form and grand size, exceedingly sweet; color fine peach blossom, elegantly clouded with rosy flesh. begins to bloom while very small, and continues bearing until stopped by freezing weather.

WHITE LA FRANCE. A seceding of La France; extra large, full, deep, pearly white flowers, delicately shaded with soft rose; exquisitely beautiful and delicately fragrant.

RED LA FRANCE. A superb Rose; resembles the Pink La France, but is much deeper in color. It is a continuous and free bloomer, produces an abundance of lovely buds and flowers all through the season; extra large, very double and full; remarkably fragrant; color brilliant rose-pink, exquisitely shaded.

HILL’S AMERICA

Among the many fine varieties of Roses we are offering this year, none will be found more worthy than America. It blooms continuously from early May until heavy frost. The buds are long and pointed, and the color is the most glorious glowing rose pink imaginable, opening up most artistically as the outer petals fold back, leaving the high pointed center fully exposed, rivaling American Beauty in size. We are sure you will be pleased with this fine Rose. Price, one-year-old plants, 25 cents each; two-year, $1.00 each.

AN INVITATION

During the summer and autumn months we have many acres of flowers in bloom. This is a good time to select the flowers of your choice. Visitors always welcome.

When two-year-old Roses are wanted sent by mail add 10 cents per plant for postage.

May 23, 1923.

Vestal & Son,
Little Rock, Ark.

Dear Sirs: I received the nursery stock. They were in splendid condition and they came just at the right time. I want to thank you for such nice lot of plants.

Very truly yours,

Mrs. Snyder, Okla.
JONKHEER J. L. MOCK

The Giant Pink Rose
This sensational Holland production is in a class of its own. It is a true Hybrid Tea with gigantic flowers on great, erect, stiff stems and a growth that is marvelous in its freedom. Has extraordinarily large, heavy foliage and quickly makes a great, strong bush. The flowers are enormous in size, magnificently formed, deep and double, exquisitely fragrant; color bright rich pink, faced with carmine. It is the greatest bush Rose of any color for American gardens that has come out of Europe in the past fifty years. Well named the "Giant Pink Rose." Price, one-year, 15 cents; two-year, 60 cents.

AMERICAN BEAUTY

Attains Marvelous Perfection. Wherever Roses Are Grown the Fame of the American Beauty Rose is Known.

In all the wide world this proud and majestic Queen reigns supreme as the most beautiful, most massive, most gorgeous and exquisitely fragrant Rose of its color now known. Its position is more secure today than ever before. The glory, the charm, magnificent growth and exquisite form of flowers are simply beyond description; color, rich glowing crimson, shaded and veined; flowers immense in size, wonderfully double and beautifully formed, with the fragrance of the old Damask Rose; growth the most vigorous of any Rose we know of; foliage large, leathery and of deepest green, especially free from insect attacks. Hardy in all sections of the country, but in cold climates should have careful winter protection. A splendid garden Rose. This great Rose should be in every American home. Its magnificent beauty, wonderful fragrance and extraordinary merit must appeal to the patriotic instincts of every true American. Price, one-year, 30 cents each; extra large, two-year-old plants, $1.25 each.

WHITE AMERICAN BEAUTY

The best White Rose in existence. Pure snow-white, with long buds and immense, perfectly double flowers, 4 to 5 inches across, with wax-like petals and very durable. It is one of the most continuous-flowering Roses in this excellent class. Hardy everywhere that Roses grow. Good for cutting and for garden decorations. The Garden, England, says: "White American Beauty is universally admitted to be the finest White Rose in cultivation." Price, one-year, 30 cents; two-year, $1.25.

MRS. MACKELLAR

The glorious blooms make this an imposing Rose. A deep citron or delicate pure canary color. As the large blooms gracefully expand the guard petals charmingly become primrose-white of great decorative beauty. Price, one-year-old plants, 20 cents each; two-year-old plants, 60 cents each.

HELENA CAMBIER

Of unusual beauty, with large, double, beautifully formed flowers, the colors are varying, ranging from salmon-rose to coppery rose; very often a handsome saffron hue. As the flowers expand, the colors become lighter. A most remarkable sort in every respect and one to which we give our highest endorsement. Good everywhere, especially in the South. Price, one-year plants, 20c each; two-year, 60c each.

FREDERICH VON MARSHALL

Wonderfully Strong Growing and Hardy

As an outdoor Rose it has no superior. It has wonderfully beautiful foliage and produces large, full, beautifully shaped flowers, which are borne in profusion all through the season. Magnificent crimson-scarlet Hybrid Tea Rose with long and pointed buds; deliciously fragrant. Wonderfully strong growing and hardy. Price, one-year-old plants, 20 cents; two-year-old plants, 60 cents each.

When two-year-old Roses are wanted send by mail add 10 cents per plant for postage.
Wellesley—The Grand Rose

"As Fine as a Rose Can Be"
Flowers Bright Pink

Wellesley is a Hybrid Tea Rose, as fine as a Rose can be; has good-sized flowers and blooms continuously. The bud, when first opening, is a beautiful shade of bright pink and the flower retains this perfect coloring until it drops its petals. Blooms continuously through the whole season, and gives fine stems for cutting. Will stand the winters any place south of the Ohio River, but north of that line it should be protected. Price, 15 cents each; two-year-old plants, 60 cents each.

NEW ROSE WM. R. SMITH

A Vigorous, Healthy Grower, Excellent in Quality and Beautiful in Bloom

Whether you live East, West, North or South, whether you wish one Rose or 1,000, here is a Rose which has our unqualified endorsement. It will thrive abundantly in almost any reasonable location. The flowers are large, full and double, and most exquisitely formed. The petals are so firm they look like wax, softly curled, colored cream with flesh tint tips, buff yellow base and the center a heart of pink. Perfect buds. The flowers are borne on long, strong stems, just right for making bouquets. Fragrance is delightful. You will admire the foliage, too, deep green leaves on red stems and the new growth of rich garnet; the plant will grow for you vigorously, is almost the hardiest of this class and blooms abundantly. Price, one-year-old plants, 15 cents each; two-year-old plants, 60c each.

MADAME FRANCISCA KRUGER

A really remarkable yellow Rose. We class this as one of the best among the yellow shades. A strong, vigorous grower, blooming constantly and much harder than the average Tea Rose. Stands heat and cold better than any of its color. Flowers beautifully formed, large, full and double and of coppery yellow color, superbly tinted. This Rose is a great favorite with us because of its splendid merits. Price, one-year, 15 cents; two-year, 60 cents.

BRIDESMAID

One of the Most Beautiful of Pink Tea Roses

This variety is valuable for cutting and does finely in the open ground; a sport from the old and popular pink Tea, Catherine Mermet, but of a fine, clear, dark pink, much deeper and more constant than Mermet. The bush is a strong, vigorous grower, bearing its flowers on long, sturdy stems. Altogether one of the finest Roses for garden culture and one which is a universal favorite for all occasions. Price, one-year, 15 cents; two-year, 60 cents.

THE BRIDE

Standard White Rose of Excellent Form and Color

There is no other white Rose more satisfactory than the Bride. The buds and flowers are unusually large, well formed and deliciously perfumed. When planted in the open ground the flowers are sometimes found to be delicately tinted with pink, making it exceedingly attractive. It is of a strong and healthy growth; and a profuse bloomer. The blooms are of the most suitable form and quality for cut flowers. Price, one-year, 15 cents; two-year, 60 cents.
PRESIDENT CARNOT

It is a Rose of the largest size, beautiful both in bud and open flower. The buds come on long, stiff stems, in clusters of from six to twelve. Each individual flower stands out distinct on its stem. No crowding as in the case of so many Roses that bloom in clusters. The color is distinct and novel, a lovely fawn, shading to pearl. It often measures five to six inches in diameter. We have no hesitation in saying that this charming Rose will become as popular as La France, as it has all the good qualities of that Rose, and at the same time is so distinct that it attracts immediate attention. It is, indeed, a wonderful Rose—one that everybody can grow and bloom. Price, fine young, strong plants, 20 cents each; fine two-year-old plants, 60 cents each.

MRS. B. R. CANT

A Great Rose

This beautiful new Rose, of English origin, we especially recommend for outdoor cultivation as one of the best, if not the best, Rose of its class and color now in cultivation. One of the kind that we can not have too many of. Exceedingly hardy, producing in marvelous profusion deep crimson-pink flowers perfectly double; delightfully fragrant. Buds large, pointed and beautiful. Price, 15 cents each; two-year-old plants, 60 cents each.

OPHELIA

The color is one so difficult to describe that any description can only be a partial one, and gives but a faint idea of the superb beauty and richness of the shades. Salmon-flesh, shaded with rose. Buds of unusual attractiveness, opening full and double. Habit excellent, growth strong, produces flowers on long stems, well up above the foliage, and in great profusion all summer. Hardy in almost all localities. Grand for forcing or outdoors. Price, one-year, 20 cents; two-year, 60 cents.

HELEN GOOD

"Delicate Pink in Color—Belongs to the Cochet Family"

Helen Good is a genuine Cochet, being a sport from Maman Cochet. It is identical in foliage, growth, size and shape of flower, different only in color. It is a delicate pink, resembles Golden Gate color and is fully distinct from Maman Cochet. Price, one-year, 20 cents; two-year, 60 cents.

MADAME JULES GROLEZ

RED KAISERIN AUGUSTA

This magnificent Rose is exceedingly free blooming, with very large, finely formed flowers. The color is a distinct and charming shade of cherry-red. The fine form and attractive shape of the flowers make them excellent for cutting. It is a remarkably strong, healthy growing variety, and is as hardy as the Hybrid perpetuals. Price, one-year, 20 cents; two-year, 60 cents each.

DUCHESS DE BRABANT

(Summer blooming, hardy with protection.) A bright China Rose, with coppery yellow center, ends of petals flushed with carmine. A beautiful combination of coloring. Cochet. Price, one-year, 20 cents; two-year, 60 cents each.

CORNELIA COOK

The buds are most beautiful, of immense size, and are borne up high on massive stems, and with their round, full, heavy form, carry an air of grace and dignity quite unusual. The flowers are the clearest, snowiest white, and are arranged in the most faultless and symmetrical manner. Cornelia Cook has the largest bud of any white Rose. Price, 15 cents each; large two-year-old plants, 60 cents each.

PAUL NEYRON

"Among the Foremost Roses of the World"

Paul Neyron enjoys the distinction of producing the largest of Roses. The plant blooms two or three times a year. The color is clear pink, shading to rose—most beautiful in the massiveness of the blossoms. Very fragrant with mild touch of apple blossoms. The Rose is very strong and vigorous and is considered by Rose growers as being among the six Roses of the world best suited for outdoor planting. Price, one-year, 30 cents each; large two-year, $1.00 each.

When two-year-old Roses are wanted sent by mail add 10 cents per plant for postage.
GRUSS AN TEPLITZ
The Sweetest, Richest Crimson Hybrid Tea Rose
Called by some growers Virginia R. Coxe. The intense, dazzling color of this Rose is found in no other variety. Fiery crimson, shaded with a dark, velvety sheen, totally unlike any other color in the world. Large, handsome, moderately double flowers. Produced in wonderful profusion throughout the whole growing season; in fact, it is always in bloom. The flowers are produced singly, sometimes in clusters, producing a gorgeous effect on the lawn or in the garden all summer through. The fragrance of Gruss An Teplitz Rose is unequalled by that of any other variety under cultivation. It is a strong and sturdy grower, often attaining a height of four or five feet, is perfectly hardy in all sections and is one of the finest of many splendid Roses that have come to us from Europe. Price, 20 cents each; two-year-old plants, 60 cents each.

ETOILE DE LYON
This magnificent Tea Rose is a rich, golden yellow; a strong, healthy and vigorous grower; immense bloomer, bearing flowers and buds early and late. Flowers are very deep, rich and full, excellent substance, very sweet. Surely one of the best and most beautiful Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold; frequently standing the winters here uninjured in open ground without protection, and blooming nicely all through the hottest part of the summer. Price, 20 cents each; large two-year-old plants, 60 cents each.

BEAUTIFUL BESSIE BROWN
“A Great Outdoor Rose”
A grand hardy Rose. Again we desire to call your attention to this magnificent Rose, which maintains itself as one of the best that has ever been introduced into this country. It has unsurpassed beauty of a totally distinct character, bearing large, full, deep and double flowers profusely in the open ground all through the summer. The color is almost pure white, though sometimes flushed with pink; petals large and of fine form. Price, one-year-old plants, 20 cents each; two-year-old plants, 60 cents each.

MADAME PAUL EULER
Out in California and the Pacific Coast, this Rose is so well thought of that it has been rechristened “Prima Donna.” The color is a lovely shade of deep rose pink, petals waved or undulated on the edges, giving it an elegance of form, seen in no other Rose. Good for forcing or outdoor growing. Price, 20 cents each; two-year, 60 cents each.

MARIE GUILLOT
The Queen of White Roses
We recommend it as one of the most reliable white Tea Roses in cultivation, especially for outdoor culture. The color is pure white, sometimes faintly tinged pale yellow. The flowers are beautifully made, very large, full and double; the buds are very pretty, of sweet fragrance. Anyone who has not seen this splendid variety growing at its best in the open ground cannot conceive of the lovely beauty of its large, bold, handsome flowers. Price, one-year-old plants, 15 cents each; two-year-old plants, 60 cents each.

KAISERIN AUGUSTA VICTORIA
A Superb, Hardy White Rose
This marvelous Rose has had many rivals for the place it still retains as the greatest white Rose in existence. Strong, sturdy grower, flowering with the utmost freedom. It holds first place as the most popular of white Roses for general planting. From early spring until late fall its glorious full double flowers in all their perfection are produced continuously on long, stiff, erect stems; color, delicate creamy white, with a delicious magnolia-like fragrance, exquisite buds, absolutely hardy. Price, one-year-old plants, 20 cents each; two-year-old plants, 60 cents each.

MADISON
The Grand White Rose
One of the most beautiful Roses we know of. The petals are of enormous size and of ivory-like substance. The flower is unusually long and pointed, and retaining its shape and form practically to the last. A strong characteristic is the way it unfolds its guard petals, the inner petals retaining that beautiful spiral form, making it perhaps the most model shaped flower known. The color is a nearly cream. It is also marvelously freeblooming and very sweet-scented. Price, one-year, 20 cents; two-year, 60 cents.

When two-year-old Roses are wanted send by mail add 10 cents per plant for postage.
MABEL DREW

A truly magnificent Rose, superb in every respect. It is exquisitely shaped, with smooth, circular petals of great substance, arranged in perfect symmetry. The blooms are large and full, carried on strong and erect flower stalks. The color is a deep cream in the young state, to intense canary-yellow in the center as the flower develops. It is a hybrid Tea Rose with a deliciously refreshing perfume. The flowers are produced continuously and in great profusion. A vigorous grower with rich cedar-green foliage. **Price, 20 cents each; two-year-old plants, 60 cents each.**

WILLIAM SHEAN

“Very Free Blooming and Distinct”

This is one of the most unique of Roses, both in color-tones and contrast. The flowers are a beautiful pure pink, with delicate tinting. The flowers are of immense size and substance, and of perfect form. The plant makes a sturdy, well formed bush that will give satisfaction anywhere. Very free blooming and distinct. **Price, strong one-year-old plants, 20 cents each; two-year-old plants, 60 cents each.**

HERMOSA, THE OLD FAVORITE

Everybody knows this famous variety. It has been held in high esteem for many years and will always be popular, as it embraces so many desirable traits that go to make up the ideal Rose. It is hardy as an oak and always covered with its clear pink blooms. **Price, 15 cents each; two-year-old plants, 60c each.**

DOUBLE WHITE KILLARNEY

An offspring of the Pink Killarney and is one of the most exquisite white Roses grown. The long, full buds are handsome in shape and the full-open flower most refined and beautiful in form and texture. **Price, two-year, 75c each.**

MADAME EUGENE MARLITT

One of the greatest garden Roses, wonderfully strong growing, making a sturdy bush about four feet high; heavy leathery foliage like June Rose; free from insects; bears enormous clusters of large full double crimson flowers of extraordinary beauty and exquisite fragrance. Blooms all the time. One of the great modern Roses, For any purpose, anywhere, has no superior. **Price, 25 cents each; two-year-old plants, 75 cents.**

PREMIER

A magnificent new variety of large size and distinct character; very deep rose color; the broad roll of the outer petals creating most interesting lights and shadows. It is practically thornless. **Price, one-year, 20 cents; two-year, 75 cents.**

MADAME ABEL CHATENAY

Further trials each year only serve to strengthen our belief that this is one of the greatest hybrid Tea Roses of its type; color, rosy carmine, with darker shadings; reverse of petals pale salmon. Splendid in the open ground, where it is absolutely hardy. Beautifully formed flowers, full, deep and double. A strong grower and a free bloomer. **Price, one-year-old plants, 20 cents each; two-year-old plants, 60 cents.**

---

Vestal & Son.  March 27, 1923.
Little Rock, Ark.

Sirs: The plants I ordered of you early in the month came in excellent condition and was delighted with them, but we had a very hard freeze soon after I put them out and I lost them, so am ordering more. Thank you in advance for nice plants.

Respectfully,

MRS. W. A.  Bellevue, Texas.

---

Vestal & Son.  April 8, 1924.
Little Rock, Ark.

Dear Sirs: I wish to thank you for the flowers replaced in my recent order. They were in splendid condition and all of the last seem to be doing nicely. I also thank you for the extra plants.

Very sincerely,

MRS. H.  Sherman, Texas.

---

When two-year-old Roses are wanted sent by mail add 10 cents per plant for postage.  

--22--
THE GET ACQUAINTED ASSORTMENT OF ROSES

Have you been discouraged by your attempts to have Roses in your garden? These truly wonderful varieties, grown under our personal observation in the greatest Southern Rose Nursery, will encourage you, delight you, if planted this spring in your garden —if you plant and care for them according to the sure and simple directions found elsewhere in this catalogue. We want you to know our Roses better and we have selected these varieties, each one at the top of its class for size, form, color, and to know good habit as to blooming and growing. Price, one each of the fifteen new and rare Roses, one-year-old, $2.50; two-year-old, $9.00

MADAME EUGENE MARLITT

One of the greatest garden Roses, wonderfully strong growing, making a sturdy bush about four feet high; heavy leathery foliage like June Rose; bears enormous clusters of large full double blossoms, further adorned by a profuse display of lovely foliage. The flowers are large, rich, copper-yellow, with intense yellow base, and are carried well above the foliage. One of the great modern Roses. For any purpose, anywhere, has no superior.

WINSOME

A crowning masterpiece of modern times, with a hardy vigorous constitution, growing to perfection in almost any soil or situation. It has the most magnificent foliage, a continuous bloomer of deep full double flowers, the beauty of which is nothing short of superb, a deep cherry-rose.

VICTOR

A sweetly fragrant Rose, having fine bronzy buds. The flowers are large, full and globular, and are carried well above the foliage upon rigid and strong stems. The flowers are large, rich and delicious. The color is a deep rose and Carmine, edges of petals Carmine-lake.

HELEN CAMBIER

Very free blooming, flowers of splendid substance and a delightful shade of deep, rich, golden-yellow. In extreme heat, becomes a deep amber color. The buds are full and firm, lasting a long time when cut.

RADIANCE

A brilliant rosy-carmine, displaying beautiful rich and opaline-pink tints in the open flower. Radiance is a Rose that does well everywhere, a fine grower and free bloomer, and no prettier pink Rose grown.

MAMAN COCHET

A most wonderfully beautiful Rose of great value. The beautiful elongated buds and full bloomed double flowers are exquisitely charming, while the fragrance is rich and delicious. The color is fleshly pink, with the inner side of petals silvery rose.

MADEMOISELLE FRANCISC KRUGER

A vigorous grower and constant bloomer for out of doors; large blooms of deep copper-yellow, tinged with pink; always beautiful.

COLUMBIA

Of distinctive merit, being an extremely strong, rank grower, blooming with the greatest freedom, the buds are carried on long, stiff, erect stems, largest size imaginable, open flowers often measuring six inches across, full of petals and of wonderful depth, which it retains in perfect formation. Very fragrant. Color, clear imperial pink, deepening as it opens to glowing pink.

KAISERIN AUGUSTA VICTORIA

This marvelous Rose has had many rivals for the place it still retains as the greatest white Rose in existence. Strong, sturdy grower, flowering with the utmost freedom. It holds first place as the most popular of white Roses for general planting. Color, delicate cream-white, with a delicious magnolia-like fragrance, exquisite buds, absolutely hardy.

WM. R. SMITH

A vigorous, healthy grower, excellent in quality and beautiful in bloom. When cut, the blooms will last a long time, and most beautifully formed. The petals are so firm they look like wax, softly curled, colored cream with flesh tint tips, buff yellow base and the center a heart of pink. Perfect buds.
DWARF POLyanthus ROSES

Plant Baby Ramblers for Bright Edging. They Bloom Unceasingly.

These are entirely distinct from the larger flowered Roses and there is a place for both in every garden, being so hardy and adapted to so many uses. Masses of 25 or more together will be found to make a very effective planting. Price of all Baby Ramblers listed on this page: one-year-old plants, 20 cents each, $1.50 per dozen; two-year-old plants, 60 each, $6.00 per dozen.

CLOTILDE SOUPERT

Known the world over as one of the very best of all bedding Roses. A strong, dwarf grower and a truly wonderful bloomer, producing cluster after cluster of the finest formed flowers. Full and double, and deliciously sweet. Color effect is beautiful ivory-white, shading toward the center to silvery-rose. Price, one-year, 20 cents; two-year, 60 cents each.

BABY DOLL

Flowers Borne in Clusters, Highly Fragrant

This delightful little “sweetheart” Rose is an everblooming Polyantha. The color is absolutely new, and quite startling in its brilliancy—golden-yellow tipped with clear, bright cerise. The little buds and blooms are perfect in form, elegantly finished and borne in small panicles or singly.

GEO. ELGER

A superb Polyantha Rose with just sufficient of Tea Rose blood to make it different from any in its class. It produces great quantities of lovely little buds of golden yellow, opening into miniature symmetrical Flowers. Each bush is so loaded with blooms that they resemble a huge bouquet. Like all Roses of this class, it is free in growth and bloom, blooming all summer. Hardy everywhere, with some protection. Foliage bright, attractive green. Excellent companion for the Baby Ramblers.

CATHERINE ZEIMET

White Baby Rambler

This is surely a beauty. It grows to a height of 15 to 20 inches and produces double, pure white flowers in wonderful abundance. It has a and very attractive, a sheet of white and always in bloom.

ELLEN POULSEN

Dark, brilliant pink; large, full, sweet-scented, vigorous bushy habit, most floriferous; very fine.

EDITH CAVELL

This new Baby Rambler is an ideal Rose for massing, bedding or for pot culture. The flowers, which are produced in huge clusters, are of a bright, cherry-crimson color which does not fade. Superb. The best of all the Baby Ramblers for pot culture.

GRUS AN AACHEN

Golden-rose with shadings of red; beautifully formed, well-filled flowers; splendid for massing.

MLLE. CECIL BRUNER

A popular cluster following bush Rose flowers in coloring, rosypink or creamy white ground. The variety is a free bloomer and a fine bedding sort.

THREE INTERESTING NEW BABY RAMBLER ROSES

Entirely distinct novelties, new in color and the freest flowering of this type yet introduced.

CHATILLON ROSE. We believe that this will become one of the most popular of this type, its color, graceful habit of growth, freedom of flowering and the persistency with which the flowers remain on the plant are all that can be wished for. The flowers are semi-double, perfect in formation, about 1½ inches in diameter, in color a silvery crimson which gradually passes to a white centre giving a most pleasing bicolor effect; these flowers are produced in great sprays of from 15 to 50 or more flowers to a spray, these frequently remaining in good condition for three weeks.

IDEAL. The darkest colored of all the Baby Roses, an intense rich lustrous garnet, the flowers are not large but are produced in very large trusses and are very effective, of compact habit of growth, and remarkably floriferous.

LAFAYETTE. An entirely new break in the Baby Rambler type, with brilliant cherry-crimson flowers as large as Paul’s Scarlet Climber; produced in immense branched trusses (we counted over forty flowers on one branch), free and continuous blooming; a splendid Rose either when planted as a single specimen or massed in quantity.

Price, one-year-old plants, 30 cents each; two-year-old plants, $1.50 each.

When two-year-old Roses are wanted send by mail add 10 cents per plant for postage.
A HARDY EVERBLOOMING PINK CLIMBING ROSE

"CLIMBING COLUMBIA"

Shown in Natural Colors on Back of Cover

THE LATEST AND MOST BEAUTIFUL ROSE OF RECENT INTRODUCTION

Climbing Columbia introduced and offered for sale only by us. This Rose originated here on our place and no stock of it has yet been sold to anyone. We control the entire stock of this magnificent Climbing Rose, so don't be misled by the claims of others. This Rose is a sport of the well-known Hybrid Tea Rose, "Columbia," and has all the desirable features of its parent, with a remarkable climbing tendency, growing 10 to 15 feet in a single season. Foliage deep glossy green, immune from disease and insects. Hardy in any location. Blooming with the greatest freedom the entire season, equally as well in the far South as in the North. Buds and blooms of immense size, often measuring six inches in diameter, and perfect formation, borne singly on long shoots, thus making it an ideal one for cutting. Buds long and pointed, same as "Columbia," opening full and double. Petals large. Color, clear imperial pink with paler edges, beautifully dark veined; delightfully fragrant. This Rose has so many good qualities that we predict it will soon be one of the leaders in its class, and those who are fortunate enough to secure a plant of it this season will be able to enjoy its beauty and be the envy of their less fortunate neighbors for several seasons, as our stock is limited, and orders will be filled in rotation in which they are received. Price, strong first size or one-year-old plants, from 2½-inch pots, 30c each; two-year size, $1.00 each. All grown on their own roots, and good, clean, healthy stock.

You Surely Have a Place for Some of the Perfectly Hardy Climbing Roses!

You Can Use Them on PORCHES ARBORES PERGOLAS CLOTHES-POSTS, AND OLD STUMPS OF TREES

Grow them on walls to hide unsightly buildings, on tops of banks to hang over the retaining walls; use them in tree-form and have one at every fence-post around your place.

Photo taken April 20, 1922, of the original plant of our new Rose, Climbing Columbia, now three years old. This plant has bloomed continually through the summer and now at this time, November 10th, is in full flower, with many beautiful full blown flowers and buds in all stages of development. In 1921 the last flower from this plant was cut December 18th, a beautiful long stemmed flower, five inches in diameter. Be sure to include Climbing Columbia in your order.

"Great Trial Collection of Vestal Roses"

8 ROSE BUSHES FOR $1.00—12½ CENTS EACH

More than fifty thousand of these great trial collections sold to date. Here is the greatest collection of Roses for the money ever offered by anyone. We stake our reputation on this collection. We have made it the basis for a world-wide reputation, and up to date over 55,000 collections have been sold to satisfied customers. All magnificent plants. Sure to bloom the first year. A trial will convince you. Think of the pleasure from such a small investment.

Our stock of Roses contains many very fine varieties which our catalogue does not describe in detail, every way the equal, if not superior, to the popular favorites.

Among these Roses are some of the finest ever grown by anybody anywhere: Roses that combine such beauty of form, richness of color, freedom of bloom and hardiness and health as to make them the equals, if not the superiors, of many popular favorites. We want you to know these Roses as we do, hence we make this remarkable offer. If you will send us $1.00 we will forward eight of them, all different kinds, no two alike, properly labeled, postpaid, and safe arrival guaranteed. You will not be disappointed in these Roses—we take our word for it. They will bloom this year throughout the season, and will continue each succeeding year to bloom more profusely and be a source of joy forever.

This offer is made only to induce you to give us a trial, and it will be to our interest to send only a fine assortment of good Roses, well rooted, that are sure to bloom freely the first year.

—25—
CLIMBING AMERICAN BEAUTY

Here we have the latest triumph in American Rose growing, the true Climbing Beauty in all its promise and splendor, the realized dream of every Rose grower. Just the same as the American Beauty practically. Large flowers, each produced on separate stems, vivid rose-crimson in color, with delicious fragrance. Foliage tough and leathery, deep, glossy green, sun and insect proof. The youngest plants attain a height of 10 feet in a single season. Hardy and as sturdy as an oak in all localities. Splendid in the South. For single specimens, trailing over verandas, for trellises, anywhere and everywhere, this Rose will give the greatest satisfaction. Words of description can hardly do justice to this magnificent Rose. Absolutely true to name, on its own roots. Strong one-year-old plants, 20c each; two-year-old plants, $1 each.

RUTH VESTAL

A strong and vigorous grower and true everbloomer. Pure snow-white buds, and flowers are of the largest size and perfect form. Exceedingly fragrant. Price, 20 cents each; two-year-old plants, 75 cents each.

MRS. ROBERT PEARY

A great, White, Hardy, Everblooming Climbing Rose.

(Ori Climbing Kaiserin Augusta Victoria)

The first white, hardy, everblooming Rose. It is an offspring of that grand variety, the best pure white, hardy, everblooming Rose, Kaiserin Augusta, Victoria. The flowers are something grand; they are the equal of the finest and most beautiful cut flower Roses; of splendid substance; extra large, full, deep and double and are produced on long, stiff stems. Buds are long and pointed. In bud and flower it is truly beautiful, has a delicious fragrance—just like cherry blossoms. If you want a quick-growing, hardy climber, sure-to-bloom Rose, one that will give you flowers this season, this is the only white variety that will do it. Price, 30 cents each; large size, $1.00 each.

CLIMBING OPHELIA

A Climbing Sport of the Well-Known Rose, Ophelia

Ophelia stands today as the best Rose of its color—a delightful shade of salmon-flesh pink, shading to yellow at the base of the petals in the open flower, making it very attractive. A color lacking in the type of Climbing Roses. It grows well and blooms well. The growth is extremely vigorous, an established plant in good garden soil will develop growth to the extent of ten to twenty feet in a season and is sufficiently hardy to stand our average Southern winters without protection. Nice one-year-old plants, 30 cents each; strong two-year-old plants, $1.00 each.

CLIMBING SUNBURST

A climbing sport of that peer of yellow Roses, Sunburst—the much-sought new French Rose. A true pillar Rose of strong growth, bearing freely: very large cadmium yellow flowers, beautiful either, in bud or open flower. One-year-old plants of this variety only 20 cents each; two-year-old, $1.00 each.

CLIMBING RADIANCE

Pink American Beauty

This grand, giant-flowering Rose stands head and shoulders above all other Roses of its class. The flowers, which are all splendid form, are large and full, and somewhat of the June Rose type. A lovely rose-pink color. A fine variety, especially on account of its value $1.00 each. Very few six-flower variety. Very few six-flower variety. Extremely fragrant. Price, one-year, 35 cents each; two-year, $1.50 each.

Little Rock, Ark.

Dear Sirs: I have just received the Rose bushes you sent me, and wish to thank you very kindly for your prompt and fair dealings. I shall remember you when in need of future orders and also recommend you to my friends.

Yours truly,
L. Altus, Okla.
**SILVER MOON**

The flowers run four and one-half inches and over in diameter, clear silver white in color, petals of great substance and beautifully cupped. The center is filled with bright yellow stamens, a very attractive feature. It is floriferous, the plants literally covering themselves with great Clematis-like flowers. They are borne on strong stems, twelve to eighteen inches long, and are delicately fragrant. The foliage is large and abundant, bronze-green, glossy and practically immune from mildew. **Price, 20 cents each; two-year-old plants, 75 cents each.**

**DR. W. VAN FLEET**

Dr. W. Van Fleet bears flowers which, when open, run four inches and over in diameter. The center is built high; petals beautifully undulated and cupped. The color is a remarkably delicate shade of flesh pink on the outer surface, deepening to rosy flesh in the center. The flowers are full and double, of delicate petals, buds pointed. It has been a great favorite. **Price, one-year-old plants, 20 cents each; two-year-old plants, 75 cents each.**

**AMERICAN PILLAR**

If ever there was a rose constituted to stand the trying conditions of our American climate, we have it in this unique, hardy, free-blooming climber. It will thrive in poor soil as well as in rich, and insists on growing vigorously. It has stout, thick, curving branches, rather thorny, but furnished with an abundance of glossy dark green leaves. It is one of the first to start growth in the early spring, and here holds its leaves of lively green till far past Thanksgiving Day, and it is seldom troubled with insects. It begins blooming here early in May. Single flowers of rich, rosy pink approaching brilliant carmine just a glint of white in the center, and long stamens of beautiful golden yellow. The blossoms—four to six layers deep—are arranged in large-flowered clusters all over the plant. We estimated certainly not less than 3,000 flowers on one young bush. A tremendous grower, with its thick, vigorous canes, it is without doubt one of the most valuable single climbing Roses in existence and is unsurpassed for planting singly or as a hedge. In autumn it is again a brilliant show of color with its pretty clusters of bright red seed-hips which remain on the bush until well into winter. **Price, 20 cents each; two-year-old plants, 75 cents each.**

**PAUL'S SCARLET CLIMBER**

It is not a Rambler, but an Entirely Distinct Hybrid

And without question the most important addition to our list of Climbing Roses in many years. No other Rose in any class can compare with it for brilliancy of color, which is a vivid scarlet that is maintained without burning or bleachng until the petals drop.

The flowers are of medium size, semi-double, very freely produced in clusters of from three to twenty flowers each on much branched canes, the plant literally covering itself with flowers. **Price, 20 cents each; two-year-old plants, $1.00 each.**

**THE NEW ROSE**

**MARY WALLACE**

Introduced in 1924 by the American Rose Society

Vestal & Son was one of a select number of prominent Rose growers favored by participation in this first distribution of new Roses through the Federal Bureau of Plant Industry and the American Rose Society. The late Dr. Van Fleet, who originated such choice climbing varieties as "American Pillar," "Silver Moon" and "Dr. Van Fleet," has bequeathed to posterity the fruits of his latest efforts directed towards perfected "dooryard" types. Mary Wallace is the first of this series to be released under Federal contract over the description and price of which is regulated under contract, to be as follows:

"MARY WALLACE. (W. C. 124). Pillar Rose type. Makes a fine, strong, self-supporting Rose 6 to 8 feet high, with large, glossy foliage, resistant at Bell to all diseases. Blooms with great freedom in spring, and bears a considerable number of fine buds in summer and fall. Flowers well-formed, semi-double, bright clear rose-pink, with salmon base to the petals. Largest in size of any Wichuriana hybrid, generally exceeding 4 inches in diameter. **Price, one year, 30 cents each; two-year, $1.00 each.**

Jos. W. Vestal & Son, Nov. 1, 1924,
Little Rock, Ark.

Gentlemen: I wish to thank you for the lovely condition the Chrysanthemums are in. Just as fresh and live as if they had not been disturbed. I have planted them and they are all looking beautiful. I anticipate much pleasure from these plants and would order more if I only had room for them. Many thanks also for the two extra orders Enclosed find a small order for Roses, so please send immediately.

MRS. La Marque, La.

When two-year-old Roses are wanted sent by mail add 10 cents per plant for postage.
ROSAIRE

A great improvement on the popular Thousand Beauties (Tausendschon), and consequently a welcome addition to this section. While it has the same habit of growth and general characteristics as Thousand Beauties, the color is superior—a deep, velvety crimson of a shade of cerise-pink or carmine. Those who have admired Thousand Beauties will surely add this improved variety to their collection because of its lovely coloring. Price, 20 cents each; two-year, 75 cents each.

TAUSENDSCHON

OR THOUSAND BEAUTIES
A Grand Hardy Climbing Rose

A beautiful new climbing Rose which has found much favor at first, but as they age the most beautiful shades of crimson-rose, cerise, blush and soft white with a gleam of light yellow, soft crimson and intermediate tints; a combination of charming coloring, which is bewildering. Price, 15 cents each; two-year-old plants, 75 cents each.

MARECHAL NIEL

THE FAMOUS ROSE

The fame of the superb yellow Rose, Marechal Niel, with its large, deep, golden-yellow flowers, is world wide. It is almost universally held to be the finest rose for indoors or outdoors, where the climate admits of its cultivation. Its magnificent golden-yellow flowers are almost massive in dimensions, and reports from growers tell of single plants showing one to two thousand blooms at a time. It is of strong growth and beautiful foliage. It is grand in petal, shape, color, fragrance, lasting qualities and size, an extremely free bloomer, and flowers throughout the season. Contrary to many Roses, which lose their color after opening, Marechal Niel decidedly improves and takes a deeper yellow after being kept for a day or two. The tea fragrance is strongly pronounced in this Rose. It is a variety which practically stands by itself. Price, 20 cents each; stronger plants, 50 cents; two-year-old plants, $1.00.

CLIMBING METEOR

A superb everblooming climbing Rose, a sport from Meteor, famous for its magnificent flowers. True climbing habit, attaining height of 10 to 15 feet in a single season. Price, persistent bloomer, with magnificently formed buds and flowers. Dark, velvety crimson. The equal of any Rose in cultivation. Hardy, with protection, and will give absolute satisfaction. Price, 20 cents each; two-year-old plants, 75 cents each.

GAINSBOROUGH

Its delicate coloring is difficult to describe, being elegantly tinged fawn, almost white and lustrous as satin. When in full bloom it resembles a large fine, fluffy Peony, but without a suggestion of stiffness, often measuring eight to nine inches in diameter. Price, one-year, 25 cents each; two-year, $1.00 each.

REINE MARIE HENRIETTE

A strong growing and climbing Rose, making a grand pillar Rose in the South. Flowers full and well-formed; rich, brilliant crimson. A grand Rose and a fine companion to Marechal Niel. Try it. Price, 20 cents each; large size, $1.00 each.

CLIMBING MADAME CAROLINE TESTOUT

Brilliant satiny Rose, deepening at center and bordered with silver-rose; immense broad petals and extremely large flowers. Price, 20 cents each; two-year, $1.00 each.

When two-year-old Roses are wanted send by mail add 10 cents per plant for postage.
Miscellaneous Bedding Plants and Bulbs

ACHRYANTHUS
Ranks with Coleus as a bedder, but more hardy. Retains its brilliant coloring all the season. Price, 10 cents each; 12 for $1.00. BRILLIANTISSIMA. Leaves and stems of a beautiful ruby red. Splendid for bedding. McNALLY. Golden yellow, veined green. EMERSONII. Leaves of glittering garnet, reverse side purple wine-color; veins and stems carmine.

ALTHERMANTHERAS
OR DWARF COLEUS
Price, 10 cents each; 75 cents per dozen; $4.00 per 100. AUREA NANA. It is admirably adapted for ribbon lines, carpet bedding, or massing front lines in foliage beds. It {is} of compact growth. Color of foliage, bright golden yellow. BRILLIANTISSIMA. Crimson, scarlet and pink. Its gorgeous color gives it the name of “Rainbow Plant.” PARYONCHOIDES MAJOR. It is the Althernanthra so largely used in all ornamental carpet gardening. It grows only about six inches high, and can be kept much shorter by shearing it. The color is as bright when first planted as at any other time, and this is kept constantly. The color is brightest carmine.

ACALPHAS
Brighter and More Attractive than Coleus. FIRE DRAGON (Acalpha Tri-color). A most wonderful plant, surpassing the finest Coleus or Begonia in the rich color of the leaves, which are rich and beautiful. Mottled and blotched with crimson and scarlet on a green background. Foliage extra large and maintains its marking regardless of summer heat. Its most important feature is its wondrous qualification for bedding, as it will stand bedding out like Coleus; in fact, in the sunniest place it produces the highest coloring. Price, 15 cents each; two for 25 cents.

AGERATUM
Useful in all summer bedding schemes, as well as for baskets and vases. In fact, they are indispensable for these purposes on account of the serious lack of blue shades among bedding plants. They appear to greatest value as an edging or massed in liberal quantities. Price, 10 cents each; $1.00 per dozen.
CHOICEST FLOWERING BEGONIAS

Price of All Begonias, Except Where Noted, 20 Cents Each

ARGENTEA GUTTATA. It has purple bronze leaves, oblong in shape, with silvery markings, and is in every way a most beautiful Begonia. Produces white flowers in bunches on ends of growth stems.

ALBA PICTA ROSEA. This is a seedling of the Alba Picta crossed with Rubra. Foliage rich green, spotted with white; flowers on long, pendant stems, similar to Rubra. Color, delicate rose; very free flowering.

MARGUERITE. Leaves a bronzy green, somewhat resembling Metalica, but giving a more bushy form. Light rose colored flowers.

M. DE LESSEPS. It is beautifully spotted with silver. A very strong, free growing variety that will succeed with ordinary care.

RED RUBRA. This Begonia is still a great favorite. The flowers are a rich coral red, hanging in large pendant clusters; these, combined with the rich green foliage, make it one of the best plants for house culture.

THURSTONII. A distinct and pretty shrubbery variety, with thick, heavy foliage, which is of a rich metallic green above and bright red underneath; the flowers are a fine pink, rising well above foliage.

GRACILIS LUMINOSA. As the name implies it is one of the most symmetrical and yet graceful plants we have ever known; very strong and robust, but still keeping its shape so as to make a very attractive winter house plant. The flowers, when first opening, are bright cherry, changing to clear coral red.

BEGONIA HAAGEANA

A shrubby variety, good grower and free bloomer; leaves triangular; under side of leaf and stem hairy; the surface of a lustrous metallic or bronze color, veined darker, flowers white. Price, 30 cents each.

BEGONIA CAROLINE LUCERNE

A superb new variety of the Coral Begonia, producing gigantic trusses of bronzy red flowers and flowering continuously from April to November. The foliage is dotted with silvery white. Blooms last from a month to six weeks, and are borne in immense clusters, almost hiding the plant. The color is bright coral-red, changing to a delicate pink. Nice plants, 30 cents; 3 for 75 cents.
THE BEAUTIFUL

STAR

BEGONIA

RICINIFOLIA. So called from its likeness to the Ricinus, or castor oil plant. The leaf is very large—will average a foot or more in diameter—and is separated into seven or nine large points, carried on thick, heavy stems, 18 inches or more in height; color a rich green, with reddish markings; surface velvety. In bloom it is magnificent; the panicle, composed of great numbers of individual pink blooms, is lifted high and spray-like, quite clear of foliage. One of the best for winter bloom, besides being ornamental in foliage. Price, 40 cents.

BEEFSTEAK BEGONIA

Sometimes called the "Strawberry Leaf" Geranium: very ornamental; leaves silver top, red underneath; very pretty flowers. Each, 20 cents.

New Begonia Brilliant

(New Everblooming Flowering Begonia)
Freest blooming variety known; of easy culture, low bushy habit, and literally covered the entire year with a wealth of beautiful Christmas red flowers with yellow stamens. It well merits the name of Everblooming Begonia. Price, 20 cents each.

BEGONIA SUNDERBRUCHII

A very ornamental species, belonging to the Ricinifolia section. The leaves are irregular and blotched red; rib is banded with a purplish-brown, under surface red. This makes a grand specimen plant and will enrich any collection of Begonias. The flowers are borne on strong stalks one foot above the foliage, in large panicles of pink and white. A superb Begonia. Price, 30 cents each.

GLOIRE DE CHATELAINE

A very valuable variety that bids fair to become popular. It is an easy grower, free flowering, excellent both as a house plant and for bedding purposes. Price plants, 15 cents; larger, 35 cents.

1924 TESTIMONIAL

May 8, 1924.
Vestal & Son,
Little Rock, Ark.
Dear Sirs: The flowers I ordered from you came today. They were in perfect condition and I am so well pleased with all the plants, I thank you very much for the extra plants.
Yours truly,
Mrs. S. W.,
Monroe, La.

BEGONIA MANICATA AUREA

Large, glossy leaves beautifully blotched with creamy white, with carmine etchings in the mature leaves. Flowers delicate blush white on long stems. It is easily grown and is one of the finest ornamental foliage plants for the house imaginable. Price, 30 cents each.
Mammoth Leaved Rex Begonias

"The Most Decorative of the Begonia Family"

The Rex division of the Begonia family has been a great favorite. In no other class of plants do we find the rich metallic foliage, lustre and various colors so satisfactorily blended as here. We find colors of bright green, silver colored, reddish bronze, as well as varieties of bright rosy plum color. The plants are grown exclusively for the great beauty of their foliage, as they make unexcelled pot plants. The Rex Begonia dislikes our dry atmosphere and bright sunshine, and thrives best in a rather shady and moist situation. The soil should be as near as possible of the nature of a mixture of loam, sharp sand, and well rotted cow manure. The soil should be light and porous. Price of Rex Begonia, good, strong established plants, 35 cents each; 3 different varieties for $1.00.

Where Grass Won’t Grow

These vines will cover the ground.

HARDY MOSS PINKS (Creeping Phlox). Pink and white flowers. Fifteen cents; $1.30 per dozen.

EVERGREEN HONEYSUCKLE. White flowers; recommended for embankments. Price, 35 cents; $3.50 per dozen.

MONEYWORT. Evergreen; will grow in dense shade. Price, 10 cents; $1.00 per dozen.

VARIEGATED GROUND IVY. Beautiful foliage; fine for covering graves. Price, 15 cents; $1.50 per dozen.

TRAILING HOUSELEEK. Yellow flowers; for edging and carpeting bare spots, especially in cemeteries. Price, 10 cents; $1.00 per dozen.

TRAILING MYRTLE. An excellent dwarf evergreen trailing plant that is used extensively for carpeting the ground under shrubs and trees, or on graves where it is too shady for other plants to thrive. It blooms early in the spring, making a mass of star-shaped violet-blue flowers, which continue at intervals throughout the summer. Price, 20 cents each; $2.00 per dozen.

FICUS ELASTICA

Rubber Plant

Very large, smooth, leathery leaves; evergreen foliage. The plant attains a large size and tree shape. Each new leaf is enclosed in a long coral red envelope, looking like a great red flower bud. Price, large plants, $1.00 each.

VESTAL’S HOUSE PLANT FOOD

If applied to your House Plants will produce almost immediate results, seemingly like magic. A few days after being used, little tender shoots will appear, plants will grow strong, droopy plants will revive. Easily applied, pleasant to use and we are pleased to recommend it. Fifty cents for a two-pound can.

Jos. W. Vestal & Son:

Dear Sirs: I received my flowers May 5th in perfect good shape, and I was more than glad to get them. You have treated me so nice until I must say enroll my name as one of your customers. I just love my flowers. I beg to remain, yours as ever,

Mrs. J. B. Hammesville, La.
FARFUGIUM GRANDE
(Leopard Plant)
A rare and beautiful ornamental foliage plant for pot culture. The growth is low and compact. Leaves eight to ten inches in diameter, and of a thick leathery texture, dark green, bright yellow spots. Price, nice plants, 25 cents each.

ANTHERICUM
COSMOSUM. A pretty variegated plant well adapted for use in hanging baskets, or as an edging for porch or window boxes, with graceful, 4 to 6-inch long, deep green foliage with a band of creamy yellow through the center. Price, 20 cents each.

ANTIGONON LEPTOPUS
(The Queen's Wreath)
A lovely climber from Central Mexico, with beautiful rose-colored flowers in racemes two feet long. The profusion of bloom is such as to give the resemblance of Roses at a distance. Described by the discoverer as the most beautiful climber he ever beheld. Price, 35 cents each; 3 for $1.00.

PANDANUS VEITCHI
Graceful curved foliage, light green striped with broad bands of pure white. An attractive decorative plant that stands ordinary house culture well and is always fresh and bright in appearance. Price, 50 cents each.

CHRISTMAS CACTUS
ALSO KNOWN AS LOBSTER CACTUS
An early flowering crimson scarlet variety, with long drooping flowers, borne in great profusion. Stems branching and hanging in bunches. Blooms from Christmas to Easter time. It grows with the greatest ease, requires absolutely no care, living for months without water, increasing in value yearly. Fine plants, 25 cents each; three for 70 cents.

---

Farfugium Grande

Pandanus Veitchi

Christmas or Lobster Cactus

Antigonon Leptopus
CAFE JASMINE

This splendid plant is a great favorite with all who know its true worth. The blooms are pure white and measure two and one-half inches across and are delightfully fragrant. The flowers are extremely fashionable; for this reason, together with its ease of culture, we feel sure of a lively demand. Price one-year-old size, 30 cts. each; two-year blooming size, 50 cts.

JASMINE, GRAND DUKE

This Jasmine is very easily grown, even small plants bearing a profusion of very double creamy white flowers, having a delicious perfume. It can be stored in a dry cellar in winter. Price, 15 cents each; larger, 30 cents each.

CONFEDERATE JASMINE

This makes an elegant hard wood climber, or can be trained to bush form. It bears large branches of pure white flowers, with the most delicious perfume. Price, 30 cents each.

CESTRUM PARQUI

Night Blooming Jasmine

A beautiful tender shrub of easy cultivation, producing beautiful white flowers in clusters, and in the greatest profusion, overpoweringly sweet at night. Price, 15 cents each.

CESTRUM DIURNUM

Day Blooming Jasmine

A handsome quick-growing evergreen shrub, producing quantities of sweet scented white flowers, valuable for cut flower work. Price, 15 cents each.

NEW MARGUERITE

MRS. F. SANDERS. Unlike all other Marguerites, its color is of the purest glistening white throughout, in size it frequently measures five inches across; the center of the flower is a mass of closely arranged fringed florets; these are surrounded or edged by the broad, shining white ray-petals, forming a flower which reminds one forcibly of a glorified double Pyrethrum. These are produced on long stems with a freedom not known in other varieties of the Marguerite, Price, young plants, 15c each; four for 50c.

GOLDEN SPOTTED ABUTILON

ECLIPSE. This is a novel and distinctive variety. The leaves are beautifully spotted with golden-yellow on a green ground. The flowers are orange-yellow, and are produced abundantly. An excellent plant for edging foliage beds. As a basket or vase plant, it is unsurpassed. As a specimen in the window or conservatory it has few equals. Price, 20 cents each.

PINK BRAZILIAN PLUME PLANT

(Justicia Carnea)

This plant is a native of Brazil and of the easiest possible culture, and seems to do equally well in all kinds of soil, and in any situation, requiring very little attention; it is, in fact, one of the few plants that everyone can grow successfully. It is a strong, rapid grower, and throws long shoots, each of which is tipped with the beautiful pink plume-like flowers, the ends of every petal drooping in a most charming manner. This new sort begins to bloom when the plant has only three or four leaves and is never out of flower afterward. If pinched back occasionally it makes a very dwarf stocky plant, frequently covered with 20 to 50 large pink flowerheads, lasting a long time. The foliage is also more persistent and highly ornamental, being heavy in texture and very velvety. Price, 30 cents each.

RED BRAZILIAN PLUME PLANT

(Justicia Sanguinea)

The same in every way as the Pink Plume Plant, except that the flowers are a deep cerise pink. Price, 30 cents each.
New Bedding Coleus

The Coleus, a plant very familiar to all, is one which, for bedding purposes, can not be excelled. The foliage is very beautiful in many of the good newer sorts, and shows a great variety of markings and fine combinations. It is used in great quantities in private places, in small gardens and in the public gardens and parks. The Coleus is used to best advantage in planting in ribbons of color in the borders along drives, in beds of various shapes, such as stars, crescents, triangles, circles and squares, as the foliage, being of such various colors, can be used with striking effect. Light colors against dark, with borders of contrasting color, which are easily obtained among the yellow, red, striped, mottled brown, blue-black, plum and other colored sorts, secure effects when used on a fine lawn or in the border, hard to make with other plants.

Vestal's Gorgeous Bedding Coleus. Price, 10 cents each; 75 cents per dozen; 100 plants for $5.90.

FOUR NOVELTIES IN COLEUS

Price, 15 cents each; three of any kind, 40 cents; ten for $1.25; except Harding

NEW GIANT COLEUS. Christmas Gem. (Brilliancy, or Dr. Ross). Leaves immense, 8 to 12 inches long. Looks like a Rex Begonia, and just as beautiful. Cannot be excelled as a pot plant. The name aptly describes the appearance of this variety, which belongs to the giant-leaved section; of strong, vigorous habit, growing from two to three feet high, with leaves often nine to ten inches long, which are of bright carmine, shading off to a deep maroon, the margin being yellow and green, the whole leaf having a rich velvety luster.

CHRISTMAS QUEEN. Has all the good qualities of Christmas Gem, but an improvement in the way of shadings, while center of leaf is wine color, with broad margin heavily spotted deep maroon.

C. W. SCHMIDT. Improved Setting Sun; center crimson-velvet, edged and spotted gold; very fine for potting in 4- and 5-inch pots; finest offered in the Coleus line.

NEW HARDING COLEUS. Harding Coleus, most beautiful, bright red leaves with brown, green-yellow edging. A capricious beauty, varying in expression with each day's development. The tiny clusters of new leaves are bright green with a cheerful carmine segment; the older leaves show a russet background broken up with cream and pink, while others frame a dappled wedge of crimson and maroon, with the most brilliant shades of clear green. Price, 20c each; three for 50c.

Coleus are very much subject to Mealy Bug, an insect resembling mould at the axis of the leaves. Frequent douches of soapy water will keep the plants clean. The suds from the weekly wash is excellent.

New Giant Rainbow Coleus Christmas Queen

It is difficult to describe this beautiful new large leaf Coleus. Its coloring is gorgeous and ranges from dark velvety maroon through shades of brown, green, pink, and yellow, the combination of color varying in each plant. Must be seen to be fully appreciated. Price, 20 cents each.
New and Rare Chrysanthemums

These Are Superb Sorts, Very Distinct Color, and Prize Winners Everywhere

Price, 15 cents each; six for 75 cents; twelve for $1.25. The Largest Flowering and Latest Novelties.

BLACK HAWK. The largest and most beautiful dark crimson scarlet yet introduced; looks like crimson velvet.

BETSY ROSS. This is one of the largest white Chrysanthemums on exhibition at fall shows. Flowers of fine form. A pure snow white, a good, strong grower, in all a unique and beautiful variety.

BOB PULLING. One of the grandest exhibition yellows of recent years; of wonderful size, composed of petals an inch and a half in width, and 10 inches deep.

BRONZE ELBERON. A grand bronze of large size and beautiful form.

CHIEFTAIN. A beautiful, incurving pink of perfect shape. Perhaps the finest incurved pink commercial variety in cultivation today.

CORNETO. A beautiful incurred pink and a good commercial variety. Fine form and a strong grower with clean foliage.

DICK WITTERSTAETTER. An intense shade of red. Color, distinct chamois or buckskin, of large size.

C. H. TOTTY. A glowing chestnut scarlet; flower, stem and foliage are alike enormous. One of the best.

ELBERON. Bright pink, finest incurred form, beautiful foliage and good stem, easy to manage.

GLENVIEV. The large Japanese blooms are dark bronze, sometimes showing a little of the Indian red lining.

GLEN COVE. Light lavender pink; few pinks excels this variety in size, and its sturdy stem admits of staging without supports.

GOLDEN ELBERON. Identical pink Elberon, in every respect except in color, which is yellow and is equally useful.

JOSEPHINE FOLEY. The best white introduced last year. Purest white, strong in growth and stem. Early midseason.

MARIGOLD. A monster yellow; flower unsurpassed both in size and color in its season.

MRS. E. KERSHAW. A splendid, warm bronze, with immense petals and artistically arranged.

MRS. J. LESLIE DAVIS. A very pleasing shade of pink, a sport from Wm. Turner, and in every way identical except that of its color.

ODESSA. Splendid incurved form, bright yellow. It eclipses all yellows in size and finish.

PURPLE KING. The nearest approach to purple. Tall double globed shaped flowers. Extra fine.

PINK TREASURE. Color a pleasing shade of pink of medium intensity. Incurved form flowers six inches diameter. Dark small foliage. One of our best new varieties.

ROSA RAISIA. A wonderful light pink of even shade throughout. Flowers of perfect incurred form on strong upright stems with large foliage.

RICHMOND. A new golden yellow; noticeable for its long blooming season, fine form, perfect fullness and silky finish.

ROMAN GOLD. A darker yellow than Golden Wedding.

TITANIC. Very large, as the name implies, even surpassing Wm. Turner in this respect. Probably the largest white, and of the easiest culture. Pure white in color, very broad, and deep flowers measuring fourteen inches in diameter.

VICTORY. A pure glistening white, with a decided waxy luster, fine stem, and foliage.

WILLIAM TURNER. Pure white bloom, incurred and very large. One of the finest of the large-flowered Chrysanthemums and a general favorite.

WHITE CHIEFTAIN. We are sure that this will prove an ideal white. Like its parent it holds in fine condition for a long time.

WHITE ELBERON. A white sport from Elberon. In other respects it is identical. One of our best varieties.

YELLOW WILLIAM TURNER. The yellow sport of William Turner, being the brightest yellow.

SPECIAL OFFER For $1.00 we will send to any address, postpaid, 12 Choice Chrysanthemums, our selection, distinct and different. You will not be disappointed by leaving the selection to us.
DECEMBER FLOWERING

To those having a small greenhouse, or are prepared to give them protection in any way, the following varieties can easily be had in flower at the Christmas holidays. Price, 20 cents each; set for $1.75.

CHRISTMAS GOLD. A late flowering Pompon. Very bright yellow, producing flowers one inch in diameter and does not mature until December.

DECEMBER GEM. A ball-shaped white, with pink stripe on edge of petals, giving a pink or pearly tint to the bloom.

DR. ENGUEHARD. Beautiful true pink. Ball shaped.

DECEMBER BEAUTY. White with light pink shading, which is more pronounced in the open flower. Of sterling merit.

DECEMBER GLORY. One of the best pure white for late flowering. Petals incure through to form a perfect globed shaped flower six inches in diameter.

EDWIN SEIDEWITZ. A beautiful late, incurved, bright pink, maturing from Thanksgiving to early December. Surpasses all late Pinks we have grown.

HARVARD. Japanese reflexed, very dark crimson; in perfection November 15th. and later.

HELEN FRICK. Color a beautiful clear pink, slightly deeper at the center.

NAGOYA. Fine late yellow; can be grown for Thanksgivng if desired.

SUNBEAM. A seedling from Odessa, of a brighter shade of yellow, maturing for Thanksgiving and later.

SUNGOLD. The brightest late yellow we have. Has strong upright growth and may be used for Thanksgiving or later. One of the new leading yellows.

SMITH'S PEERLESS. Color white with creamy cast. A good keeper and one of the new leading whites. Petals look and feel like wax.

TOWANTIC. An excellent pure white of fine, incurved form with excellent stem and foliage.

TEKONSHA. The best large flowering bronze, Strong upright growth. Those desiring a late bronze should not overlook this variety.

WHITE SEIDEWITZ. A pure white form of the beautiful pink Mrs. Seidewitz.

WHITE SURPRISE. Pure white with incurved petals, good stem with dark green foliage. One of the leading Thanksgiving whites.

One each of the Chrysanthemums described above for $1.75.

EDWIN SEIDEWITZ

EARLY FLOWERING

A selection of very early flowering varieties which will furnish an abundance of flowers under ordinary cultivation during October, after Dahlias and other tender plants have been cut by frost. Price, 15 cents each; $1.50 per dozen.

CLEMEN'TINE TOUSET. A very large, loosely incurving bloom, flowering early in October. Pure white.

CHRYSOLORA. This new variety can be briefly described as an early Col. D. Appleton, the standard yellow.

MRS. C. C. POLLWORTH. Derived from Chrysolora, showing similar shade of yellow color, with stiffer stems and better foliage.

OCOITO. White; fine large blooms on very strong stem; largely grown for its period, which is early midseason.

OCTOBER QUEEN. Snowy white, with incurving center and horizontal outer petals. Very promising as an early.

YELLOW TOUSET. The yellow sport from C. Touset, exactly like it save in color.

ROSE APHIS. An early Chieftain blooming two weeks earlier than that fine pink variety.

MRS. W. T. McNIECE. Rosy lilac, reflexed form, excellent upright growth.

UNAKA. A fine incurving bloom of a pleasing shade of pink.

One each of the Chrysanthemums described above for $1.25.

CULTURAL DIRECTIONS FOR CHRYSANTHEMUMS WHICH, IF FOLLOWED, WILL INSURE SUCCESS

WHEN TO PLANT. Any time after the ground can be worked, even up to June 20th, will give you good blooming plants in the fall. The Chrysanthemum is a gross feeder; if fed well the flowers will be large and the plant strong.

DISRUDDING AND STOPPING. When your plant is eight inches high cut back to a height of six inches. Allow four shoots to grow from this main trunk. When these four shoots are four inches high, pinch out the terminal bud and save three or four branches that will spring from each of these limbs. Allow these last branches to attain a height of nine inches, then pinch back for the last time. Allow one bud (flower) to each stem, and that a terminal bud.

WE HAVE THE FINEST AND MOST COMPLETE ASSORTMENT OF "MUMS" IN THE SOUTHWEST—CHEAPEST, TOO

WHEN TO LIFT. In localities subject to heavy frosts in October or November plants should be lifted into large pots or boxes and brought into the house and stored. After lifting drench thoroughly and never allow them to suffer for water. Give manure water, if possible, once a week. If protected from frost by sheeting, they need not be brought into the house till well into October, and when brought in place in a room without fire; give plenty of air when not frosty. In cold climate winter in cellar.

BLACK APHIS. Nothing destroys this troublesome insect so easily as clean cold water dashed on forcibly with a syringe. Each year the taste for Chrysanthemums becomes more exacting, and to meet it we offer only the finest exhibition and cut flower varieties—sorts that are noted the country over.
THE OLD-FASHIONED HARDY POMPON CHRYSANTHEMUMS

Price, 15 cents each; any six for 75 cents

Many "Mum" loving friends ask us for hardy varieties of Chrysanthemums that will live outdoors all winter. To those of our friends who want hardy "Mums," we heartily recommend this collection. They are quite hardy, and include a beautiful and wide range of colors.

BRIGHT EYES. As the name implies each flower has a bright eye. As the outside petals unfold they are blush-white and the unfolded petals showing the reverse side present an orange apricot.

BABY DOLL. Light yellow, with slight bronze tinge.

DOROTHY GISH. The smallest pure white Pompon.

DIANA. A fine pure white.

FIRE BIRD. While not extra early, this is the best early red we have seen. Color, very bright; strong upright growth.

FRANK WILCOX, JR. Being the same color as Frank Wilcox. An orange-bronze, less than half its diameter.

FRANK WILCOX. Fine Thanksgiving bronyz red; a good variety to cut.

GOLDEN CLIMAX. A very pleasing shade of bright yellow; medium.

HILDA CANNING. A very attractive bronze, of the small flowered section. Very striking and desirable.

ILLONA. Rosy lavender, much the same color as Western Beauty, but produces larger sprays.

IDA. By far the best true yellow.

SAVANNAH. One of the very best yellows.

VIVIAN MARTIN. Ray petals, creamy pink, center yellow.

VASCO. This variety is very serviceable, grown either in sprays or disbudded. Its color is bright, glowing yellow.

WHITE GEM. A worthy companion for Little Gem, being of the same general character except in color, which is pure white. Strong, vigorous growth. maturing midseason.

WESTERN BEAUTY. Flower large; deep rose pink; stiff, upright growth.

WHITE LILLIAN DOTTY. Strong grower, pure white.

SINGLE OUTDOOR CHRYSANTHEMUMS

Price, 15 cents each; three for 40 cents

ANNA. Pure white, belongs to the true single section, having but one row of petals. Fine for pot plants.

CLEA. Growth upright, forming large sprays of a delicate shade of light pink.

CREDDIE MASON. Bright crimson; medium sized flowers make wonderful display.

DAZZLER. True single with one row of petals; color, the brightest shade of crimson and does not fade throughout the season.

GOLDEN MENSA. Doubtless the best single yellow for general purposes.

HILDA WELLS. Beautiful Tuscan red, with a light yellow tinting at base of petals.

MRS. WM. BUCKINGHAM. Is another big flat flower with petals of wonderful texture, the loveliest shade of soft rose-pink—very lasting both on and off the plant—long stemmed; one of the very best.

MENSA. One of the largest single whites; produces freely on long, stiff stems.

OLD GOLD. As the name implies a bronzy yellow. It is devoid of red stripes.

SUNSHINE. An intense yellow of unusual brightness.

Little Rock, Ark.
My Dear Sir: I received the Geraniums and they were so very nice, and more than I expected, and I wish to thank you very much for them.

Respectfully yours,
Mrs. S. W. S., Garvin, Okla.

SPECIAL QUANTITY PRICES TO CHRYSANTHEMUM SOCIETIES, CLUBS AND CHURCH ORGANIZATIONS. We offer Chrysanthemums described on pages 36, 37 and 38 in lots of not less than 25 and not less than five of one variety, as follows:

15-cent varieties—25 for $1.00; 50 for $5.00; 100 for $8.00; shipment by express at customer's expense.
Scarlet Fountain Plant
(RUSSELLA)
A Charming Basket or Vase Plant
A novel and beautiful plant, suitable either for bedding or pot culture. Has long, wiry, leafless stems, drooping and bearing quantities of long, tubular flowers of the most vivid scarlet color. The great drooping masses of blooms are like a fountain of coral, scarlet and green. In the South it is perfectly hardy and a superb garden flower. In any climate it is one of the very easiest of plants to grow, and one of the most brilliant and persistent of bloomers. Price, 15 cents each; two for 25 cents.

BRUGMANSIA
ANGEL'S TRUMPET. It grows easily, blooms freely and the flower is something to be proud of. The Brugmansia blooms indoors in winter and in the garden in summer. The plant has large, tropical leaves, with blooms eight inches wide at the mouth, resembling a trumpet, hence the name, "Angel's Trumpet." Pure white in color and as fragrant as a Jasmine. Extra strong plants, 35 cents each.

GOLD DUST TREE
Aucuba Japonica
Beautifully variegated, large laurel-like foliage, mottled and splashed with bright golden yellow. It is a superb house plant, retaining its handsome variegated foliage the year round. For the center of vases for summer or winter decoration it has few equals, and as a specimen plant for the lawn or veranda it is without a peer. Nice plants, $1.00 each.

EVERBLOOMING CARNATIONS
CHRISTMAS CHEER. New. Color is a' brilliant glowing Poinsettia scarlet. Easier to grow than a Geranium, and will produce fifty or more blooms in a season. Price, 25 cents each.
VICTORY. Magnificent scarlet; very bright. Price, 20 cents each.
ENCHANTRESS. Beautiful rose-pink; large. Price, 20 cents each.
CLIMAX. Rich salmon, prettily fringed; clove scented. Price, 20 cents each.
WHITE ENCHANTRESS. Snow-white; very rich fragrance. Price, 20 cents each.

EULALIA
JAPONICA ZEBRINA (Zebra Grass)
Leaves crossed every two or three inches by a band of yellow half an inch wide. Price, 30 cents each; $3.00 per dozen.

PLUMBAGOS
The Plumbagos are always satisfactory, either for pot culture or for the garden. They are constant bloomers, and their delicate and graceful flowers are very useful for cutting.

Vestal’s House Plant Food
There is no secret in making Plants grow. In reality it is very simple—Nature will produce wonderfully if you only provide the necessary material for plant growth. Price, 50 cents, postpaid.

Little Rock, Ark.
Dear Sirs: The Roses received and planted right away and look as fresh as if they had not traveled. Take pleasure in thanking you for the Pink Cochet you sent extra.

Sincerely,
M. D., Memphis, Tenn.
BEAUTIFUL DECORATIVE FERNS

These beautiful plants for home decoration vie with the Palms for first place in the esteem of flower lovers. They are finely cut and oddly shaped. Ferns give a graceful effect produced by few other plants and they do exceedingly well in the parlor and conservatory. The Nephrolepis family, of which the well-known Boston is a member, has furnished us many beautiful species of late years. We recommend all the varieties listed.

THE BOSTON FERN. This popular Fern has proved one of the best decorative plants of recent introduction. The fronds are much larger than the Sword Fern, and do not stand so stiff, but droop gracefully. Excellent for making large specimen plants, also for hanging baskets. Price, nice young plants, 15 cents, 25 cents and 50 cents each.

DWARF BOSTON. Fitting companion for the Boston; dwarfer, more compact in growth, darker shade of green, very gracefully arched. Very desirable as a house plant. Price, 25c and 50c each.

NEW FERN JOHN WANAMAKER. Long, narrow, gracefully drooping fronds. It is not so compact in growth as Scholzelii, and therefore does not decay in the center, and is a durable house fern. It is a rapid grower, making an abundance of fronds, and is quite distinct from any other Fern. Price, nice plants, 25 cents each; larger plants, 50 cents each.

WHITMANII (Ostrich Plume Fern). More of a dwarf habit than the Boston Fern. The fronds are of entirely different nature. Each frond is subdivided on the order of the Compacta Fern, thus producing a very beautiful effect. Its decorative ability is excellent. Prices, 15 cents, 25 cents, 50 cents and 75 cents.

NPHROLEPS SPLENDIDA. This is the most wonderful Fern of them all. It combines the good qualities of the four most popular sorts. It has the grace of a "Boston," the wavy effect of a "Roosevelt," the fluffy effect of an "Ostrich Plume," and the uniqueness of the "Fish Tail." Price, 20 cents each; larger 50c.

NORWOOD FERN. A dwarf compact form of Whitmanii, carrying its fronds stiff and erect on wiry stems that do not break down. Makes ideal specimens. Called by some florists Fluffy Ruffles Fern. Very showy. Prices, 25c, 50c and 75c.

TEDDY JUNIOR. New dwarf Fern. Fronds are broad and beautifully tapered from the base to the tip, drooping just enough to make a graceful plant. Produces nearly four times as many fronds as any other Fern introduced. Compact, vigorous and thrives under most any condition. Price, 25 cents; larger, 50 cents.

ASPARAGUS FERNS

Their beautiful sprays of lovely, feathery foliage can be cut freely for bouquets, etc.

ASPARAGUS PLUMOSUS. Climbing Lace Fern. An extremely graceful window climber. The fine, feathery foliage is always bright and green. Price, 15 cents and 25 cents each.

Parlor Foliage Collection

4 strong plants for only 75c, postpaid. In this collection we give you a strong plant of the best of all Ferns. Winter, "Wanamaker," also a plant of the new Fern. "Wanamaker," together with a Boston Fern and a plant of the Lace Fern for 75 cents.

FOUR ELEGANT WINDOW PLANTS FOR 75 CENTS

BEAUTIFUL WINDOW GARDEN COLLECTION

Six Choice House Plants for Only 75 cents, postpaid

1 Lovely Parlor Fern 1 Winter Cheer Begonia
1 Elegant Palm 1 Lovely Coleus
1 Splendid Geranium 1 Emerald Feather Asparagus

SET OF SIX POSTPAID, ONLY 75 CENTS
New French Hydrangeas

Grand, low-growing, bushy shrubs, hardy only in very sheltered locations. Unequaled for porch and lawn decorations during summer. The blooms are immense, and come in such quantities as almost to cover the bush. On approach of freezing weather, store in a light, cool cellar and water only sufficiently to keep the roots from drying up. If they start growth during the winter, move to cooler quarters.

SPECIAL NOTE—Blue is a color that is not fixed in Hydrangeas. It is controlled sometimes by climatic, and other times by soil conditions; we cannot supply blue flowering Hydrangeas.

To make these Hydrangeas bloom blue, incorporate one-half pound of alum, broken into pieces about the size of a hickory-nut, with each bushel of soil.

Price for all, from 3-inch pots, 25 cents each; from 4-inch pots, 75 cents each; from 6-inch pots, $1.50 each, by express.

AVALANCHE. Magnificent, large white; very free flowering.

BOUQUET ROSE. Large clusters of rosy amber changing to bright pink. Quite a distinct color and very beautiful.

LA LORRAINE. Large flowers; pale rose turning to bright pink.

MME. E. MOUILLERE. Large individual flowers of pure white which form massive heads. Won the Silver Medal at Boston, 1913.

MOUSSELINE. Mauve-rose with cream-colored center; often comes darker.

OTAKSA. A well known favorite plant, producing large heads of pink flowers in great profusion. It thrives best in a shaded situation, with a plentiful supply of water.

O P F F E R 6 0 : Any three of above, in 3-inch size, 60 cents; any three in 4-inch size, $2.00, or any three in largest size, $4.00, by express.

FRENCH HYDRANGEAS
Try a few along the base of your porch

HELIOTROPES
Four Grand New Varieties

Heliotropes are universal favorites on account of their delightful fragrance and flowering equally as well as bedding plants in the summer, or as pot plants in the house during the winter. A bed filled with them produces a mass of color that can hardly be equaled by any other kind of plants. Indeed, there is nothing that will give so many sweet-scented flowers all through the summer as Heliotropes. They can be potted up in the fall and will flower more or less all winter.

ALBATROSS. Large panicles of pure white flowers in great profusion all season; the best white variety to date.

HEAVENLY BLUE. Large, close panicles of exquisite light blue flowers, with white eye.

LAVENDER QUEEN. Very large trusses of a beautiful shade of lavender, suffused with rosy mauve.

ROYAL PURPLE. Color, deep violet purple, with white eye. Price, 15 cents each; four sorts for 50 cents.

GIANT WHITE MOON FLOWER
A decided improvement over the old variety Ipomea Grandiflora. The flowers are more than twice the size of the old variety and are produced in such wonderful profusion that they completely cover the vine with a veil of glistening white. Price, large growing plants, 15 cents each; two for 25 cents.

THE BLUE MOON FLOWER
These handsome climbers reach the height of twenty-five feet in a very short time, are profuse bloomers and delightfully fragrant. A handsome, quick growing perennial climber. It often flowers in bunches of a half dozen. The flowers are trumpet shaped, about four inches across, of a rich violet blue, with five purple rays; grows about twenty-five feet in one season. Price, 20c each; three for 30c.
New Rare Large Flowering Hibiscus

(Chinese)

Large growing tropical shrubs, with large glossy, dark green foliage, blooming freely in our hottest sun, producing their enormous bright colored flowers in great numbers during the entire summer. Succeeds admirably out during the summer, producing a very tropical effect, the blooms averaging five or six inches in diameter and are gorgeously colored. The plants can be wintered over in a warm cellar or pit, and again bedded out in the summer. We have reduced the price, bringing them within reach of all. Price, first size, 15 cents; second size, 30 cents; large size, 50 cents.

BRILLIANTISSIMA. The largest flowered of all the single varieties. Color a brilliant scarlet, flushed with orange, the base of petal stained deep crimson; an extra fine variety.

LAMBERTII. Flowers large, deep crimson color; very fine.

PEACHBLOW. The flowers are double and from four to five inches in diameter; of a charming rich, clear pink color.

SUB VILOCEA. Flowers enormous, semi-double; clear carmine, tinted with violet. Probably the largest flower in the Hibiscus Chinensis family. An unusually free bloomer.

 COLLERII. Double; yellow, with maroon center; very fine; free flowering; best of this color.

DUSTY MILLER

Almost too well known for a description. This is the old Dusty Miller, used for edging beds of Coleus, Geraniums, Cannas, etc. Leaves silvery white. Price, 10 cents each; $1.00 per dozen.

IMPATIENS

(Sultan's or Zanzibar Balsam)

Charming plants for the decoration of the conservatory or window. Price, 15c ea.; two for 25c.

Splendid Free-Blooming Lantanas

The Best and Newest Varieties

Try a few Lantanas this year for bedding. They stand sun and drouth remarkably well, and are never out of bloom. Grown in pots or tubs they make splendid specimen plants for porch or lawn, and can be kept in a light cellar during the winter. Price, 15 cents each; four for 50 cents.

A. COOK. Dwarf; opens orange and yellow; changes to bright rose; a free bloomer; foliage and florets small; very pretty.

ALBA PERFECTA. Pure white. A gem among white bedders.

JAVOTTE. Center bright yellow; light border; very free bloomer; a good variety.

SUNSET. Plant vigorous but compact in growth; flower at first opening is deep orange red, changing to deep vivid crimson, very fine and brightest Lantana we have.

RADIATION. Opens orange yellow, changing to brilliant red florets; very large; a good bloomer, showing both colors until in full bloom.

JACOB SCHULTZ. Bright golden yellow of immense size, changing to orange and yellow, with brilliant red center.

PINK BEAUTY. Covered with flowers of silvery rose with center of soft yellow; a beautiful contrast.

GOLDEN PLUME. Magnificent pure golden yellow.

VIOLET KING. The buds and umbels extra large, of light yellow and pink; opens yellow and golden center, and as they open changing to pink and orange. When about one-half in full bloom the first florets change to a beautiful violet maroon shade and show all of those colors until in full bloom.
Vestal's Choicest Geraniums

**ALPHONSE RICARD.** A beautiful shade of bright vermilion, large flowers; enormous trusses borne in the greatest profusion on long, rigid stems held well above the exquisite deep green slightly zoned foliage.

**BEAUTE POITEVINE.** Beautiful shade of shrimp pink, gradually shading to white; considered to be one of the best semi-double bedders in the light salmon shades; a universal favorite.

**BARON DURENTINE.** A very noteworthy variety. Color, a distinct coochineal carmine, shaded lightly at the base of upper petals; very large flower and extremely large trusses; dwarf, compact, vigorous grower and abundant bloomer.

**BUCHNER.** A new Geranium of the large flowering type and one that has proved to be a fine bedder. Flowers purest white; not a trace of coloring at the center. Very free flowering, always a perfect mass of white. Plant dwarf and bushy.

**DUKE DE MONTMORT.** Trusses of enormous size; color brilliant pink, shaded lavender, nearest we have to the blue Geranium. Highly recommended.

**E. H. TREGO.** This is another splendid scarlet bedding variety that gives satisfaction. It stands heat and dry weather, producing immense quantities of bright scarlet double flowers all through the season. An exceptionally fine Geranium.

**HELEN MITCHELL.** The clearest shade of scarlet, early in bloom, and flowers very freely during the entire season. Grows compact and throws up gigantic flower heads freely. It is a common occurrence that single four-inch pot plant shows four fully open gigantic flower heads, several half-open and more in bud.

**HOWELL VESTAL.** Color bright vermilion; full round florets borne in large trusses on long stems; habit all that could be desired, well branching, exceptionally strong and very vigorous, distinct, clean, healthy foliage, with a profusion of bloom.

**MME. LANDRY.** A distinct salmon pink with a slight scarlet shading, enormous trusses, and florets borne on long stems; semi-dwarf and vigorous habit. With its noble, upright nature, it is capable of standing the extreme heat.

**ROBERT CHARLIE.** A distinct, salmon-pink with a light scarlet shading, enormous trusses and florets borne on long stems; semi-dwarf and vigorous habit. With its noble upright nature it is capable of standing the extreme heat. An excellent pot variety, being an early bloomer.

**MARQUIS DE CASTEALINE.** A giant among Geraniums. Produces a wealth of bloom the whole season. Color deep rosy-scarlet, shading into pure scarlet at the edge of the upper petals. One of the best Red Geraniums.

**SPAUDLING PET.** This is a profuse bloomer with large, bright scarlet flowers, semi-double, and has the remarkable faculty of blooming right through the hottest and driest weather; it also is a luxuriant grower. This is a variety that is especially desirable for the South.

**QUEEN OF CRIMSON. S. A. NUTT.** The best dark, rich crimson bedding Geranium; blooms incessantly. This is the darkest and richest Geranium grown. It is very bright, dark, deep rich velvety maroon, an excellent bedder and a perfect pot plant, one that must find its way into every collection. Stands the sun perfectly and is always a mass of bloom.

**BEST SINGLE GERANIUMS**

**GRANVILLE.** One of the finest of all the single pinks for bedding or pot culture. The plant is a prolific bloomer, and of strong, robust habit of growth. The flowers are held high above the foliage by good, long stems, forming a mass of soft, clear pink.

**MRS. E. G. HILL.** A magnificent variety; enormous trusses of large florets; the center of each petal is a soft light salmon bordered with rosy salmon; habit exceptionally strong and vigorous; attractively zoned; semi-dwarf; stands the sun perfectly. An old favorite bedder and pot variety.

**PAMELIA.** A very distinct and pleasing combination of color; white ground with charming gradation of shades, from white throat through a beautiful shade of violet crimson to an intense scarlet margin.

**JACQUERI.** The finest bedder extant; the freest grower among free-flowering sorts that we have ever met; habit perfect; freedom, wonderful; attracts attention among hundreds of other sorts. The color is brilliant scarlet.

**TIFFIN.** Glowing Scarlet, Crimson-Maroon Shading. This might be called an everblooming variety because it blooms so freely. It is an excellent bedding variety. Color rich, glowing scarlet, crimson-maroon shading.

**WATERMELON.** A splendid deep pure pink of a lively shade. Grand habit of growth, compact and yet well branching; very free in bloom, of large size. A wonderful bedder and an excellent pot variety.

15 cents each; $1.50 per dozen.
New Everblooming Pelargonium
EASTER GREETINGS

The flowers of Easter Greeting have the large size and the gorgeously rich coloring of the "Lady Washington Geranium." To this is added, in Easter Greeting, the habit of continuous blooming, which has made the ordinary bedding Geranium so highly valued. Easter Greeting is the first of a new race and one of the most valuable introductions in recent years. As an Easter plant it rivals the Azalea; but unlike the Azalea, Easter Greeting will remain in full bloom all summer. Each, 20 cents; large, 35c.

Apple-Scented Geraniums
There are few, indeed, who are not acquainted with this grand old favorite. A plant of it will fill a room with its delicious odor, which is precisely like the fragrance of apple blossoms. Price, 20 cents each.

Sweet-Scented Geraniums
15 cents each; two for 25 cents.

LARGE LEAF ROSE. Indispensable in the formation of bouquets.
MRS. TAYLOR. Fragrant foliage. Flowers scarlet magenta.
NUTMEG. Highly scented. A valuable variety.
DR. LIVINGSTON. A skeleton leaved, rose scented, with finely cut foliage.

IVY-LEAVED GERANIUMS
Nothing more desirable for baskets, vases or for any trailing or climbing plant utility. Price, 20 cents each.

JEANNE D'ARC. Flowers very large; the purest white.
CAESAR FRANCK. Enormous trusses of semi-double flowers, shaped and clustered much like "Crimson Rambler" Rose; vividly crimson, with a slight dash of rose at the base of the petals.

ERYCROFT SURPRISE
Bold, vigorous, upright habit; large trusses of a lovely shade of soft pink; free and effective.

OUR SUPERB PANSIES
Pansy plants planted in the spring as soon as the frost is out of the ground will begin to bloom at once, and afford daily pleasure for a month before Coleus or Geraniums could be even planted. If snow should fall after planting they would not be hurt. In fact, to get the best results from Pansies, they should be planted just as early as they can be. To get best results and extra large flowers, the soil must be extremely rich—we use equal parts well rotted manure and soil. Price, 5 cents each; 50 cents per dozen, $1.00 per 100.

New and Beautiful Fuchsias
Easily Grown; Sure to Bloom
For ease of culture, varied colors, profusion of bloom and adaptability to all localities we strongly recommend Fuchsias, the best varieties of which are offered in the following list. They are suitable alike for winter blooming or for growing outdoors, either in beds or in pots, boxes or vases, as the case may be. A collection of flowering plants is not complete without Fuchsias, and the extremely low price at which splendid sorts are offered permits of a choice collection of different varieties. Price, 15 cents each; 4 distinct kinds for 50 cents.

Strawberry Geranium
A Lovely Plant for Baskets and Vases
One of the handsomest plants imaginable, a gem of many colors, exceedingly rare and beautiful. Leaves nearly round, and striped freely with silver bands—blooms white, of great beauty and borne in spikes nearly twelve inches high; of easiest growth. Adaptable for hanging baskets, vases, etc. Will stand neglect and mis-treatment and grow very rapidly either in sunny place or shade. Price, 10 cents each; 3 for 25 cents.
Diener's Ruffled Monster Petunias

The largest and most beautiful Petunias in existence. Flowers measure from three to four inches in diameter. Plants grow to a height of twelve to fifteen inches and are continuously covered with flowers. This Petunia has created a great sensation all over the country this season.

Ruffled Monster Petunias come in the following colors: Pink, red, variegated, white, pale lilac pink, white giant, flesh pink, purple or blue, apple blossom. Price, 20 cents each; $2.00 per dozen.

SINGLE BALCONY PETUNIAS

The single Petunia is one of the finest bedding plants for massing, mixed borders, or for vases. The brilliancy and variety of its colors, combined with the duration of its blooming period, renders it invaluable for garden decoration. Our collection is unsurpassed for brilliancy of color and size of bloom. It includes all the brightest shades of pink, purple, rose, white, etc. Price, 10 cents each; $1.00 per dozen.

GIANT DOUBLE PETUNIAS

Are as large as Hollyhocks; as double as double can be, with edges finely fringed; petals fluted and crinkled, intensifying and varying the colors with high lights and dark shadows, bringing out a richness and effect unmatched by crumpled velvet, which the flowers resemble. There is a variety of colors—selfs, blotched, veined, margined, etc., in short these double Petunias are unsurpassed by any other strain in the world. Price, 15 cents each; $1.50 per dozen.

MAMMOTH VERBENAS

Next to the Geranium the Verbena is the most popular and useful of bedding plants. The collection we offer is as fine a collection as could be found on this continent, containing the most brilliant colors and some rigid fragrant varieties. In order to keep the plant in the best condition, cut all faded flowers off, and even a severe trimming or clipping tends to strengthen the plants and keep them in better shape for late flowering. With proper care your Verbenas may be kept in blossom long after other flowers have gone. The demand we had the past season for this popular flower is enormous. Price, 10 cents each; twelve for $1.00.

AGATHA COELESTIS

Or Celestial Daisy

The flowers are a delicate sky blue with a yellow disc. It is certainly a charming plant. Dwarf growing, not over 12 to 18 inches in height, and the bushes fairly swarming with its lovely blue blossoms. The cut flower stores in the cities show them in hundreds of thousands. Blooms from November to June. Very desirable. Price, 15 cents each; two for 25 cents.

STEVIA

SERRATA. A pretty flowering plant, producing sprays of small white florets of delightful fragrance. Price, 15 cents each.

CUPHEA PLATYCENTRA

(Cigar Plant)

Scarlet pendulous flowers; neat compact habit; constant bloomer. Price, 10 cents each.
MANETTIA BICOLOR

The most beautiful and desirable of all vines. Can be grown in house or garden. In the house it can be trained about a window, forming a wreath of the most brilliant bloom both summer and winter. Flowers of a most intense scarlet, shading into flame, tipped with bright golden-yellow. Price, 15 cents each; two for 25 cents.

Popular Oleanders

Price, 25 cents each; blooming size, $1.00 each.

These old-fashioned shrubs are becoming immensely popular again. No plant makes more handsome specimens in tubs for the veranda or yard. Can be wintered in the cellar.

OLEANDER ROSEA. Double pink flowers; the old fashioned: very sweet.

OLEANDER LILIAN HENDER-SON. Double white flowers, fragrant.

Poinsettia Pulcherrima

This is the plant which produces the large clusters of red leaves or flowers which are seen in all the flower stores at Christmas. We offer fine plants. Price, 25 cents each.

A PLEASANT SURPRISE

$4.00 WORTH OF PLANTS FOR ONLY $2.00

AFTER May 10th and until June 10th we will send, to any address, a $4.00 worth of plants, of our selection, at regular catalogue prices, for only $2.00. How can we afford to do it? To make sure of having enough plants and not become sold out before the end of the season, we are compelled to grow great quantities, and often have some left over. Of course, we cannot tell in advance what these will be, but we will make you up a nice assortment, entirely of our selection, of good strong plants: Roses, Bedding Plants, Bulbs, Etc. P. S. —Please ask for the “Pleasant Surprise Collection” and send us your $2.00 now, or at any time before June 10th, and your order will be carefully booked and shipped as soon as its turn can be reached, beginning May 10th.

Vestal’s Superb Marigolds

These old-fashioned favorites are annuals of the very easiest culture. Both the French and African classes are very effective, the former have the small, velvety flowers, in pretty combination of yellow, brown, maroon and striped effects; the African sorts are the enormous flowered ones, in very showy orange and lemon shades. Both kinds are most popular for beds and borders. Price, 10 cents each; $1.00 per dozen.

TRAILING VELVET PLANT

RUELLIA MOKOYANA

This is a charming indoor plant for culture in pots or may be used in vases and baskets; of bushy spreading habit and finely marked leaves, which are beautiful olive-green, delicately veined with silver and rich purple underneath. A neat and handsome plant, always bright and pretty. The flowers are exceedingly beautiful, trumpet shaped, and of a rosy-lavender color, almost covering the plant in their great profusion. Price, 20 cents each; three for 50c.

**Frazer’s Dahlia-Flowered Zinnias**

Our greatest novelty, which has been brought to perfection this year. It is the most beautiful dahlia-flowered Zinnia grown. Bearing blossoms from five to seven inches across on stems from twenty-four to thirty inches long. Its blossoms resemble show dahlias in every respect and are the greatest novelty of the times. Exquisite and showy for cutting and containing several new shades, among them being satiny pink, rich apricot, salmon orange, soft orange, scarlet and old rose. *Price, 15c each; $1.50 per dozen.*

**THE COMET PLANT** (Acalyphia Sanderii). Leaves are dark green, from the axil of each of which springs a long, drooping spike of glowing crimson-scarlet, near an inch in diameter and from 18 to 24 inches long, very velvety in texture, reminding one of a long piece of brilliant chenille. Exceedingly curious and interesting novelty; unlike any decorative plant. Bound to have a large sale on account of its oddity and rarity. *Price, 30c each.*

**PILEA ARBOREA** (Artillery Plant). A pretty little plant of drooping, graceful habit and fern-like foliage, literally covered with small, pretty flowers, giving the plant a pleasing effect; fine for basket or pot plants. *Price, 10 cents each.*

**SALVIA—SCARLET SAGE**

Makes a Matchless Border

A bed or border of Scarlet Sage always compels attention. It has long been a leading favorite. We know of nothing that can equal the gorgeous effect of a bed of Scarlet Sage when in full bloom. The large waving masses of scarlet bloom against green surroundings of lawn or foliage is matchless. salvias can be grown in almost any position with fine effect: in the flower bed; along the walk or borders. They also add to the attractiveness of shrubbery if planted in clumps in the vacant spaces, the varied shades of green and the dazzling scarlet have a most pleasing effect. *Price, 10 cents; three for 25 cents; $1.00 per dozen; $6.00 per 100.*

**Madagascar Periwinkle or Vinca**

This is a most attractive plant, blooming the entire summer season, forming a handsome shrub two feet in height and diameter. Color, rose, white, and white with crimson center. *Price, 10 cents each; $1.00 dozen.*

**SINGLE SWEET VIOLET**

PRINCE OF WALES. This variety is far ahead of any other single violet known. The grand single flowers of a true violet-blue color that does not fade, and of the richest, most delicious fragrance. *Price, 10 cents each; $1.00 per dozen.*

**FEVERFLEW, LITTLE GEM.**

This variety surpasses the old variety in every respect. It is very dwarf, growing only from 8 to 12 inches high. The flowers are larger and of more perfect form, and of the purest white and of free flowering habit, the plant being perfectly loaded with bloom. *Price, 10 cents each; $1.00 per dozen.*
MISCELLANEOUS PLANTS FOR WINDOW AND PORCH BOXES

FERNS. For shady porches. Ferns are an absolute necessity, they grow and thrive where blooming plants would be a failure. We recommend Boston, Scottii, Whitmani and Cordatu. Price, 25 cents each.

ARTILLERY PLANT. A pretty little plant of drooping, graceful habit and fern-like foliage, literally covered with very small, pretty flowers, giving the plant a pleasing effect; fine basket or pot plant. Price, 10 cents each.

WEEPING LANTANA. This plant has a most graceful drooping habit, grows rapidly and blooms continually summer and winter, producing large clusters of flowers of the most delicate lilac or rosy pink, foliage a beautiful dark green. Price, 15 cents each; four for 50 cents.

VERBENAS. For sunny situations Verbenas will be found well adapted for boxes and vases. Price, 10 cents each; $1.00 per dozen.

CULPHEA PLATYCENTRA (Cigar Plant). Scarlet, pendulous flowers, neat compact habit; constant bloomer. Price, 10c each.

ALYSSUM (Double Sweet). Splendid for edging beds. Also fine for winter blooming in the house. Elegant for baskets, vases or window boxes. Price, 10 cents each; $1.00 per dozen.

GERANIUMS, Double and Single and Ivy Leaved. For adding color to a porch box or hanging basket, nothing is so effective as bright red Geraniums. Fifteen cents each; $1.50 per dozen.

MONEY WORT. A beautiful trailing vine with small green leaves, suitable for hanging baskets, vases or covering graves. Price, 10 cents each; $1.00 per dozen.

SINGLE PETUNIAS. For a cheerful and charming array of color, the small flowered single Petunias cannot be surpassed. You can have the seed at ten cents per packet, or the plants well along to their blooming size at 10 cents each or $1.00 per dozen.

WANDERING JEW (Tradescantia Multicolor). Most beautifully variegated purple, scarlet and white. Price, 10 cents each; $1.00 per dozen.

THUNBERGIA (Black-eyed Susan). Beautiful, rapid-growing climbers, thriving in a light rich soil, in warm situations. Flowers white, cream, yellow and orange, with a heavily marked deep black eye. Price, 10 cents each; $1.00 per dozen.

New Fancy Leaved Varieties. For window boxes, house or greenhouse growing this is one of the most decorative plants. Their leaves, handsome than Begonias, are spotted, marbled, veined and striped with white, pink and dark red. These bulbs, though comparatively rare, are easily grown, and their handsome foliage is much admired. Bulbs should be started into growth in a warm place. Selected plants, 35 cents each; three for $1.00, postpaid.

Caladium

NEW FANCY LEAVED VARIETIES. For window boxes, house or greenhouse growing this is one of the most decorative plants. Their leaves, handsomer than Begonias, are spotted, marbled, veined and striped with white, pink and dark red. These bulbs, though comparatively rare, are easily grown, and their handsome foliage is much admired. Bulbs should be started into growth in a warm place. Selected plants, 35 cents each; three for $1.00, postpaid.
A.

ESTABLISHED

IVIES FOR WINDOW AND PORCH BOXES
Asparagus Sprengeri
(Trailing Basket Fern)
Not only is useful for cutting in sprays, but grown in suspended roots it makes one of the prettiest house plants we have. Price, 20 cents each; $2.00 per dozen.

Glechoma
(Variegated Ground Ivy). The foliage is a bright green, marked with pure white and has a refreshing fragrance similar to mint. Graceful and beautiful for hanging baskets. A general favorite with all of our customers, as there is a continued steady demand for it. Entirely hardy when planted out, and makes an ornamental, dense mat on the ground. Each, 15 cents; dozen, $1.50.

Parrot's Feather
An aquatic hanging plant is a novelty indeed, and we have it to perfection in this dainty little jewel. Its long, trailing stems are clothed with whorls of the most exquisite foliage as finely cut as the cypress vine and much more delicate. Planted in a water-tight hanging basket, so water may be kept standing on the surface. It will trail finely. Price, 15c each.

PORCH BOX COLLECTION, $2.50
4 Geraniums. Bright colors.
4 Petunias. All different.
2 Lantanas. Upright and trailing.
2 Vinca. Variegated.
2 Wandering Jew.
2 Asparagus, Plumosa and Sprengeri.
2 Variegated Ground Ivy.
4 Ferns. Boston and Ostrich Plume.
2 Acalphos. Beautiful foliage.
2 Pilea, or Artillery plant.
2 Freshness as FOOTED Plant.
2 Cuphea. Cigar Plant.
SPECIAL. One-half of above collection, same assortment but one-half the number of each kind, $1.50.

NOTE. This collection contains enough plants for a six-foot box.

IVIES
KENILWORTH. An old favorite trailing Ivy. Perhaps the best for shaded places or rooms where light is not strong. Each, 10 cents; dozen, $1.00.

GERMAN or PARLOR IVY. Well known Ivy which is very popular as a plant for hanging baskets and vases. Can be grown with very little trouble. Each, 10 cents; dozen, $1.00.

English Ivy for Window Boxes
The English Ivy is used extensively for window boxes and vases during the summer, its value for outdoor window boxes in winter is recognized widely, as the display at the large hotels and fine private residences shows. It is also a good climbing plant for the house. Price, plants from 4-inch pots, 30c each; $3 per dozen.
Magnificent New Cannas

THE PRESIDENT
By a sweeping majority, this Canna won the honor of being named "The President," for it is so surpassingly fine that no other red Canna could be a competitor. In color, it is a rich, glowing scarlet, and the immense, firm, rounded flowers, 7 inches across when open, are produced on strong erect stalks well above the large, rich green foliage. The President is superior to any other red variety in the quantity and also quality of bloom, and the firm flowers are able to resist drouth and heat to a remarkable degree. "This is one of the most marvelous Cannas ever produced." Price, 30 cents; $2.50 per dozen.

MRS. ALFRED F. CONRAD
This has become the most popular pink Canna ever introduced and it is unsurpassed for planting either singly or in large beds. Its exquisite salmon pink flowers are of largest size. Wonderfully profuse in blooming, large heads. Price, 30c each; $3.00 per dozen.

NOKOMIS
Like "The President," this is a hybrid of the famous Fire-bird. The foliage is a combination of emerald green and bronze, beautifully veined, making a lovely setting for the large, vivid crimson flowers. These flowers are most attractive, having a rich silky sheen on the petals and the color is darker than that of any other bronze-foliaged Canna. Price, 20 cents each.

FIERY CROSS
This new variety is one of the most successful flaming reds obtainable in the taller growing kinds. The foliage is full and healthy, a rich bluish green; plant and flower spikes attaining a height of five to six feet. Flowers large, 15 to 20 showing at one time. Color, crimson scarlet. Price, 30 cents.

KING HUMBERT
Scarlet Flowers, Bronze Leaves. Greatest Favorite Today
This remarkable Canna has been the sensation of the past eight years. It is a cross between the Orchid-flowering and the French or Crozy type, combining the best features of both, the large flowers of the one with the free blooming character of the other, and the handsome broad, tropical foliage. Price, 20 cents each; $2.00 per dozen.

QUEEN HELEN
or Yellow King Humbert
A green-leaved sport of the popular King Humbert. A majestic, stately variety; with large massive foliage. It has the same habit of growth and free flowering qualities, but the flowers are bright yellow and lighted spotted with red. This is the best yellow Canna on the market. The flowers are of the largest size, heads full and borne well above the foliage. Price, 30 cents each; $2.50 per dozen.

LOUISIANA
The flowers are like beautiful orchids, size often more than seven inches across, and every inch a vivid scarlet. A tremendous bloomer. Price, 15 cents each; $1.50 per dozen.

WYOMING
A beautiful Orchid-flowering variety, with rich purplish bronze foliage. Flowers are large as King Humbert, and of good substance; bright orange, slightly rimmed and flaked with rose. Price, 15 cents each; $1.50 per dozen.

RICHARD WALLACE
A tall growing, wide flowered, heavy trussed canary-yellow, the largest and best of its color; bleaches very little. The longer we grow this variety the more are we convinced it is the best all around yellow Canna we ever had. Price, 15c each; $1.50 per dozen.
CITY OF PORTLAND

The color is a beautiful glowing pink, deeper in color than its parent, Mrs. Alfred Conrad, and the flowers are produced in greatest profusion on strong, erect, branching stalks. It is an early and continuous bloomer, blooming freely in hot or cool weather. Canna experts last season pronounced it the "finest all-round pink Canna to date." Price, 30 cents each; $3.00 per dozen.

GAIETY

Reddish-orange mottled with carmine and edged with yellow. The tongue is yellow and densely spotted with carmine. Price, 20c each; $2.00 per dozen.

WABASH

Beautiful large, carmine-rose flowers, freely produced; the bronze foliage, combined with the pink flowers, produces an unusual and pleasing effect. An unusual Canna. Price, 25 cents each.

DRAGON

An incessant bloomer which keeps sending up new bloomstalks until cut down by frost. Dark ox-blood red. Price, 30 cents each; $3.00 per dozen.

SOUVENIR D’ANTOINE CROZY

The color is an intense scarlet bordered with a band of deep golden-yellow. The foliage is broad and deep green. It grows about three to five feet in height, making a fine variety for the border of beds. Price, 20 cents each; $2.00 per dozen.

FANAL

Rich, crimson flowered Canna. A splendid dwarf, compact grower, throwing up direct, compact heads of bloom of immense size. The individual flowers are among the very largest. Color, dark crimson; center of the flowers marked with gold penciling. Price, 15c each; $1.50 per dozen.

The Best of the New Cannas

APRICOT. The color is a buff-yellow base overspread with salmon-pink, making a mass effect of rich apricot. Price, 35 cents each.

AMERICAN BEAUTY. Velvety oriental carmine or translucent cerise. Rich and effective. 35 cents each.

AMBASSADOR (Bronze-Leaved President). "Ambassador" will likely displace the justly popular King Humbert, which it surpasses in vigor and freedom of bloom. The brilliant rich cherry-red flowers are of immense size, growth very vigorous and massive, foliage and stalks bronze. Price, 50 cents each.

ENCHANTEUSE. We take pleasure in introducing this attractive pink Canna. It is aptly named. It blooms freely. The trusses and florets are large. The color on opening is a delicate old rose passing to very delicate rosy salmon. Price, 50 cents each.

MARY THILOW. In presenting this, we are convinced we are introducing a most remarkable and valuable novelty, which is most aptly described as a bronze-leaved Mrs. Alfred Conrad. The flowers and color are practically identical with that popular salmon-pink variety; the massive foliage, however, is a beautiful bronze. Price, 50 cents each.

MRS. WOODROW WILSON. Large flowers of soft rose and carmine pink. A great favorite. 20 cents each.

PALM BEACH. Broad, long-petaled flowers of maize-yellow, with a faint blush of pearly pink. Really a rival of the daintiest orchids. The throat and lower petal are soft buff-yellow, shaded with apricot, producing a harmony of delicate shades. $1.00 each.

EDWARD W. BOK. The flower heads are immense. Color is soft, light rose and each frilled petal is edged with cream. A great favorite. $1.00 each.

MRS. PIERRE S. DUPONT. This new Canna surpasses all other pink varieties. The color, a vivid watermelon-pink, is exceedingly rich and attractive. Price, 25 each.

MRS. ANTOINE WINTZER. Color a pure, warm, unshaded yellow throughout. The flowers are very firm, large, and set loosely on the stem, graceful and charming every way. This is, without question, the loveliest pure yellow Canna yet introduced. 75 cents each.

WILMER ATKINSON. Flower is purest buttercup-yellow with throat and lower petals faintly tinged with apricot. An unusually fine Canna. 75 cents each.

MOHAWK. Flowers are large, with long petals that withstand hot sun and rain. Color is brilliant poppy-red to carmine. Bronze foliage. 75 cents each.

KING WILSON. Very large flowers of glittering gamboge-yellow. An outstanding variety, making glorious trusses on stems as straight as an arrow. A true Canna aristocrat. 75 cents each.

CUPID. The lively, fascinating shade of pale lilac-rose is remarkably attractive. In fact, the color, sheen, and bountiful bloom of these flowers convey the thought of masses of shining opalescent jewels. 50 cents each.
VESTAL’S SUMMER FLOWERING GLADIOLI

Price, 15 cents each

AMERICA. Unquestionably the most popular Gladiolus in existence. Immense spikes, color delicate peach-blossom pink.

BARGH HULOT. Very dark violet blue. Flowers medium size, on tall spikes. Entirely distinct in color.

CRACKER JACK. Large flowers of rich velvety dark red. Throat spotted with yellow. An early bloomer.

HALLEY. An extra early bloomer with large open flowers. Color delicate salmon-pink. One of the best.

MRS. FRANCIS KING. A most beautiful flame-pink with vermilion shadings. Immense flowers on spikes, 3 to 4 feet high. A magnificent variety.

LE MARECHAL FOCH. Flowers of immense size, beautifully ruffled; color, salmon-pink. Sisked and striped deeper at edges of petals.

PARMA. A grand new variety which evokes words of praise wherever exhibited. Flower and spike very large. Color, lively pink.

PEACE. A grand white flower, of large size, with delicate lilac feathering on lower petals. A grand tall, graceful spikes.

MRS. FRANK PENDELETON. A spectacular variety producing large well expanded flowers. Peach-blossom pink, heavily blotched with blood-red on lower petals. One of the most magnificent Gladiolus.

SCHWABEN. The largest and strongest growing yellow Gladiolus. Flowers large pure canary yellow, shading to soft sulphur yellow. Lower petals marked with purple-white.

PRINCEPINE. A beautiful, distinct variety, color dazzling scarlet with large snowy-white blotches on lower petals. Sometimes called the Amaryllis Gladiolus.

Set of above 12 named Gladiolus for $1.50; set of 12 varieties not labeled, $1.25.

Our New American Mixture Gladiolus

The most celebrated strain of Gladiolus in existence. Each bulb will bloom in ten weeks to three months after planting. All colors. Price, 6 for 50c; 90 cents per dozen.

GRAND GIANT DAHLIAs

The sorts offered are, without exception, the largest and most perfect double-flowering Dahlias now grown. flowers of all of them attaining a size of between 5 and 6 inches across under ordinary cultivation. Price, 20 cents each; any six for $1.00.

AIDA (Decorative). New, large and free blooming. Flower of beautiful deep maroon.

AMERICAN FLAG (Show). Variegated. Wonderful combinations of red splashed and spotted with white.

AMERICAN BEAUTY (Show). Giant flower of glowing wine crimson color.

BLACK BEAUTY (Paeony). Blackest of all Dahlias, large and exceptionally free bloomer.

CECILIA (Paeony). Large and free blooming, flower of sulphur white color.

CUBAN GIANT (Show). Best large flowering dark crimson show Dahlia.

DREERS’ WHITE (Show). Finest giant snow white show Dahlia.

GOLDEN WEST. A free flowering, long stemmed variety; its full quilled blooms of canary yellow being exceedingly soft and pretty.

MINA BURGIE. Rich, luminous dark scarlet flowers of full, large and well open tipped. Very freely and continuous bloom. This is a comparatively new variety, claimed by some to be the best red Dahlia.

MRS. ROOSEVELT (Decorative). Large and very free flowering of an attractive silvery pink color.

MADONNA (Decorative). Large silvery white, always in bloom, a wonderful variety for cutting.

MARY PICKFORD (Show). Yellow shaded old rose, a favorite cut flower Dahlia.

QUEEN MARY (Decorative). Beautiful shade of a delicate pink, one of the best pink sorts for garden.

SEABRIGHT (Decorative). The best free blooming Dahlia of the now popular autumn shades.

YELLOW DUKE (Show). An old variety, but still the best yellow show Dahlia.

SUPERFINE UNNAMED DAHLIAs

To those who wish a really choice assortment at a nominal cost, and do not wish to buy the named varieties, the three combinations offered below will give you the widest possible range of types and colors.

COMBINATION “A.” Contains one root each of Peony, Cactus, decorative show, pompon and single types; not labeled. The six for 90 cents.

COMBINATION “B.” The same as “A” except that there are two distinct colors of each of the six types, not labeled. The 12 for $1.60.

COMBINATION “C.” A general mixture of many types and colors, and we guarantee that you will be pleased. 12 roots for $1.50.
MISCELLANEOUS SUMMER FLOWERING BULBS

ELEPHANT’S EAR, CALADIUM. One of the most effective tropical-like plants in cultivation for bordering Canna beds, or for planting singly or in masses on the lawn. Largely used in parks where their decorative value is appreciated. For best results plant where they can be watered freely. First size bulbs, 20 cents each; three for 55 cents; 12 for $2.00; second size bulbs, 15 cents each; three for 40 cents; 12 for $1.50.

YELLOW CALLA LILY. Elliottiana. The most sensational advance in Calla Lily flowers of the century. The flowers are a rich butter-yellow. You will be delighted with its wonderful flowers and rare coloring; leaves green, spotted white. Large blooming bulbs. Each, 30 cents; three for 75 cents.

CINNAMON VINE. Well-known hardy climber; quick grower, with beautiful glossy heart-shaped leaves and sweet-scented flowers. Vines will run 25 to 40 feet in a season. Each 10 cents; three for 25 cents.

HYACINTH CANDICANS. Yucca-like foliage and tall spikes of pure white pendant, fragrant flowers in mid-summer. Perfectly hardy, of very easy culture. Height three to four feet. Each 10 cents; three for 25 cents.

MADEIRA VINE. One of the most satisfactory quick climbing vines for foliage effect, glossy green foliage, and feathery racemes of fragrant white flowers. Climbs 20 feet or more. Winter the tubers in cellar, like potatoes. Each 10 cents; three for 25 cents.

ZEPHYRANTHUS. “Fairy Lily.” One of the prettiest and most easily grown bulbs for pot culture. Plant three or four bulbs in a five or six-inch pot. Treat in garden same as Gladiolus. Pure white fragrant flowers. Each 10 cents; three for 25 cents.

TUBEROSES, DOUBLE AND SINGLE

DOUBLE DWARF PEARL. No flower is more fragrant than the Tuberose. It is of very easy culture, producing tall spikes of fragrant, white flowers in August and September. Extra large first size bulbs, 10 cents each; 12 for $1.00.

MEXICAN TUBEROSE. Pure waxy-white single fragrant flowers on tall stiff stems. Very free perpetual bloomer of easy culture. Each, 10 cents; 12 for $1.00.

CALADIUM ARBOREUM

This noble plant while young resembles the well known Caladium Esculentum, but grows to gigantic dimensions as it attains age, and while the latter dies down annually at the bulb, this grows into a stem or trunk, which retains the foliage through the winter if kept in the conservatory or sitting room. Plants, under good culture, frequently attain eight to twelve feet in height. Price, from four and five-inch pots, 50c and $1.00 each.

ALOCASIA ILLUSTRIS

An excellent plant to grow in connection with fancy-leaved Caladiums or for planting in the open border or in a partly shaded position. The foliage is large, of a dark-green, clouded with a velvety blue-black. Planted in light, well enriched soil, with a good supply of water it makes plants two feet high, which form a striking object in subtropical gardening. Price, 25 cents each; five for $1.00.
TRITOMA
(Red Hot Poker, Flame Flower, or Torch Lily)
(See cut.) The early, free and continuous blooming qualities of this variety have made it one of the great bedding plants, and when we consider that there are few flowering plants which are suitable for massing under our severe climatic conditions, it is little wonder that such an elegant subject should become so popular. Succeeds in any ordinary garden soil, but responds quickly to liberal treatment; hardy if given protection, but the most satisfactory method of wintering is to bury the roots in sand in a cool cellar. In bloom from August to October, with spikes 3 to 4 feet high, and heads of bloom of rich orange scarlet, producing a grand effect either planted singly in the border or in masses. 

FUNKIA-DAY LILY
VARIEGATED LEAVED. Leaves as handsome as a flower. A rosette cluster of almost white leaves, lightly striped with green and yellow. Flowers pretty pink lilac blue on tall spikes. Price, 30 cents each.

LARGE WHITE. Blooms continuously from August until frost, producing scores and even hundreds of its large lilacs. Handsome light green foliage. Price, 40 cents each.

CRINUM FIMBRIATUM
Also Known as Angel Lily, and Milk and Wine Lily
Flower of pure white with streak of delicate pink down center of petals, delightfully fragrant. Blooms in hottest weather. Price, large bulbs, 50 cents each.

HARDY GARDEN LILIES
The beauty of the Lilies appeals to everyone. A really beautiful garden without them is unimaginable; they are needed in quantity and variety to complete it, against evergreens, in groups or lines in the shrubbery or borders, wherever serene, stately, faultless beauty of outline is required. We here list only those that every good gardener really needs. One each of these five grand Lilies for $1.25.

AURATUM (Gold banded Lily). Large graceful flowers, composed of six petals of a delicate ivory-white, thickly studded with chocolate-crimson spots and striped through the center a golden-yellow. Large bulbs, 30 cents each; $3.00 per dozen.

SPECIOSUM ALBUM. Large white flowers of great substance, with a greenish band running through the center of each petal. Large bulbs, 30 cents each; $3.00 per dozen.

SPECIOSUM RUBRUM, or ROSEUM. White, heavily spotted with rich, rosy-crimson spots. Large bulbs, 30 cents each; $3.00 per dozen.

SPECIOSUM MAGNIFICUM. Rich, deep red. Large bulbs, 30 cents each; $3.00 per dozen.

TIGER LILY. Of stately habit, growing from four to six feet high, bearing an immense number of double, bright orange-red flowers spotted with black. Price, 30 cents each; three for 85 cents.

Lemon Lily-Hemerocallis Flava
Few plants present a more striking appearance on the lawn or border than a large clump of this clear, lemon-colored Lily, which is produced in the greatest profusion, lasting in flower a long time. Price, 30 cents each; three for 85 cents.

TRITOMA
(Red Hot Poker, Flame Flower, or Torch Lily)
(See cut.) The early, free and continuous blooming qualities of this variety have made it one of the great bedding plants, and when we consider that there are few flowering plants which are suitable for massing under our severe climatic conditions, it is little wonder that such an elegant subject should become so popular. Succeeds in any ordinary garden soil, but responds quickly to liberal treatment; hardy if given protection, but the most satisfactory method of wintering is to bury the roots in sand in a cool cellar. In bloom from August to October, with spikes 3 to 4 feet high, and heads of bloom of rich orange scarlet, producing a grand effect either planted singly in the border or in masses. (See cut.) Price, 35c each; 3 for $1.00.
Hardy Perennial Plants or Old-Fashioned Garden Flowers

One of the chief delights that come from owning a garden is in having flowers enough to give one's friends, as well as for house and table decorations. The beauty, variety and lasting qualities of Hardy Perennials makes them especially useful as cut-flowers. They are also valuable for adding brightness and color to the border beds, and a comparatively small collection will enable you to have some flowers in bloom all summer through.

**AQUILEGIA COLUMBINE**
One of the most elegant and beautiful of hardy plants, producing graceful spurred flowers on long stems. Price, 20 cents each; $2.00 per dozen.

**ANCHUSA BUGLOSS**
ITALICA. Large heads or spikes of beautiful dark blue flowers all summer, and large leaves with rough surface. Price, 20 cents each; $2.00 per dozen.

**CAMPANULA**
(Blue Bells of Scotland)
This is the true hare-bell or blue-bell famed in song and story with beautiful clear blue flowers from June to August. Price, 20 cents each; three for 50 cents.

**COREOPSIS—TICKSEED**
LANCEOLATA GRANDIFLORA. Flowers rich golden yellow; on stems two or three feet high. They remind one of a yellow cosmos. Price, 15 cents each; $1.50 per dozen.

**DELPHINUM—HARDY LARKSPUR**
The hardy Larkspur should be planted extensively even in the smallest garden. Their long spikes of blue flowers are produced continuously from June until late fall. Strong plants, 20 cents each, or three for 50 cents.

**GAILLARDIA**
Blanket Flower
GRANDIFLORA. Makes one of the most gorgeous and prodigal displays of all perennials. Flowers often measure three inches in diameter, on clean two-foot stems. A hard center of deep maroon is thickly bordered by petals of orange and yellow, strikingly tinged by circles of crimson, red and maroon. Price, 20 cents each; $2.00 per dozen.

**HOLLYHOCKS**
The Hollyhocks are among the most stately of our garden plants. The colorings vary in shade from pure white to the darkest red, pink, and yellow.

**FOXGLOVE—DIGITALIS**
The strong flower-stalks—frequently four to six feet high—rising from rich and luxuriant masses of leaves, always give an elegant appearance to the hardy border. Mixed colors. Price, 20 cents each; three for 50 cents.

**GOLDEN GLOW**
Double Rudbeckia
Bears immense masses of large, round golden yellow flowers for weeks. Price, 15 cents each; clumps, 20 cents each.

**RUDBECKIA PURPUREA**
(Giant Purple Cone-Flower.) Flowers about four inches across, of a peculiar reddish purple with a remarkably large, cone shaped center of brown; forms bushy plants three feet high, and blooms from July to October. Price, 20 cents each.

**GYSOPHILA (Baby's Breath)**
The flowers are small, star-like, and borne in feathery sprays which are highly esteemed for cut flowers. Price, 30 cents each; two for 50 cents.

**LEMON LILY HEMEROCALLIS FLAVA**
Few plants present a more striking appearance on the lawn or border than a large clump of this clear, lemon-colored Lily, which is produced in the greatest profusion, lasting in flower a long time. Price, 30 cents each; three for 80 cents.

**LATHYRUS**
(Everlasting, or Hardy Sweet Pea)
Showy, free-flowering hardy perennial climbers for covering old stumps, fences, etc., continually in bloom; fine for cutting. Price, 20 cents each; $2.00 per dozen.
DIELYTRA
SPECTABILIS
Bleeding Heart
These pretty spring bloomers with their graceful, drooping sprays of heart-shaped pink and white flowers, are very ornamental, and bloom freely early in season. Price, 60 cents each.

HARDY PHLOXES
The Best Named Sorts
BRIDESMAID. White, with large crimson center.
CHAMPS ELYSEES. Bright rosy magenta.
ECLAIRER. Bright, rose carmine.
FRAULEIN G. VON LASSBURG. Pure white, immense panicles.
LOTHAIR. Bright crimson.
MRS. JENKINS. Flowers large, pure white, early free bloomer.
PACHA. Pink.
PANTHEON. Rose pink.
RIJINSTROM. A lively shade of rose pink, very large.
R. P. STRUTHERS. Cherry red suffused salmon.
SUNSET. Dark rosy pink.
SUNSHINE. Pink.
Price, 20 cents; $2.00 per dozen.

HIBISCUS-MALLOW
HARDY WHITE HIBISCUS. (White Mallow). Tall, free-flowering, perfectly hardy; color white, deep crimson center.
Price, 40 cents each.
HARDY PINK HIBISCUS. (Pink Mallow.) Similar to the hardy white Hibiscus, but the flower is of a clear even pink, very striking. Price, 40 cents each.
HARDY CRIMSON HIBISCUS. (Crimson Mallow.) Immense striking deep crimson flowers; nothing with as much merit has been introduced in recent years. Price, 50 cents each.

SEDUM-STONECROP
SPECTABILIS
(Brilliant)
One of the prettiest erect-growing species, attaining a height of 18 inches, with broad light green foliage and immense heads of handsome showy amaranth red-colored flowers; indispensable as a late fall-blooming plant. Price, 20 cents each.

SWEET WILLIAM
Plants of extreme richness and diversity of color. They have greatly improved of late years. One and one-half feet, hardy perennials. Price, 15 cents each; four for 50 cents.

HOLLYHOCK
Double. Its long spikes of short-stemmed rose flowers are particularly well suited to plant against the wall or fence, or in the background of a hardy perennial border. Five best colors, yellow, crimson, white, maroon and pink. Price, 20 cents each; one each of any four colors, 75 cents.

SNAPDRAGONS
(ANTIRRHINUM)
The Snapdragons do not receive in this country the attention they deserve. Tourists see them used in beds and borders in all of the famous parks and gardens of the Old World, and we know from actual tests that they do just as well here as in Europe. They succeed best in rather light soil, in a sunny position, and, although perennials, succeed well when treated as annuals. Fine for cutting. Assorted colors, 15 cents each; three for 40 cents; $1.50 per dozen.

SHASTA DAISY
In growth the plants are strong as the common field Daisy, very tall, well balanced, with fine cut foliage and huge white flowers borne in profusion, on long stiff stems. The flowers are pure white with gold center, petals very long and center soft and velvety. It is a very pretty plant and one of the novelties that has come to stay. Price, 20 cents each; 3 for 50 cents.

TRIUMPH. Pure white flowers with long, broad petals; grand variety for cutting flowers for a long period. Price, 15 cents each; four for 50 cents.
Large Double Flowering Peonies

Once planted they will last a lifetime with little care. They grow from one to three feet high, producing magnificent blooms, which sometimes almost surpass the beauty of the Rose. Another point which is largely in their favor, is the fact that the plants are never attacked by either insects, animal or fungal diseases. Peonies will succeed in most any kind of soil, but give best results when planted in a deep, rich and somewhat moist loam.

AGIDA. Medium sized, double, midseason; the most nearly scarlet of any red Peony. **Price, 75 cents.**

FRAGRANS. Sulfuric-red with slight silvery reflex. Compact, bomb type, strong vigorous grower, medium size, late. **Price, 75c.**

FESTIVA MAXIMA. About the largest and undoubtedly the most popular Peony of them all. High built flowers borne on stiff stems, the purest white, inner petals slightly tipped with carmine. Early. **Price, 75 cents.**

EDULIS SUPERBA. Very soft salmon-pink, changing to bluish white. Blooms habitually in broad clusters and makes a fine bedder. **Price, 90 cents.**

FELIX CROUSSE. The ideal of self-colored red Peony, large, globular and compact, an even shade of bright red without a trace of any other color. **Price, 90 cents.**

QUEEN VICTORIA. The very best everyday white. When cut a first-rate keeper. Flowers of good substance and color; very pretty in the bud state, when it has a faint bluish tint. **Price, $1.50.**

Old-Fashioned Garden Peonies

ROSEA. Deep cerise-pink. **Price, 50 cents each.**

ALBA. Pure white, large flower. **Price, 50 cents each.**

RUBRA. Deep crimson; early. **Price, 50 cents each.**

One each of the Old-Fashioned Peonies, red, white and pink, for $1.35.

Japanese Iris—Iris Keampferi

These magnificent Iris are among the most beautiful of our summer flowering plants, and rival the Orchids in their colorings. The prevailing colors are white, crimson, rose-lilac, lavender, violet and blue. Each flower usually contains several shades, while a golden-yellow blotch at the base of the petals intensifies the wealth of coloring. **Price, double and single flowered, named varieties, 30 cents each; three for 75 cents.**

RIBBON GRASS

*(Phalaris Arundinacea Variegata)*

Green leaves, striped lengthwise with creamy white. **Price, 20 cents each; $2.00 per dozen.**

Moss or Mountain Pinks

Of very dwarf habit with moss-like evergreen foliage. It thrives everywhere and spreads rapidly; hence, of great value for carpeting and edging rockeries. It flowers so freely that it produces a sheet of bloom in early spring which completely conceals the plant. Much used for cemetery planting.

ALBA. Pure white.

ROSEA. Bright rose.

**Price, 15 cents each; four for 50 cents.**

Fragrant Hardy Garden Pinks

Favorite of the Old-Fashioned Garden—The Fragrant Pinks

10 cents each; **$1.00 per dozen.**

GERMAN IRIS

Blooms earlier than Japan Iris. This variety is the true "Pleur de Lis," the national flower of France. They are perfectly hardy, thrive anywhere, deliciously fragrant and fine for cutting. In beauty the flowers rival the finest Orchids, the colors ranging through richest yellow, intense purples, delicate blues, soft mauves, white and bronze of every imaginable shade. We offer five distinct colors. **Price, 20 cents each; six for $1.00.**
BEAUTIFUL HARDY CLIMBING VINES

BIGNONIA (Trumpet Vine) For covering unsightly places, stumps, rockwork, or wherever a showy-flowering vine is desired, the Bignonias will be found very useful. The flowers are large, attractive and borne profusely when the plants attain a fair size. Dark red, orange throat. Price, 35 cents each.

HOP GOLDEN CLUSTER. Of rapid growth, attaining a height of 20 feet if given support, with abundant ornamental, deeply lobed foliage. Golden Cluster is an exceedingly choice variety which bears large clusters of yellow Hops in such profusion as to completely envelop the plant in late summer and autumn. Price, 35 cents each.

CLEMATIS PANICULATA Flowers are rich, creamy white, star-shaped, and borne in beautiful star-shaped blossoms, exceedingly fragrant; the sweetest of all Clematis and one of the hardiest and easiest to grow. Price, good strong plants, 40 cents each; two for 75 cents.

WISTARIA CHINESE BLUE. There is no vine more decorative in its effect than the Wistaria. Its long, twining branches bearing great sprays of compound foliage, climbing graceful, artistic curves, even to the top of a tall building, while its charming racemes of dainty light purple or blue flowers in May sway with every passing breeze. For porch decoration without too much shade they have no superior. Price, 60c each.

CHINESE WHITE. The white variety, in all respects same as purple, except in color. Price, 75 cents each. (All our Wistarias are grown from blooming plants.)

HONEY SUCKLES HALL’S. Even in cold climates this vine holds its leaves until January; in the South it is evergreen. It is the first growing and blooming sort of all, showing fragrant flowers of buff and white from May until December. Price, 35 cents each; $1.50 per dozen.

SCARLET TRUMPET. The most beautiful and brilliant of all Honeysuckles; is also the hardiest and most vigorous. The stems often twine about second story windows, wreathing them in early spring with large, inodorous clusters of long, tubular scarlet flowers. The foliage is bluish green, the berries scarlet. Also called Coral Honeysuckle. Price, strong plants, 35 cents each; $1.50 per dozen.

HOP VINES GREEN LEAVED. A useful climber for covering unsightly places. It is a rapid grower and bears a profusion of seed-pods suitable for many domestic purposes. Price, 35 cents each.

AMERICAN IVY (Ampelopsis quinquefolia). The true Virginia Creeper. A well known hardy, rapid, high climbing vine, clinging to walls, trellises and trunks of trees. The foliage fades in the autumn and assumes bright and gorgeous shades of yellow, crimson and scarlet in the fall. Strong plants, 40c each; 3 for $1.00.

JAPAN OR BOSTON IVY A beautiful hardy climbing plant, for covering it smoothly with overlapping leaves, which form a perfect mass of foliage. The color is a fresh, deep green in summer, changing to the brightest shade of crimson and yellow in autumn. It is quite hardy and becomes more popular every year. Price, strong plants, 50 cents each.

HARDY ENGLISH IVY One of the most beautiful vines for walls, pillars, tree trunks, ground covers, etc., that can be used. The Ivy of literature and old European ruins. Price, extra strong plants, 30 cents each: $3.00 per dozen.
Some Shrubs That Bloom

In corners of the grounds, at curves in the walks and driveways, and at the house foundations are excellent places to plant shrubs. They should always be in groups, unless their ultimate size will be quite large. Lilacs may be used in specimen plantings, but low-growing shrubs, such as the Spiraea, etc., should be set in clumps. In grouping it is always good policy to plant the taller growing varieties back of the lower sorts. This gives a “step-down” effect, and seems to join the house to the lawn.

DOUBLE ALTHEAS

ROSE OF SHARON
They grow neat and compact, and make nice shapely trees, four to six feet high. They bloom in August and September, when other flowers are scarce, and are literally covered with large, perfectly double flowers, like Roses, of different brilliant and striking colors. Price, 50 cents each.

JOAN D’ARC. This is entirely new, and the finest Double White Althea ever introduced; grows regular and compact; and is literally covered with large, perfectly double pure white flowers, three inches across.

BANNER. Large double flowers; clear bright pink.
LUCY. Large, double rose-red flowers; very handsome.
TOTUS ALBUS. Finest single pure white.

ABELIA GRANDIFLORA

After a thorough test in different parts of the South we find this one of our most beautiful evergreens when planted half shaded position. The graceful drooping stems are covered with dark glossy leaves and produce an immense quantity of tubular shaped white flowers about an inch long, borne in clusters from the middle of May until frost. During the growing season, it is advisable to pinch off the ends of the shoots—this will make the bush dense and compact. This plant is very valuable for single specimens, for grouping or for a hedge. Price, large plants, 75 cents each, or three for $2.00.

PINK FLOWERING ALMOND

Flowers double, rose color, one of the first to flower in the spring. Very showy. Price, by express, 75 cents each.

WHITE FLOWERING ALMOND

Same as pink variety in growth and habit, but bearing white flowers. They should be planted together. Price, by express, 75 cents each.

BUDDLEIA

VARIABILIS VEITCHIANA. (Butterfly Shrub, or Summer Lilac.) Violet-mauve flowers, borne in spikes 12 to 15 inches long; blooms from July till frost. Should have winter protection. Two-year, 50 cents.

CALYCANTHUS

(Sweet Scented Shrub). Flowers chocolate color, very double and deliciously fragrant; remains in bloom for a long time; very desirable. Price, 60 cents each.

CRAPE MYRTLE

LAGERSTROEMIA

INDICA. Very beautiful shrub. A profuse and continuous bloomer; flowers bright rosy pink, curiously crimped petals. Price, 60 cents each.

NEW CRIMSON. Vivid cerise. Price, 60 cents each.

WHITE. Flowers purest white and beautiful; of recent introduction and a general favorite where known; of vigorous and symmetrical growth. Price, 60c each.

FORSYTHIA

GOLDEN BULBS

This is one of the most useful shrubs for the permanent decoration of buildings. It can be easily trained over a wall, fence or tree trunk. The flowers are bell shaped, of a clear yellow, and there are no green leaves. It is the earliest shrub to bloom. Price, nice strong plants, 50 cents each.

DEUTZIAS

PRIDE OF ROCHESTER. Grows strong and upright, four to six feet high; flower very double and full; pure white, tinged with blush.

CRENATA. Single. Pure white flowers.

FLORA PLENA ROSA. Flowers double white tinged with pink, in racemes four or five inches long; one of our finest hardy shrubs. Price, 50 cents each.

When Shrubs are wanted sent by mail add 15 cents each for postage.
NEW PHILADELPHUS ("Virginal")

One of the most beautiful, new ever-blooming varieties. This is the new Philadelphus which is being used so much in hedge planting. It also makes wonderful individual specimen plants on the lawn. A vigorous, tall grower with very large, double-crested flowers, with round petals. Pure white, sweetly scented; clusters of five to seven. Good strong plants, 75c each.

MOCK ORANGE—PHILADELPHUS

SINGLE. Creamy white, cupped flowers; intensely fragrant. Price, two-year, 60 cents each.

HYDRANGEA

PANICULATA GRANDIFLORA

Blooms in July and September

The flowers are rich, creamy white, changing to pink and borne in immense clusters, often more than a foot long; it blooms in August the first and every succeeding year and continues in bloom for months. It is entirely hardy, no trouble to grow, and splendid effects can be obtained with this free-flowering shrub by planting in masses along driveways, in groups among shrubbery as a centre for beds. Price, two-year, strong field grown plants, 75 cents each.

LONICERA—BUSH HONEYSUCKLE

The upright Honeysuckles have bright and pretty fragrant flowers followed by the showy berries that last through the fall. Make very desirable and attractive hedges. Price, 50 cents each.

SPIREAS

SPIREA ANTHONY WATERER. A fine hardy perpetual blooming shrub, particularly desirable for the door yard and lawn, or wherever fine, hardy flowering shrubs are wanted. Makes nice round bushes only 15 to 18 inches high; begins to bloom almost as soon as planted, continuing all summer and fall; rich red, red flowers. If lifted and taken indoors will bloom all winter. Strong plants that will bloom this season, two-year, 50 cents each.

SPIREA VAN HOUTTEI. The grandest of all white Spireas; it is a beautiful ornament for the lawn at any season, but when in flower it is a complete fountain of white bloom, the foliage hardly showing. Clusters of twenty to thirty flat white florets make up the racemes, and are set close along the drooping stems. Price, 50 cents each; four for $1.75.

SPIREA BILLARDIA. (Grows three to five feet, flowers in summer). Plume like spikes of deep rose-colored flowers. Price, good strong, large plants, 50 cents each.

When Shrubs are wanted sent by mail add 15 cents each for postage.

Double Mock Orange "Virginal"

Vestal & Son, July 31, 1924.
Little Rock, Arkansas.
Dear Sirs: I received the Rose plants today and was very much pleased with them and thank you for those extra plants you sent me. I have the largest Rose garden in Detroit, five hundred plants of all colors, a lot from Jos, W. Vestal & Son, and still more coming. This is a part of my Rose garden on the picture I send you.
W. K., Detroit, Mich.
LILAC

Nearly everyone is fond of Lilac blossoms. Their sweet fragrance comes with the first breath of spring, and their delicate colors of blue and white seem like a legacy from our grandmother’s garden. Still popular. They bloom in May, and grow to 8 to 10 feet in height.

OLD FASHION or COMMON LILAC. Strong, vigorous, upright growth; rich, dark green foliage and large panicles of fragrant purple flowers.

STANDARD WHITE LILAC. Same habit of growth as above, but with pure white, fragrant flowers. Price, two-year, field grown plants, 60 cents each.

FLOWERING PEACH

Double Red, Pink and White

A most beautiful small tree rarely over 20 feet tall; at its blossoming time in May every twig and branch bright with beautifully formed flowers, rendering the tree showy and attractive at a great distance. The habit of the two varieties is the same, the only difference being in the color of the flowers. Price, 50 cents each; one of each for $1.35.

DESMODIUM

SIEBOLD'S DESMODIUM. Stems clustered, gracefully arching, two to four feet tall, literally loaded in early autumn with drooping racemes of rose-purple flowers. Leaves rich green, compound, consisting of three elliptic leaflets. This shrub is a native of Japan. Price, large field-grown plants, 50 cents each; three for $1.25.

JAPANESE ROSE

(Kerria Japonica Flore Pleno; Double Flowered Kerria)

This variety has showy double flowers which are of a vigorous growth. Flowers are showy yellow; the shrub has slender green branches. Perfectly hardy. An attractive shrub for any garden. Price, good strong plants, 25 cents each; large field grown plants, 50 cents each; three for $1.25.

EUONYMUS JAPONICA

A hardy ornamental plant with rich, handsome foliage; splendid for specimen pot plants and for hedges. Price, pot plants, 25 cents each; dozen, $2.50.

E. ARGENTEA VARIEGATA. Variegated variety with leaves conspicuously margined with white, and constant in its coloring. Price, 50 cents each.

PULCHELUS. A very dwarf plant with small leaves, scarcely ever exceeding eight to ten inches in height. Price, 15 cents each; $1.50 per dozen, $8.00 per 100.

EUONYMUS

Dense-growing, evergreen vines, climbing by aerial roots, often reaching 15 to 20 feet high. They bear pretty fruits and make good growth if planted in rich soil.

E. RADICANS. Small, rich green leaves; a splendid wall-covering.

E. RADICANS VARIEGATA. Leaves green and white.

Price, either above varieties, 20 cents each; extra size, 35 cents, by express.

MAGNOLIA

Magnolia grandiflora. (Southern Magnolia.) This is the grandest of all our native broad-leaved evergreen trees. Nothing more conspicuous can be seen among evergreens when its large, white flowers are fully expanded. Their period of blooming begins the middle of April and lasts until August. Price, one foot, 50 cents; two feet, $1.50 each.

PYRUS—Japonica

(Japan Quince or Burning Bush)

This shrub is a beautiful sight when covered in the early spring with cherry-red flowers, about the size of an apple blossom. After the flowers fall, many of them set fruit, which is edible, making the finest Quince jelly or preserves. Price, 60 cents each.

A CHOICE SELECTION OF FLOWERING SHRUBS
THAT WILL GIVE
Bloom from April to September

2 Altheas (2 colors)
1 Hydrangea panic (grand)
1 Bush Honeysuckle
1 Philadelphus

2 Weggelas (2 varieties)
2 Deutzias (2 varieties)
2 Spiraeas (2 varieties)
1 Forsythia

The above twelve hardy Shrubs, two-year size, the twelve for $5.00, by express.

When Shrubs are wanted sent by mail add 15 cents each for postage.

—61—
Free-Flowering Weigelas

These may be planted in the sun or shade. They make a broad, vigorous growth five to eight feet in height. In the spring the entire branches are covered with white, pink or red, trumpet-shaped flowers.

**EVA RATHKE**. The everblooming Weigela. It has splendid foliage, and the lovely, dark red flowers, with creamy white markings, produce an effect not to be had in any other shrub. The flowers are produced continuously.

**CANDIDA**. Flowers pure white, borne in great clusters in June and occasionally throughout the summer.

**ROSEA**. Makes a large, handsome bush, with rose-pink flowers in great profusion.

**BARBERRY THUNBERGII** (Dwarf Barberry)

Very attractive, neat and dense in growth, yet graceful because of its drooping branches. It produces yellow flowers in the summer which are followed by scarlet fruit, borne in dense profusion on the long stems and clinging throughout most of the winter. The leaves color to scarlet and gold. This is a very attractive Shrub for planting as single specimens on or about a lawn, or for planting in the corners near by the house or porch along the base of the wall to take away the bleak, barren effect of the wall. Dwarf Barberry is also used extensively for planting on borders in connection with other Shrubs, for owing to its dwarfish habit, if planted in the front of other shrubs, it takes away any ragged effect, making only a mass of green visible to the eye. It is also used extensively for planting in the corners where sidewalks meet. For a hedge not over two or three feet high this makes a very desirable Shrub. We recommend it highly. **Price, plants two feet high, 50 cents each; $1.00 per dozen; $4.00 per 100.**

**LAVENDER**

An ancient garden favorite because of its pleasant odor, growing two to three and sometimes six feet tall with glaucous green leaves and flowers in cylinder-shaped, terminal spikes of light or lavender blue. The flowers long retain their strong fragrant odor after drying. **Price, nice plants, two to three feet, 50 cents each.**

**SNOWBERRY** (Symphoricarpus Racemosus)

(Grows three to five feet; flowers through summer.) A well known Shrub with small pink flowers and beautiful large white berries that hang on the stems through the winter. **Price, good strong field grown plants, 50 cents each.**

**VULGARIS** (Indian Currant). Similar to the Snowberry, except that its fruits are red, and that the smaller red berries cluster in thick ropes about the weighed-down stems. **Price, 50 cents each.**

**SNOWBALL, OR GUELDERS ROSE**

This splendid Shrub, the old-fashioned Snowball, is still one of the most popular. The bush attains large size and is a handsome lawn ornament; early in the spring the gorgeous flowers appear—great clusters of immense snow-white blossoms of great size that make the bush appear almost a solid snow bank. **Price, strong two-year field grown plants, 50 cents each; three for $1.50.**

When Shrubs are wanted sent by mail add 15 cents each for postage.
The universal domestic fruit. Apples are pre-eminently the fruit of commerce, more widely and more extensively grown than any other fruit. Many sections of the Southwest are leading in the production of apples. Our list comprises the varieties recognized as standard. Great care has been exercised in selection and all trees are healthy and vigorous and free from disease.

Apples, 60 cents each; $6.00 per dozen.

YELLOW TRANSPARENT. One of the most desirable early Apples in cultivation. Early bearer, frequently producing fine fruit on two-year trees in nursery rows. Good grower and hardy, fruit pale yellow, good size and good quality; skin clear, white at first, becoming a beautiful pale yellow when fully matured. Ripens before Early Harvest.

EARLY HARVEST. Medium to large; pale yellow; tender with a mild, fine flavor. An erect grower and a good bearer; excellent for orchard and garden; one of the first to ripen.

RED JUNE. Medium conical; deep red; juicy. Very productive.

RED ASTRACHAN. Large, beautiful deep crimson, overspread with a thick bloom; juicy, rich, acid and productive. One of the best of the summer apples.

MAIDEN'S BLUSH. Rather large, smooth, with a fine evenly shaded red cheek or blush, on a clear, pale yellow ground; flesh white, tender, sprightly with a pleasant, sub-acid flavor; bears large crops. Valuable market sort.

JONATHAN Medium, pale yellow, nearly covered with brilliant stripes of lively red; flesh white, juicy, spicy, sub-acid, fine grained, rich. Tree a slender grower, very productive. An excellent fruit and favorite market variety.

STAYMAN'S WINESAP. An improvement over the Winesap. The fruit is large, and is much more prolific than the Winesap, which it resembles in color and flavor. A fine apple.

MAMMOTH BLACK TWIG. A large, dark red apple. Tree is a very good grower and very productive. A good market variety.

DELICIOUS. A remarkable variety introduced in the West several years ago, where it is being largely planted and rapidly taking first rank both for commercial and home orchards. No new variety has ever so quickly gained popularity in so many different sections. Fruit large, nearly covered with brilliant dark red; flesh fine grained, crisp and melting, juicy, with a delightful aroma; of very highest quality. A splendid keeper and shipper. Tree one of the hardiest, a vigorous grower, with good foliage. A regular annual bearer.

ARKANSAS BLACK. A fair-sized, winter market apple. Color, beautiful maroon. Flesh firm and fine grained. Juicy and keeps well. Tree is a vigorous grower, hardy and productive; comes into bearing quite young.

GRIMES GOLDEN. Greatly prized as a hardy variety, producing annual crops. Medium, roundish oblate; rich golden yellow, with small dots; flesh yellow, juicy, tender, crisp, rich, sprightly sub-acid, with a fine aroma.

PEACHES—The South's Favorite Fruit

Price, 50 cents each; $5.00 per dozen

ARP (Arp Beauty). A very attractive peach, yellow, blushed with bright crimson, flesh firm and juicy, with good flavor. Tree a strong and hardy grower, and bears abundantly. Semi-cling.

RED BIRD. A fine early peach; bright glowing red. Flesh juicy, firm and most delicious peach flavor imaginable. Tree hardy and vigorous.

GREENSBORO. The largest and most beautiful colored of all the early varieties. Double the size of Alexander, ripening at the same time. Flesh white, juicy and good.

CARMINE. Large; creamy white with deep blush; skin tough, but flesh very tender and of fine flavor; prolific bearer. A most profitable and popular variety. Ripens June 20 to July.

CHAMPION. Large; skin creamy white, with red cheeks; flesh rich and juicy. Ripens middle to last of July.

BELLE (Belle of Georgia). Very large; skin white, with red cheek; flesh white, firm and of excellent flavor; very prolific; excellent shipper. Tree of rapid growth. July 5 to 20.

ELBERTA. Too well known to need description. Sure and prolific. Very large. Orange-yellow, more or less covered with crimson. Flesh firm, good quality. Freestone. Seed large. This is the leading commercial variety grown in the South.

HALE. Probably no new peach has ever been introduced claiming to be so much superior in all ways. It averages one-third to one-half larger than Elberta, ripens about five days earlier and is much superior in flavor. Color, a beautiful golden yellow, with deep crimson blush. It has been tested and largely tested in many sections of the country.

INDIAN BLOOD. Large, dark claret, with deep red veins; downy; flesh deep red; very juicy. Middle of August.

MAYFLOWER. This peach is absolutely red all over, even before it gets ripe enough to ship. Carries to market in fine shape and sells well and is the only early peach that is well colored. Inclined to overbear; should always be thinned.

HEATH LATE WHITE. Large; oval; skin creamy white; very seldom with any red; flesh pure white to the stone; juicy and sweet, with good aroma. Very popular for preserving. Ripens beginning of September.

CAPT. EDE. Large, yellow, excellent quality. Tree hardy both in bud and blossom. Said to be an improved Elberta, ripening ten days earlier.

MAMIE ROSS. Creamy white, almost covered with delicate carmine. Mamie Ross is unquestionably the best of this valuable hardy group.

CRAWFORD EARLY. This strain far better than the old Crawford Early and hardier. Large, yellow bright red cheek. Succeeds best in clay soils.

STUMP THE WORLD. Very large round white, with red cheek. Flesh white, juicy and good. One of the best late sorts.

APRICOTS

Price, $1.00 each.

A splendid fruit for Western localities. Should be planted in other sections only for home use. Cultivation same as Peaches. A few should be grown in every orchard. Ripens June and July.

EARLY GOLDEN. Pale yellow; vigorous and prolific. The tree is a very strong grower, hardy, vigorous and productive. Blooms late.

MOORPARK. Very large, orange color, with deep orange red cheek. Flesh firm, quite juicy, rich luscious flavor.

ROYAL. Large roundish, oval, light yellowish orange color. Very rich, highly flavored.

QUINCES

ORANGE. A vigorous grower and immensely productive. The fruit is large, lively orange-yellow, of great beauty and delightful fragrance; its cooking qualities are unsurpassed. Price, $1.00 each.

PEARS

Price, 75 cents each.

KEIFER. Its large size, handsome appearance and remarkable keeping and shipping qualities make it exceedingly profitable for market. October and November.

BARTLETT. Clear lemon yellow with soft blush. Buttery, juicy and highly flavored. A great bearer. One of the favorite varieties.

SECKEL. Small, rich yellowish brown and red. Flesh rich, fine flavor. August.

DUCHESS. Very large, greenish yellow, spotted with russet. Flesh white, buttery, with rich, excellent flavor.

MULBERRIES

HICK'S EVERBEARING. Large, black, sweet, very prolific; fruit several months. Ripe in June, July and August. Price, 50 cents each.
The ability of the Plum to adapt itself to various conditions of soil and climate makes it one of the most valuable fruits. When properly grown and well ripened on the tree the Plum is one of the most delicious fruits.

Price, 75 cents each

ABUNDANCE (Botan). One of the oldest and best known Japanese varieties; hardy and productive. Fruit large, lemon yellow, with heavy bloom; good quality. August.

GOLD. It is larger than Abundance and a heavier fruiter. It is yellow, almost covered with rich purplish red. The tree is an upright grower and very thrifty—resembling Abundance, but a better tree and very hardy.

RED JUNE. Recommended as "by all odds the best Japanese plum, ripening before Abundance." One of the vigorous, upright growers; productive; fair size, vermilion red; pleasant quality. Ripens a week before Abundance. August.

SATSUMA (Blood). Large, globular, with sharp point. Color, purple and red with blue bloom, flesh firm, juicy, dark red or blood color, fine quality; pit very small. Hardy and vigorous grower. August.

WILD GOOSE IMPROVED. Bright red, very sweet and juicy. This strain is superior to old Wild Goose; fruit largest; tree healthier.

Thrive in nearly all sections, preferring an elevated naturally light, dry, retentive soil. The sour kinds need more moisture and will grow in heavier land. They bear better when associated with another variety.

Price, 75 cents each

EARLY RICHMOND. A cherry of medium size, dark red; melting and juicy; unsurpassed for cooking purposes. Trees small and bushy, the hardest of all varieties; uninjured by the coldest winters, and very productive in almost any locality.

ENGLISH MORELLO. Medium to large; deep red. Excellent for cooking; tender, acid and juicy. Tree of comparatively slow growth, dwarfish, forming a round, compact head; adapted to nearly all localities; very productive.

MONTMORENCY. Red, rich, acid, very hardy and productive.

FIGS

The below named sorts succeed well here. Price, two to three

first size, 50 cents each; 12 for $3.00.

BROWN TURKEY. Medium brown, sweet and excellent; very prolific and reliable.

BRUNSWICK. Very large violet; quality good, and productive.

CELESTIAL. Makes large trees; hardy farther north than most other varieties. Small, pale-violet fruit, fine flavored, very early, commencing to ripen in June and continuing two months.

CALIFORNIA PRIVET

The Great Hedging Plant

AMOOR RIVER PRIVET

Conceded to be the best plant for hedging purposes. Remarkable for the beauty of its evergreen foliage and strong, regular symmetrical growth. The foliage is dark green, very glossy and wax-like; hardy everywhere. Remove the unsightly fence and increase the value of your property by planting a California Privet hedge. Does well in all situations and under all conditions. Price: First size, 2 to 3 feet, 15c each; 5 for 50c; $1.00 per dozen; $6.00 per 100. Orders for 50 filled at 100 rates.

Similar in habit to California, but with dark lustrous foliage and more upright habit of growth. Reputed to be harder than the California. Price, first size plants, two to three feet, 20 cents each; $1.50 per dozen; $8.00 per 100.
STRAWBERRIES

Price, postpaid, by mail, 25 for 50 cents; 50 for 75 cents; 100 for $1.25; by express, not prepaid, 100 for $1.00; 500 for $4.00.

AROMA. A good grower and a reliable variety. Berries are of large size, rich in color, with smooth surface and prominent yellow seeds, and a high aromatic flavor.

IMPROVED KLONDIKE. This variety is noted for its large yields of beautiful berries, uniform in shape, rich blood-red in color and having a flavor that is neither sweet nor sour, but mildly delicious.

LADY THOMPSON. Early, strong upright plants, root deeply; many long runners. Thrives in all soils, but best in rich loam or sand. Berries medium to large, regular, glossy pink solid, measty, excellent.

EXCELSIOR. This variety is one of the very best extra early bears yet introduced, and is a vigorous, healthy grower—unusually productive for so early a sort—outyielding other standard early berries two to one, while the fruit averages large, is very handsome and firm.

PREMIER. Very early. Berries are large, beautifully formed, bright red all the way through. A money-maker, producing heavy crops of firm, delicious-flavored, handsome fruit. We endorse Premier strongly.

EVENING STAR. A promising midseason to late. Berries are as large as Aroma; has the shape of Gandy, of which it is a seedling; is more productive. Plants of healthy growth, and a No. 1 variety.

SENATOR DUNLAP. Thoroughly tested and proved one of the best standard varieties wherever tried; strong, hardy, deep-rooted plants; a great bearer of bright, glossy red berries of first class quality.

GANDY. A reliable late variety, berries bright crimson, very uniform in size and shape, large and firm, plants vigorous and healthy.

ST. LOUIS. One of the largest and finest berries grown, and being a heavy yielder as well, steadily is winning its way to a prominent place in the confidence of Strawberry growers. In shape the berry is conical and long, having an obtuse point. In color it is dark, lustrous shade of crimson, and is studded with brilliant, golden seeds, all of which tend to make it one of the handsomest berries.

FALL BEARING STRAWBERRIES

Fall-bearing Strawberries seem to be no longer an experiment, as they are becoming essential all over the country, and are making good every place they have been tested. If these varieties are disbudded, until say August 15 to September 1, and allowed to fruit they will give large quantities of ripe berries until checked by hard freezing. The variety we offer we consider the best.

PROGRESSIVE. This is the strongest growing plant of all the fall-bearing varieties we have seen. The plants are very large and heavily rooted, producing a phenomenal crop of medium to large fruits, of a dark red color both inside and out. Price, 25 for 75 cents; 50 for $1.25; 100 for $2.00, postpaid.
Grape Vines

There is scarcely a yard so small, either in country or city, that room for one to a dozen or more grape vines can not be found. They do admirably trained up by the side of any building, or along the garden fences, occupying but little room and furnishing an abundance of the healthiest fruits. Make the soil mellow and plant the vines somewhat deeper than they stood in the nursery. Plant about eight feet apart, by the fence or building. For vineyard, make rows eight feet apart, six to ten feet in rows. Grapes are ornamental as well as fruitful. Plant them wherever you have a place where vines can be tied. You can plant them against buildings, over arches, on trellises, etc. These vines grow fast, they have large leaves, and make welcome shade in summer. Price, 40 cents each; $4.00 per dozen.

AGAWAM. Berries very large, with thick skin, pulp soft, sweet and smartly, very vigorous, ripens early. Red.

BRIGHTON. Large compact bunches, rich wine color, tender and almost seedless, sugary, juicy and rich flavor. Having thick foliage, it is enabled to withstand the heat of summer. We recommend this variety for vineyard or garden.

CONCORD. The old standby. A large purple grape, moderately sweet and juicy; hardy, productive and adapted to almost any soil.

DELAWARE. Bunches small, compact, shouldered. Berries rather small, round, skin thin, light, red. Flesh very juicy and without hard pulp. Flavor sweet, spicy, delicious.

NIAGARA. Bunch medium to large, compact, sometimes shoulder ed. Berries large, skin thin but tough, pale green at first, changing to pale yellow when full ripe, with a thin whitish bloom. Flesh slightly pulpy, tender and sweet. It has a musky odor which disappears when fully ripe. Ripens with Concord.

WORDEN. A splendid grape of the Concord type, larger, better quality and earlier. Vine vigorous, hardy and productive. Black.

MARTHA. Bunch and berries large, when fully ripe a light golden yellow; juicy, tender, sweet. One of the most satisfactory white varieties.

MOORE'S EARLY. Bunch large, berry large round, with heavy bloom, vine exceedingly hardy. Its earliness makes it desirable, succeeds admirably in the South. Blue black.

DIAMOND. The leading early white grape, ripening before Moore's Early. White, with rich yellow tinge. Fine variety for home garden.

WYOMING RED. A red grape resembling the Delaware in color and flavor, but much larger.

SCUPPERNONG GRAPES

This variety is purely Southern, and is of no value to the Northern or Western States. The vine is free from all diseases; fruit never decays. Plant twenty to thirty feet apart in rows. Train on an arbor or trellis and never trim. The product is very large and cultivation reduced to simple form. Price, two-year-old vines, 60 cents each.
St. Regis Raspberry

berries in generous quantity until the ground freezes. Unlike most other Raspberries, it yields a moderate crop of berries the first season if planted in early spring. St. Regis sends up suckers or young plants excessively, and unless these are kept down (to a single row of plants or three to four plants to the hill), with hoe or otherwise, treating the surplus ones as weeds, the crop of fruit will be small, both in quantity and size of the berries. Price, $1.50 per dozen; $7.50 per 100.

THREE BEST RASPBERRIES

This fruit comes in just after Strawberries, and when properly cultivated is quite prolific. Plant on strong soil, fertilize freely, and mulch heavily. Pinch off canes when three feet high, tie up and cut out old wood each year. Price, six for 75 cents; 12 for $1.25; $7.50 per 100.

THE GREAT COLUMBIAN RASPBERRY. Hardy and vigorous, often growing eight to ten feet in a season, and standing any degree of frost and drouth. It is propagated by tips, and its productiveness is most astonishing. We know of no variety that can compare with it. The berries are large, dark purple, firm as to texture, with an agreeable, pure, rich flavor, which is brought to its highest flavor when canned or cooked. The most prolific of any sort known, the fruit fairly hanging in masses. A row or hedge of it is a sight to behold.

CUTHBERT RED. Scarlet crimson, large, conical, handsome, firm and juicy. Canes are strong, vigorous, upright and hardy. The best and most widely planted red Raspberry for home gardens.

CUMBERLAND. A healthy, vigorous grower, throwing up stout, stocky well branched canes that produce immense crops of magnificent berries. Fruit very large, firm, quality about same as Craig, keeps and ships as well as any of the blacks. The most profitable market variety. Mid-season.

DEWBERRY VINES

The Dewberry is closely related to the Blackberry, but larger and much earlier. Some remarkable profit-records have been made with the Dewberry where there is a demand for an earlier and larger berry than the Blackberry.

LUCRETIA. The Lucretia is the best of all the Dewberries, glossy black, very large, coreless, juicy and sweet. The vine is vigorous and spreads over the ground. Fruit ripens about ten days or two weeks before the Early Harvest Blackberry. Price, six for 75 cents; 12 for $1.00.

BLACKBERRIES

EARLY HARVEST (Very Early Blackberry). The Early Harvest is the very first Blackberry to ripen. Fruit medium size, roundish, oblong, flesh is soft, juicy, mild, pleasant, tender and very good. The vine is vigorous, upright and hardy.

ELDORADO (Mid-Season Blackberry). The Eldorado is a large, oblong, conical berry; small seeds and core; flesh tender, sweet and juicy. Jet black color when ripe. Vine is upright, hardy, vigorous and productive.

SNYDER. One of the hardest, most dependable Blackberries. Good quality, good size, good shipper. Can always be depended upon. Price, six for 75 cents; 12 for $1.25; 100 for $7.50.

LOGAN BERRY

This is getting to be a very popular fruit. It can be grown anywhere that the temperature does not go much below zero. It makes a bush like a black Raspberry, but much larger and ranker. The canes will often grown 15 feet long in a single season. The yield is enormous, where the climate is favorable, and the berries are delicious. Very large, deep red and very juicy. Price, six for $1.00; 12 for $1.75; 100 for $12.50.
VESTAL'S ASTERS

GIANT CHRYSANTHEMUM FLOW-ERED. We offer four of the most distinct colors separate, also choice mixed. Pure white, light blue, dark blue, rose. Price, 10 cents; three packets for 25 cents; six packets for 45 cents. Mixed colors, including all of the above and many other colors. Price, 10 cents.

QUEEN OF THE MARKET. The best of the extra-early varieties, fully two weeks ahead of all the others. Flowers quite large and double. Mixed colors. Packet, 10 cents.

AMERICAN BRANCHING. The best all around Aster. In their full glory in September. The flowers are big balls of color, often 4 inches across, always on long stems, fine for cutting. Mixed colors. Packet, 10 cents.

AMERICAN BEAUTY. One of the most beautiful Asters of recent introduction. Of very vigorous habit, producing large perfectly double flowers on long stems. The color is the "American Beauty" brilliant rosy crimson. Packet, 10 cents.

ASTER MUM. Well named because the haggy flowers are really more like Chrysanthemums than Asters. Plants are branching with long stems but rather dwarfer than the Comet type. Mixed colors. Packet, 10 cents.

GIANT BRANCHING COMET. Shape differs from all others, resembling the Japanese Chrysanthemum. The flowers are from 3 to 4½ inches in diameter, perfectly double, on long stems. Plants grow 18 to 24 inches high. One of the very best. Mixed colors. Packet, 10c.

NEW GIANT CREGO. Strong, well branched plants, 2 feet high, large double flowers, on long stems, petals irregularly curled and twisted. Very fine. The longest keeping cut flower. Mixed colors. Packet, 10 cents.

NEW DAYBREAK. Called forth more admiration at our trial grounds last year than any other Aster. The dwarf, sturdy, compact plants were literally bouquets of big double round balls. Uniform compact habit. Unsurpassed for borders. Mixed colors. Packet, 10 cents.

OSTRICH PLUME. A very fine type of Giant Comet, having very long, irregularly twisted petals, producing a plumelike effect. Flowers very large, on long stems; fine for cut flowers. All colors mixed. Packet, 10 cents.

AMERICAN BRANCHING

CAUDATUS. "Love Lies Bleeding," long, drooping, blood red panicles, very easily grown. Packet, 10 cents.

TRICOLOR. "Joseph's Coat"; very brilliant colors-like foliage, the red, yellow and green beautifully blended. An exceptionally fine strain. Packet, 10 cents.

SALICIFOLIA. "Fountain Plant"; willow-leaved, graceful red and yellow foliage. Packet, 10 cents.

SWEET ALYSSUM

LITTLE GEM. Dwarf, neat, compact habit. Blooms from early spring to frost. Excellent for bordering beds or walks; also desirable for hanging baskets or vases. Flowers white, fragrant, completely covering the plants. Packet, 10 cents.

AMARANTHUS

March 10, 1923.
Jos. W. Vestal & Son.
Little Rock, Arkansas.

Gentlemen: I want to thank you for the extra plants. They were all in such splendid condition, and I am delighted with them. I fully intend giving you all of my orders in the future and induce my friends to do the same.

Respectfully,
MRS. L. T., Coushatta, La.

American Branching Aster
ANTIRRHINUM OR SNAPDRAGON
Without question one of the most desirable flowers for general culture. They come in a great variety of colors and are equally good for bouquets or for mass planting. They are biennials but can be handled as annuals, also. When sown early inside they bloom in July and then until frost. If covered slightly they will come through the winter nicely and bloom abundantly the second year. For very early flowers start in the house and transplant outdoors when weather is favorable. Finest mixed colors.
Packet, 10 cents.

BACHELOR'S BUTTON
RAGGED ROBIN, CORNFLOWER, OR BLUE BOTTLE. One of the most popular and desirable of old-fashioned garden annuals. Bachelor's Button and Baby's Breath make a most beautiful bouquet. The plants reseed. Packet, 10 cents.

BLANKET FLOWER
Packet, 10 cents.

DOUBLE BALSAAM
A most beautiful annual, commonly called "Ladies' Slipper" and "Touch-Me-Not," forming a neat symmetrical tree-like plant, and a profusion of double and semi-double wax-like flowers, in the most brilliant colors. They are of easy culture, but don't plant the seed before the soil is quite warm, as they are rather tender. A fine mixture of Spotted Camelia and rose flowers. Packet, 10 cents.

CALENDULA
SCOTCH MARIGOLD
One of the best and showiest free-flowering hardy annuals, growing in any good garden soil, producing a fine effect, in beds or mixed borders; particularly bright in late fall, continuing in bloom from early summer until frost; valuable also for pot culture, blooming in winter and spring. Richest yellow and orange. LEMON KING, Lemon-yellow. ORANGE KING. Rich dark orange.

COLEUS
One of the most beautiful of our variegated foliage plants. Fine hybrids. Pkg., 15 cents.

CALIFORNIA POPPY
ESCHSCHOLTZIA MIXED. The State Flower of California and one of the most attractive annuals for beds, edging, or massing. The finely cut foliage with the mass of bright colored flowers makes a most beautiful sight. Bloom from June until frost. Packet, 5 cents.

NEW GEISHA. The flowers, like little silken flags, are exquisitely fluted, the inside of the petals are golden yellow, the outside orange-crimson, glistening in the sunlight.

CALLIOPSIS
One of the leading plants for the flower garden, a very showy border, producing flowers in nearly every shade of orange, crimson, red and brown, on long wiry stems, fine for cutting. Packet, 15 cents.

CANDYTUFT
One of the most useful and popular annuals. Completely covered with clusters of flowers that are esteemed for bouquets. Also grown as border plants. Sow early in the spring.
GIANT HYACINTH. Very large, bold spikes of pure white flowers. Pkt. 10c. MIXED, including all colors, packet, 10 cents.

Baby's Breath
GYSOHILA. Very easily grown annuals, 12 to 15 ins. high. The flowers are pure white, very small star-like, and produced in feathery sprays. Always useful for combining with other flowers in bouquets or small vases for table decoration. Packet, 10 cents.
CARNATION PINKS

DOUBLE MARGUERITE. These lovely, fragrant Carnations produce fine double flowers from seed sown in the garden early in the spring. The plants begin to bloom in about four months. When well started, the young plants should be transplanted to stand twelve inches apart. They are quite hardy, flowering the first season until late in the fall and can be potted for winter blooming. Mixed colors. Packet, 10 cents.

GIANT CASTOR BEANS

ZANZIBARIENSIS. Strong, sturdy growing tropical-like plants, having ornamental greenish-bronze foliage, desirable as center plants for Canna beds and to hide unsightly places. Ground moles may be kept away by planting Castor Beans. Packet, 5 cents.

CHINESE WOOL FLOWER

CELOSIA CHILDSSII. Distinct form of plumed Celosia. Plants average 2 feet in height, branching freely, each shoot bearing beautiful ball-shaped flowers of surplish crimson color, resembling the flowers of Amaryllis. Flowers profusely during summer and fall, flower-heads retaining full beauty and color until severe frost destroys them. A novelty of great merit. Packet, 10 cents.

CELOSIA (Ostrich Plume) MAGNIFICA. A splendid plumes variety. Plant of pyramid form, bearing many exceedingly graceful, feather-like spikes of intensely brilliant crimson and yellow. Height, 2 to 3 feet. Packet, 10 cents.

COCKSCOMB

CELOSIA CRISTATA. Very showy yellow and crimson annuals. Extra large, velvety flower-heads or combs. Very easy culture. Cut when partially opened and Hang in a dark closet to dry for winter decorations. Dwarf, large-flowering type. Packet, 10 cents.

ANNUAL CHRYSANTHEMUM

PAINTED DAISY. Easy growing annuals forming pretty bushy plants with a profusion of showy single and double flowers. Petals beautifully painted. Packet, 10 cents.

VESTAL'S COSMOS

EARLY LARGE FLOWERING. This we consider the most desirable type to plant in the North, as it begins to bloom in August, continuing until killed by frost. The flowers are quite large, although not quite up to the late giant class. Mixed colors including white, pink, and bright red. Packet, 10 cents.

LATE GIANT FLOWERING. Flowers of immense size, larger than the early flowering, beginning to bloom in September. The best where the season is long, but not satisfactory north of Ohio. Mixed color. Packet, 10 cents.

DOUBLE CRESTED COSMOS

This new type of Cosmos is unique and exceedingly pretty. The flowers of large size, with fully double centers and an outer row or crest of broad ray petals. They bloom from September to frost. About fifty per cent will produce double flowers. Packet, 15 cents.

AFRICAN DAISY. Dimorphotheca or Golden Star. Rare and showy annuals from S. Africa; glossy, salmon-orange, large single flowers. The petals glisten in the sun like molten gold; in vivid contrast to the almost black center. Packet, 10 cents.

CHINA AND JAPAN PINKS

DIANTHUS. One of the most popular and satisfactory annuals grown. Of easy culture, comprising a large variety of types and brilliant colors. Japanese or Heddewigii class remarkable for size and gorgeous colors. Many of them deeply fringed. Quite hardy and with protection will winter over and bloom freely in early spring. The mixture contains many varieties of Chinese and Japanese double and single types and colors. Packet, 10 cents.

NOBILIS or "Royal Pink." The very largest flowers measure 2 to 3 inches in diameter and are remarkable for their extremely bright colors, in richest shades of red, carmine, deep rose, etc. Finest double and single varieties mixed. Packet, 10 cents.

MIRABILIS or "Marvelous Pinks." Flowers large, 2 to 3 inches across, petals deeply cut into fine strips of thread-like fringe. Brilliant shades and colors of both double and single mixed. Packet, 10 cents.

Try Some Dahlias from Seed This Year

DAHLIAS, FINEST DOUBLE. It is now well known that fine Dahlias are grown from seed sown in the spring. Seed started in the house and set out the last of May will be in bloom as soon as plants form roots, and will produce as many fine flowers as finest double, mixed, 25 cents.

DOUBLE CACTUS FLOWERED MIXED. Flowers very full and double, petals curled and twisted, resembling Cactus blooms. Mixed colors. Price, 20c.
EVERLASTINGS OR STRAW FLOWERS

EVERLASTING MIXTURE (For Winter Bouquets). The Everlastings or Straw Flowers are very desirable for winter bouquets, and other decoration during the winter months when flowers are scarce. There are a number of varieties and types, all of which are easily grown from seed. Each packet will include a mixture of the following distinct types: Acroclinium, Gomphrena or Globe Amaranth, Helichrysum, Rhodanthemum, Anemhum and Xeranthemum.

For winter use cut the flowers as they begin to open, with as long stems as possible, remove the foliage, tie in small bunches and hang in a cool dark place to dry, with tops downward to keep the stems straight. Large packet, 10 cents.

HELICHRYSUM

The best known and most desirable of all the everlasting flowers, and becoming much more popular because of the great improvement in recent years. The Monstrosum, or large double, is the best type. The plants grow 2 to 3 feet high, and are literally covered with these large, double, brilliant colored flowers, in white, pink, yellow and scarlet. The illustration well shows their beauty of form. Packet, 10 cents.

GOLDEN FEATHER

PYRETHRUM AUREUM. The golden yellow foliage makes it a very attractive border or bedding plant. Dwarf and compact with pretty white flowers. It is half hardy, but treat like an annual. Packet, 5 cents.

FOUR O'CLOCK

MARVEL OF PERU. One of the most popular and desirable annuals, of the easiest culture. Fine for hedging between the lawn and garden, or along drive-ways. Produces a dazzling effect. Packet, 10 cents.

KOCIA OR FIRE BUSH

THE NEW GIANT (Summer Cypress, Burning Bush). A charming and most effective decorative plant, with a habit much resembling one of the compact evergreen shrubs. It has a light grass-green feathery foliage, which changes as the summer advances to a rich crimson. The plants may be grown as single specimens, or as an ornamental hedge. Packet, 10 cents.

LARKSPUR

ANNUAL. Quick-growing, free-flowering annual, producing its long clustered spikes of beautiful flowers in the greatest profusion. Splendid for the old-fashioned flower or shrub border. A splendid mixture, including Emperor, Hyacinth-Flowered, Dwarf Rocket, Candelabra, etc. Packet, 10 cents.

JOB'S TEARS

COIX LACHRYMAE. The seed is frequently used as an old-fashioned remedy for sore throat and teething babies. The seed is strung on a linen thread and worn around the neck as a chain. Packet, 10 cents.

LOBELIA

CRYSTAL PALACE. Charming, compact little bushes six inches high, fairly sheeted with bloom throughout the season. Highly desirable for edging and ribbon bedding, as well as for pot culture. Deep blue flowers. Packet, 10 cents.

MIGNONETTE (RESEDA) SWEET

This annual is an old-time favorite and with the introduction of new types it is one of the most generally grown flowers for fragrant bouquets, bedding and pot culture. For a continuous supply of bloom sow seed early in spring and again in mid-summer. Each packet will contain a mixture of several varieties. Packet, 10 cents.

MOURNING BRIDE

SCABIOSA. The Sweet Scabiosa of the old-time garden, but in every way improved. The blooms are perfectly double, fragrant, handsome and elegant, the colors ranging from pure white to nearly black. Makes a grand cut flower. Attracts butterflies to your garden. Two feet high. Packet, 10 cents.

VESTAL'S MARIGOLDS

AFRICAN TALL DOUBLE MIXED. Taller than the French, and the flowers are larger. Two feet. Price, package 10 cents.

ORANGE PRINCE. A high-bred tall-growing variety, bearing large, perfect double-quilled flowers of a rich deep golden-orange, a single plant often having 50 or more splendid flowers at once. Packet, 10 cents.

LEMON QUEEN. A counterpart of Orange Prince except in color, which is a soft lemon-yellow, and forming a fine contrast to the rich orange of the former. Packet, 10 cents.

CENTAUREA

IMPERIALIS. "Royal Sweet Sultan." Most beautiful of the Centaurea family. The beautiful, large, fragrant, artistic shaped flowers are borne on long stems throughout the entire summer and fall. When cut will last for several days. Packet, 10 cents.
Vestal's Beautiful Sweet Peas

OUR NEW MIXED SWEET PEAS. This surpassing mixture includes the very finest and most distinct varieties now in cultivation. No strain offered will give better results and all who buy will be more than pleased.

VESTAL'S SPECIAL BLEND SPENCER SWEET PEAS

If planted now they will blossom forth in a riot of brilliant beauty during May and June. Among recent Sweet Pea novelties there has appeared nothing finer than the new race of Orchid Flowering or Countess Spencer Peas. They are distinguished for their gigantic size—usually measuring two inches across. The bold, erect standards, which are uniformly waved, crimped and fluted in exquisite fashion, the charming blending of harmonious colors, the exceedingly long stems, which make them excellent for cutting; the great profusion of flowers and the large number on the stems, usually three or four, makes this type so superior in every way that we believe it is certain to supersede the old varieties. The Sweet Peas in our SPECIAL SPENCER BLEND are made up of the finest named Spencer varieties and range in color from the purest white to shades of pink, lavender, blue, yellow, and crimson, and are just the kind to make your garden a success. It is the very best blend possible to produce and will surely delight all who want a great variety of colors. Price, per packet of 110 to 125 seeds, 20 cents; per ounce, 40 cents, postpaid.

VESTAL'S "PRIZE" MIXTURE OF GRANDIFLORA, OR LARGE FLOWERING SWEET PEAS

This superb mixture is our special pride. During the several years we have sold it, it has been our constant aim to improve and perfect it. The different kinds and sorts contained in this mixture are grown separately, so that we have an opportunity to choose only the largest and most beautiful varieties. These we mix ourselves in proper proportions for the most brilliant effect. It embraces the finest American and Eckford varieties, as well as the latest novelties, and will produce a great abundance of giant flowers of beautiful colors. Some are edged, mottled, blended, flaked and striped. Without exception this is the very finest mixture it is possible to make. We recommend that our customers buy these seeds by weight and plant liberally. Price, per packet, 10 cents; ounce, 20 cents; pound, $2.00.

HARDY SWEET PEAS

These are useful for covering walls, stumps or trellises. The large clusters of flowers are far fragerant like ordinary Sweet Peas. The plants will live for years. Price, per packet, 10 cents; oz., 50 cents.

SALVIA

The Salvia is now a standard bedding plant, and well deserves its honor. Seed is best started under glass, though a s e l f - l o w n s e e d frequently comes up in great numbers where a bed of these plants has been the previous year. SpELENDES. Large, scarlet: exceedingly showy and useful for cutting and for ornamental beds. Price, per packet, 10 cts.

NEW SALVIA "SCARLET DRAGON" OR FIREBALL

A new dwarf, extra early flowering variety. The plant itself rarely grows over a foot high, while the erect spikes of brilliant scarlet flowers average a foot in length, making the total height of the plant when in full bloom between 20 and 24 inches by about the same in diameter. This new variety is most highly valued because it begins to bloom many weeks before the older sorts; continues a veritable "ball of fire" throughout the summer and fall. Price, per packet, 20 cents.
Vestal's Brilliant Nasturtiums

Nasturtiums require so little care and bloom so freely that there is no reason why every housewife should not pick a nice fresh bouquet every morning. Don't buy just a packet of Nasturtium. Buy the seed by the ounce or quarter-pound and plant a good long row. You can never have too many flowers. If you can't pick them all, give your neighbors to help you. Plant some of the separate colors and the newer varieties. You will be delighted with them.

NEW GIANT FLOWEDED TALL

Usually used for arbor or trellis planting but do equally well for mass planting without support. On a trellis they will grow to a height of 6 to 10 feet. This mixture contains all the varieties named of giant flowered Nasturtiums, besides a number of new varieties not named or described. For size of flowers and coloring, nothing can surpass these. This mixture is absolutely unexcelled. Price, 10 cents; 25 cents per ounce.

SPECIAL MIXTURE OF DWARF NASTURTUMS

The dwarf varieties are excellent for borders, along paths, and for pot culture. They grow to be about a foot high and are in constant bloom. This mixture contains many different varieties of dwarf, or 'Tom Thumb' Nasturtiums. Both this mixture and the "Special Mixture" of Tall Nasturtiums include varieties having blooms of a velvety texture new to the species, and some showing odd colors heretofore unknown. Price, 10 cents; 25 cents per ounce.

PORTULACA (ROSE MOSS OR SUN PLANT)

For brilliant coloring, nothing can excel a bed of Portulaca, with its silky flowers glistening in the sunlight. It is very easily grown and no bedding plant equals the Portulaca for places exposed to the hot sun or morn. Very pretty edgings for beds of taller plants.

LARGE FLOWERING DOUBLE. As double as Roses, and comprising many brilliant colors. Seventy-five per cent should produce perfect double flowers. Packet, 10 cents.

LARGE FLOWERING SINGLE. Unsurpassed for carpet bedding where a brilliant effect is desired. Packet, 5 cents.

VINCA ROSEA (Madagascar Periwinkle)

Ornamental free-blooming plants. Seed must be sown early and plants will bloom first summer. Can be taken up in fall like Chrysanthemums, then potted and kept in bloom through winter. ALBA White, with rose eye. Price, per packet, 10 cents.

ALBA PURA. Pure white. Price, per packet, 10 cents.

ROSEA. Rose with dark eye. Price, per packet, 10 cents.

MIXED. Price, per packet, 10 cents.

NEW GIANT SINGLE PETUNIAS

GIANT FRINGED MIXED. In great variety of color and with deeply fringed and ruffled edges. Price, per packet, 15 cents.

BLOTCHED AND STRIPED. A very fine strain, flowers beautifully blotched, striped and marked. Price, 10 cents.

VENOSA, OR VEINED VARIETIES. Flowers of delicate shade of pink and white, veined from the throat to the edge of the petals. Price, per packet, 10 cents.

FAVORITE STAR. All shades of rose, crimson and magenta, strikingly marked with a bold clear-cut white star. Price, per packet, 10 cents.

ROSY MORN. The flowers are of a most pleasing shade of light carmine pink, free from any objectionable purple shade. This is the popular pink bedding Petunia that is so much admired in porch boxes. Packet, 10 cents.

PURE WHITE. Fine, pure white flowers. Price, 10 cents.

FINE MIXED. Price, per packet, 10 cents.

PETUNIAS

DOUBLE PETUNIAS. Seed of the double varieties of Petunias is very hard to obtain. Price, per packet, 10 cents. These are fine imported seed which will produce a large percentage of double flowers of the largest varieties in bright colors and tints. Price, per packet, 25 cents.

Jos. W. Vestal & Son.
Little Rock, Arkansas.

Gentlemen: The plants ordered by me on March 14th have been received and permit me to thank you for the good judgment and care exercised in packing and crating them.

Very respectfully,
T. B. Cooper, Tex.

VESTAL'S PANSIES

FINE MIXTURE OF GIANT PANSIES (Maxima Mixture). In this we offer you the finest mixture of pansies yet produced. The flowers are all giant, exquisitely veined, shaded and blotched, embracing all colors known in pansies and many new shades. The variety is endless, so that in a large bed no two plants have flowers alike. Price, 25 cents.

NEW ENGLISH PANSIES, ENGLISH PRIZE. This mixture is saved from the finest prize collection of Pansies in England. The size of the flowers and brilliancy of coloring can not be described. Price, 25 cents.

NEW MAMMOTH MIXTURE. Our own mixture of the best varieties, and in it you will find every color, in flowers of good size and most prolific in bloom. Each year this mixture is improved by having newer imported varieties added. Packet, 10 cents.
PHLOX DRUMMONDI

It occupies a first place as a garden annual, being one of the most brilliant and at the same time one of the easiest and most satisfactory plants, which can readily be grown from seed. It will grow and thrive in any kind of soil if given a sunny position, but prefers a light, rich loam. Seed may be sown in the open ground any time after danger from frost is past, and in a few weeks they are in a sheet of bloom, remaining so until frost. They may be used in a variety of ways, such as a carpet to beds of Roses, in beds or borders, that they show to best advantage. Price, 10 cents; two packets, 15 cents; five packets, 40 cents.

CARNEA. Delicate rosy-flesh color.
SNOW STORM. Large flowering, pure white.
GLOWING CRIMSON. Beautiful shade of brilliant crimson.
BRILLIANT ROSE. True bright pink.
COCCINEA. Bright scarlet.
GOLDEN GLOW. Beautiful rich yellow.
VIOLET. Dark violet or purple.

STARRIED AND FRINGED PHLOX. Most distinct and striking. The flowers have a star-like appearance, white margins border the edges of the petals. Price, 10 cents.

PHLOX GRANDIFLORA, MIXED

We believe the Grandiflora mixed to be the grandest strain ever introduced. It grows neat and compact; flowers of uniform size, produced in greatest profusion. The colors embraced in this mixture show a wonderful diversity comprising 28 distinct shades and markings. Price, 10 cents; seven packets, 60 cents.

VESTAL'S ZINNIAS

No flowers are more easily grown from seed in the open ground, and few bloom so continuously throughout the entire summer. Those acquainted only with the old-time Zinnias will be surprised at the perfection to which the newest strains have attained.

ZINNIA

New Dahlia Flowered. This is a new and distinct race of Zinnia, which will greatly increase the popularity of this flower. The plants of this new race are very sturdy and produce many flowers with stout stems. In formation the broad petals are closely imbricated, sometimes seeming almost to be piled one upon the other. The flowers in full bloom often measure 4 inches in depth and 6 to 8 inches in diameter. In general appearance, the flowers compare favorably with the Snowy Dahlias. Price, 25 cents.

NEW GIANT ZINNIA PICOTEÉ. This novelty is the most attractive thing in all the race of Zinnias. The flowers are of the Giant type, each petal distinctly tipped with a darker shade as in Picoteé Carnations. They come in a variety of colors, including orange, flesh, lemon, pink and cerise, each with the peculiar marking on tips of petals. We offer in mixture only, cannot supply separate colors. Picoteé Mixed, packet, 25 cents.

MAMMOTH FLOWERED ZINNIAS

MAMMOTH PINK. The largest and handsomest Zinnia known; flowers are deep pink; very striking. Price, 10 cents.
MAMMOTH SNOW QUEEN. Very large pure white flowers, which are fine for cemetery lasting. Price, 10 cents.
MAMMOTH GOLDEN QUEEN. Large flowers of pure, clear lemon yellow. Price, 10 cents.
MAMMOTH CRIMSON JACQUEMINOT. Large flowers of velvety texture and rich crimson shade; extra fine. Price, 10 cents.
MAMMOTH MIXTURE. A mixture of the large-flowering type in which are the white, yellow, gold, scarlet, crimson and purple. Price, 10 cents.

SPECIAL OFFER. One packet each of the Five Mammoth Zinnias for 40 cents.

OTHER TYPES OF ZINNIAS

CRESTED AND CURLED. Curiously twisted petals, giving the flower the appearance of a small Chrysanthemum. Price, 10 cents.
BUTTON, RED RIDING-HOOD. This little gem grows but a foot high; of compact form, and covered the entire season with little button-like intense scarlet, very double flowers not over an inch across; as a border it is highly effective. Price, 10 cents.
If it were possible, it would seem to us that Verbenas are becoming more popular every year. The plants thrive in any good garden soil, and if grown from seed are much more vigorous than if started from cuttings. Verbenas will flower perfectly from seeds.

MAIL US YOUR ORDER NOW.
DO NOT DELAY, AS WE ARE ANXIOUS FOR YOU TO HAVE A BEAUTIFUL GARDEN.

VESTAL'S MAMMOTH MIXTURE. This is a fine mixture of the mammoth flowered Verbenas which will produce heavy trusses of bloom in which the individual florets are of unusual size. The colors are all that are known in the Verbenas family. Price, per packet, 10 cents.

SPECIAL OFFER. One Packet each of the Six Mammoths for 50 cents.

POPPIES

DOUBLE AND SINGLE. For a brilliant dazzling effect plant lots of Poppies. Sow the seed early in the spring, where they are to bloom, as they cannot be transplanted. For a long season of bloom make some later sowings. We offer them only in our grand mixture and many types of colors. Packet, 10c.

SHIRLEY, SILK OR GHOST. The beautiful satiny flowers range in color from delicate shades of rose, apricot, salmon-pink and blush to glowing crimsons, all with white centers. Packet, 10 cent.

"FLANDERS FIELDS." The native single scarlet Poppy that covered the battle-fields of France and Belgium. Packet, 10 cents.

VESTAL'S DOUBLE PAEONY FLOWERED POPPY. Immense large double flowers resembling Paeonies. Deep coral pink color, on long stiff stems. This is an improved variety from California. Price, per packet, 15 cents.

BURBANK'S SHASTA DAISY

In growth the plants are as strong as a common field Daisy—very tall—weil branched, with fine-cut foliage and huge white flowers, borne in profusion on long, stiff stems. The flowers are pure white with gold center; petals very long and center soft and velvety. Price, 15 cents.
Beautiful Climbing Vines

Nothing adds more to the attractiveness of the home ground than a well chosen selection of climbing vines.

BALLOON VINE (Cardiospermum) “Love in a Puff.” A graceful climber of rapid growth, having light green foliage, and balloon-like seed pods. Packet, 10 cents.

CANARY BIRD FLOWER. A pretty vine, with beautiful cut foliage, and delicate canary-yellow flowers, not unlike little birds with spreading wings. Packet, 10 cents.

CARDINAL CLIMBER. The New Hybrid Cypress Vine, a distinct and valuable novelty. A strong, rapid climber, with dark green, fern-like, deeply lacinated foliage, and clusters of tiny cardinal-red flowers 1½ inches in diameter. Succeeds best in a warm, sunny situation. Packet, 15 cents.

CYPRUS VINE. Delicate fern-like foliage, and pretty, star-shaped flowers. Climbs six to eight feet. Packet, 10 cents.

HYACINTH BEAN. A rapid climber, with dense foliage suitable for screens, and long spikes of showy flowers. Packet, 10 cents.

IPOMEA, HEAVENLY BLUE. A very rapid climber with clusters of immense bright sky-blue flowers. Very beautiful, and always attracts attention. Early and constant bloomer. Packet, 10 cents.

BALSAM APPLE. Round, apple-shaped fruit, with very fine glossy green foliage. Many consider the Balsam Apple to be a prettier climber than the Balsam Pear. Price, 10 cents.

BALSAM PEAR. The same as Balsam Apple in every particular except the fruits, which are six inches and over in length and beautifully colored. Fine medicinally. Price, 10 cents.

COMMON MORNING GLORY. Needs no description. All the finest colors mixed. Packet, 10 cents.

ORNAMENTAL GOURDS. Rapid climbing vines, and many varieties of interesting little gourds for the children. Packet, 10c.

WILD CUCUMBER. Rapid growing climber reaching about 30 feet in one season. Has beautiful clusters of sweet scented flowers, with ornamental prickly seed pods. Price, 10 cents per pkt.

CLIMBING MIXTURE. A mixture of all the above varieties. Large packet, 10 cents.

Old Fashioned Hardy Garden Perennials

Our Grandmothers' gardens always contained an assortment of these old garden varieties. The following list contains about all of the popular easy-growing varieties.

Why not start a hardy garden this year?

AQUILEGIA (Columbine). Splendid hardy perennials, with graceful spurred flowers in many colors. Choice mixed varieties including the new long spurred hybrids. Will succeed in shady places. Packet, 10 cents.

CAMPANULA ( Canterbury Bell). Well known old garden favorites. Showy, large "bell-flowers" in great profusion in June and July. Packet, 10 cents.

COREOPSIS (Lanceolata). Large golden yellow single, fringed flowers, in greatest profusion. On long wiry stems, fine for cutting. Packet, 10 cents.

BURBANK'S SHASTA DAISY. Large, single, pure white daisy-like flowers, three inches or more across. Blooms on long stems, from June to September. Packet, 15 cents.

DELPHINIUM (Hardy Larkspur). Immense spikes of beautiful flowers, in shades of blue. Packet, 10 cents.

DIGITALIS (Foxglove). Tall, stately spikes of flowers in white, pink, rose, some mottled. They make excellent cut flowers for tall vases. Should be in every garden. Packet, 10 cents.

GALLIARDIA GRANDIFLORA. These long stemmed beauties, shades of red and yellow, bloom from June to October. Perfectly hardy. Packet, 10 cents.

HOLLYHOCK (Choice Double). Old-fashioned, tall, dignified flowers for background planting. Finest double white, pink, yellow and crimson mixed. Packet, 10 cents.

HOLLYHOCK (Extra Large Flowering Single). Many consider the single flowered the most beautiful. We have an exceptionally fine strain. Packet, 10 cents.

ORIENTAL POPPY. For gorgeous coloring the Oriental Poppy has few rivals. Immense single glowing scarlet flowers, with black blotch at base of petals. Packet, 10 cts.

SWEET WILLIAMS. These make splendid hardy border plants or for mass bedding. A gorgeous display when in bloom, comprising many brilliant colors. Packet, 10 cents.
General List of Vestal’s Superb Flower Seeds

AQUILEGIA (Columbine). Finest mixed. Price, 10 cents.

ABUTILON (Flowering Maple). Free flowering plant with various colored, beautifully drooping bell-shaped flowers. Mixed, 10 cents.

ALLEGHENY VINE. A graceful hardy climber; the feathery foliage closely resembles that of the Maiden Hair Fern, the flowers are tube-shaped, flesh-colored and completely cover the plant. Price, 10 cents.

SCARLET RUNNER. One of the best climbers known. As easy to grow as a garden bean. Vines will run from fifteen to twenty feet in a season with a good dark green foliage and long branches of brilliant scarlet flowers shaped like pea blossoms. A most showy bloomer as the scarlet flowers are succeeded by dark purple seed pods. Price 10 cents.

BRYONOPSIS LACINIosa. A beautiful annual climber, with ivy-like pale green foliage and showy fruit—first green striped white, turning when ripe to bright scarlet striped white. Price, 10 cents.

BROWALLIA. Large sky-blue flowers. Price, 10 cents.

CENTAURAEAS. Cyanus. (Cornflower, Blue Bottle, Ragged Sailor.) Flowers blue, pink or white. Fine mixed, 10 cents.

CENTAURAEAS. Double Cyanus (Double Cornflower). A handsome flower. Mixed, 10 cents.

COBOEA SCANDENS (Cups and Saucer Vine). Price, 10 cents.

CLARKIA. Mixed. All colors. Price, 10 cents.

COWSLIP. (Primula Veris). A beautiful hardy spring flowering perennial; flowers of the different colors such as yellow, brown, and red are all very fragrant. Ten cents.

CLEOME PUNGENS (GIant Spider Plant). Plant grows four to five feet with flowers bright rose color. Seed pods resemble a many-legged spider. Price, 10 cents.

DATURA (Trumpet Flower). Cornucopia (Horn of Plenty). The flowers average eight inches long by five inches across. French white inside, purple outside; fragrant. Price, 10 cents.

DELPHINUM (Annual Larkspur). Candelazrum Mixed, Dwarf and compact in all shades of purple, blue, maroon, pink and rose. Price, 10 cents.

DELPHINUM. Giant Hyacinth Flowered. Mixed, all colors. Price, 10 cents.

DELPHINUM. Double Tall Stock Flowered. Spikes of double flowers eighteen inches long. Several of the brightest and best colors. Price, 10 cents.

FEVERFEW. A free flowering plant, bearing clusters of small double white flowers. Fine for cut flowers. Price, 10 cents.

GODETIA. Choice Mixed. All colors. Price, 10 cents.

HELIOTROPE. Mixed many varieties. Price, 10 cents.

HIBISCUS (Marshmallow). Crimson eye with white centers. Price, 10 cents.

LAVENDER. Very fragrant flowers. Plant too well known for description. Price, 10 cents.

LOVE IN A MIST (Negelia). Compact free flowering plant; hardy annual. Price 10 cents.

LINUM (Coccinum Scarlet Flax). Fine border plant, foliage free flowering, delphinium type, with flowers of scarlet crimson, of long duration. Price, 10 cents.

LOBELIA. Bushy plant with masses of bright winged shaped flowers.

LOBELIA. Graceful. Fine mixed. Climbing variety suitable for boxes and baskets, all shades of blue. Price, 10 cents.

NICOTINA SANDERAE. New Carmine, Tubero-se flowered Tobacco. 10 cents per packet. Grows about two feet high; handsome carmine-red flowers; very fragrant.

PLATYCodon (Hardy Chinese Bell Flower). Flowers are bell shaped and come in all colors. Price 10 cents per packet.

PASSION FLOWER. A very beautiful flowering vine easily raised from seed. Too well known for description. Price, 10 cents per packet.

RUEPEELIANUM. Purple fountain grass, with purple plumes. Price, 10 cents per packet.

LONGISTYLM. Silver-plumed grass. Like the purple-plume grass, only silver white plumes. Price 10 cents.

SUNFLOWER. Russian Giant. Enormous double flowers of deep golden yellow. Price, 10 cents per packet.

SUNFLOWER. Orion. Petals curled and twisted like a Cacti Dahlia; fine for cutting. Price, 10 cents per packet.

SUNFLOWER. Russian Giant. Enormous double flowered type, very fragrant and fine for garden decorations. Annuals, one and one-half to two feet high. Price, 10 cents per packet.

THUNBERGIA (Black-Eyed Susan). Rapid growing Climbers, fine for vases, rustic work and for twining among heavy growing vines. All shades of color. Price, 10 cents.

SCABIOSA (Morning Brides). Maxima Piena. Double large flowered type, very fragrant and fine for garden decorations. Annuals, one and one-half to two feet high. Price, 10 cents per packet.

WILD CUCUMBER. Rapid growing climber reaching about 30 feet in one season. Has beautiful clusters of sweet scented flowers, with ornamental prickly seed pods. Price 10 cents per packet.

DUS'TY MILLER. Silver Leaved Centaurea. Price, 10c per pkt.

WALL FLOWER. Delicious, fragrant flowers on massive spikes. Fine for beds or borders. Price, 10 cents per packet.

WALL FLOWER. Mixed. Price, 10 cents per packet.

Better Than Ever Great “May Day” Sale From May 10 to June 10

Choice Plants at Greatly Reduced Prices. In growing so many varieties of plants in such large quantities we can not anticipate orders and grow just what will be required of each variety to meet the demand. We always want to make sure we have enough of everything, and consequently we usually have a surplus of many of our choicest plants. Now flowers to go out surplus stock at or near the end of the season we have decided to offer them at greatly reduced prices for thirty days after May 10, or from May 10 to June 10. Persons ordering these collections will be surprised at the number and value of the plants they will contain; in fact, were we to lot them up at catalogue prices, you would be getting them at less than half price. We reserve the right to select the varieties we wish to grade for what purpose intended, whether for pot culture or bedding; but unless otherwise ordered, the collection will contain plants for both pot culture and bedding. All orders received prior to May 10th will be forwarded promptly on that date. One Hundred Choice Plants by Express for $5.00. Thirty-five Choice Plants for $2.00.

Note.—Where patrons have no express office we will send the offer of 35 plants by parcel post for $2.35.
Selected Vegetable Plants

This page and the next one tell you how you can have a successful vegetable garden without waiting for seeds to grow. If you buy the plants from us, ready started, you gain over a month, and have a supply of fresh, crisp, choice vegetables for your table almost before you know it. What a joy it is to step out from your kitchen door and gather from your own yard the vegetables you want, in all their original freshness and delicious goodness.

A few Artichokes; some choice Tomatoes; a sprig or two of Parsley—possibly a Cabbage or Cauliflower, and there's your meal. Such vegetables are not dust covered. Not dried and withered. Not stale and unappetizing. Not handled three or four or five times before they reach you. But clean—and palate-pleasing—right from your own garden to your own table.

You don't need a lot of ground in which to grow a home supply. A few square feet of garden is enough. Order a few plants of the varieties you prefer and you will have fresh vegetables at your command all the year round.

When plants like these are so easily grown—and when the cost of living is so high today—we can not understand why every housewife does not grow her own vegetables. The cost of growing is practically nothing—and one can not buy such vegetables as one can pick from one's own garden patch.

ARTICHOKE
This vegetable is well and favorably known throughout the Southern States. The flower heads are used green, cooked similar to Asparagus. Price, 10 cents each; $1.00 per dozen.

ASPARAGUS ROOTS
PALMETTO OR CONOVER'S COLOSSAL. The two most popular varieties of Asparagus. A little corner in your garden planted to Asparagus will give you enough for your needs. $1.00 per dozen; $6.00 per 100.

HORSERADISH SETS
Will grow in any old corner, anywhere. Can be grated fresh as wanted and far better than when bought from most vegetable stands, as a little goes a long way. 50 cents per dozen, postpaid; $3.00 per 100.

RHUBARB ROOTS
You ought to have a few roots of this delicious vegetable in your garden. It is not only a luscious dish—but very healthful and good for one to eat. Contrary to the opinion of some, it is not at all hard to grow. Price, 25 cents each; 12 for $2.50.

CABBAGE PLANTS
EARLY FLAT DUTCH—EARLY WAKEFIELD—LATE PREMIUM FLAT DUTCH—LATE DRUMHEAD—EARLY SUMMER—EARLY ALL-HEAD—SUCCESSION—SURE-HEAD. These are the choicest summer and winter varieties. Field grown. Ready about March or April. We can supply the above varieties of cabbage, field-grown plants, at the uniform price of 50 cents per 100; $4.00 per 1,000.

CAULIFLOWER PLANTS
SNOWBALL. Our leading variety. An extremely large headed snow-white Cauliflower that looks good, keeps well, tastes right. You will be delighted with the Snowball plants. Early transplanted. 50 cents per dozen; $2.00 per 100.

EGG PLANTS
NEW YORK LARGE IMPROVED PURPLE. A choice variety. Easy to grow. Egg Plants are very delicious and very healthful. Pot-grown. Ready about April. Fifty cents per dozen; $4.00 per 100.

CELERY PLANTS
GOLDEN SELF BRANCHING. One of the most satisfactory varieties you can buy. Golden yellow in color with thick, crisp stalks. Pot-grown plants, 50 cents per dozen; per 100, $4.00.

BRUSSELS SPROUTS
This interesting plant bears a stalk perhaps two feet high, closely covered with little buds or sprouts, one to two inches in diameter, which resembles tiny heads of cabbage. Price, 25 cents per dozen; 75 cents for 50; $1.25 per 100.

SUCCULENT COLLARDS
A Form of Cabbage
Extensively grown in the South, where it furnishes an abundance of food for the table. Price, 50 cents per 100; $4.00 per 1,000.

PARSLEY PLANTS
MOSS CURLED. A compact, finely curled variety that never fails to give good results. Parsley is so generally used as a flavoring and as a garnishment that one should have it handy in the garden where it can be picked fresh when required. Per clump, 10 cents; $1.00 per dozen.
TOMATO PLANTS
POT-GROWN TOMATO PLANTS
At a cost of only a few cents any small family can, with very little care and attention, raise sufficient Tomatoes for their every need. All season long a few plants will supply more than can be eaten, and will produce enough to can for winter use, too. The best varieties for table or canning: Ponderosa, Stone, Trophy and Earlna. Ready for delivery in March. We can supply all the leading varieties. Sixty cents per dozen; $4.00 per 100.

PEPPER PLANTS
CHINESE GIANT, SWEET SPANISH, CHILI AND BELL
A dozen plants are more than enough to supply the "pepper" needs of two or three families. Ready for delivery in March or April. Grown in pots. Sixty cents per dozen; $4.00 per 100; out of hotbeds, 25 cents per dozen; $2.00 per 100.

TANSY
Golden-yellow flowers and beautiful sprays of fern-like foliage. Price, 20 cents each.

CATNIP
Leaves and young shoots are used for seasoning. Also used as a mild nerve for infants. Twenty cents each; $2.00 per dozen.

MINT ROOTS
Mint is one of the hardest things to find in most stores. A few roots will supply your wants for mint sauce for a whole year; takes up so little room that every garden should contain some. Ten cents each; $1.00 per dozen.

SAGE PLANTS
Sage is usually wanted when not obtainable. Two or three plants are all that are necessary to give you all the fresh and dried Sage needed. Price, 15 cents per plant; $1.50 per dozen.

ROSEMARY
A popular herb. The aromatic leaves are used for seasoning soups, etc. Price, 25 cents each.

LAVENDER
The leaves are sometimes used for seasoning, but the plant is chiefly grown for its flowers, which are used in the making of perfumes. Price, 25 cents each.

THYME
Used for seasoning. Price, 15 cents each; $1.50 per dozen.

Southern States Evergreen Lawn Grass Seed For the convenience of those of our customers who object to the Bermuda Grass, we have decided to offer them this year Southern States Evergreen Lawn Grass Mixture. A mixture of the best grasses that exist for general planting in the Southern States. Most lawn grass mixtures are of little use in the South, as they burn out in dry summers.

Vestal’s Evergreen Lawn Grass Seed is a well balanced scientific blending of the best American grasses which will flourish under varied and adverse conditions of soil and are by nature adapted to hot, dry climates. It quickly produces a firm, deep velvety and elastic turf and holds its beautiful emerald green color throughout the season.

By using Vestal’s Evergreen Lawn Grass Seed and with some care and attention to watering, an all-the-year-round lawn can be maintained in the Southern States where lawns generally do not thrive. For a plot 15x20 feet, or 300 square feet, use one quart. Price, delivered free, 45 cents per quart; $1.25 for 3 quarts; $3.00 for 6 quarts.
The Beautiful Pink and Blue HYDRANGEA

HYDRANGEA OTAKSA

Produces immense heads of usually pink, but often blue flowers
